STEP 1:

Please read thoroughly and ensure that you pay the application fee on the correct VUT account as indicated.

Comprehensive Web Application Process

Academic Application Process

- If you are a new applicant please continue with your application
- A non-refundable Administration fee of [REDACTED] for application, and certified copies of your identity/passport document, Senior Certificate/National Senior Certificate, Proof of Payment for Administration fee and all other relevant documents must accompany this application
- The Administration fee can be deposited beforehand at ABSA BANK, ACCOUNT NUMBER: 530561945, Branch code: 632005
- In the Reference column, please fill in your ID/Passport Number. NB: Do not use this account number for any further payments at VUT.

Do you already have a student number?

Returning to complete application:

HiddenDo you have a Qualification Specific Token?

Please read and accept the following POPI policy - this must be accepted to continue your application.

Ensure that you read thoroughly the declaration document (POPI Act) and click accept at the bottom to be able to move to the next step.

Vut Application For2016

Zhe Xu

Vut Application For2016:

Redefining Education and Development Kaitano Dube,2024-10-18 The book aligns with the United Nations Sustainable Development Goals SDGs particularly Goal 4 which focuses on quality education It explores the evolving role of education as a critical driver for achieving all 17 SDGs by providing a platform for discussing innovative educational models and theories that foster sustainable development The book takes an interdisciplinary approach merging educational theory developmental practice and human psychology to address complex global challenges hindering sustainable development The book includes case studies and empirical research such as exploring student entrepreneurship in the agricultural sector and the factors bridging the gap between entrepreneurial intention and venture creation These examples provide readers with practical applications of theoretical concepts and demonstrate the real world impact of educational innovations which is at the core of education delivery for all and how education touches on other areas of the SDGs The book offers valuable insights for policymakers educators and development practitioners by presenting research and theory based analyses It suggests ways to improve the academic environment to foster entrepreneurship and innovation which are key to economic development and job creation especially in regions with high youth unemployment rates The content suggests educational reforms that are responsive to the changing societal and economic landscapes The book s blend of theory and practice targets a broad audience including academic scholars students development agencies non governmental organisations and policymakers It seeks to engage these diverse readers in a conversation about the future of education and its role in achieving sustainable development In summary the book seeks to provide a comprehensive exploration of the nexus between education development and human needs in the context of the SDGs offering innovative perspectives and practical solutions to equip readers to contribute to sustainable global development

Trade Policy Review ,2018 **Geometry of**

CR-Submanifolds and Applications Bang-Yen Chen,Mohammad Hasan Shahid,Gabriel-Eduard Vîlcu,2025-08-29 This book attempts to present a comprehensive survey of the geometry of CR submanifolds The theory of submanifolds is one of the most interesting topics in differential geometry The topic is introduced by Aurel Bejancu as a generalization of holomorphic and totally real submanifolds of almost Hermitian manifolds in 1978 Afterward the study of CR submanifolds became a very active research subject Organized into 22 chapters the book starts with basic knowledge of Riemannian manifolds and submanifolds almost Hermitian manifolds and their subclasses Hopf fibration symmetric spaces and a general inequality for submanifolds in complex space forms in Chaps 1 and 2 Later it presents the main results on CR submanifolds in Kaehler manifolds the basic inequalities associated with CR submanifolds in Kaehler manifolds and several theories and results related to Kaehler manifolds in Chaps 3 11 Further the book discusses the basics of almost contact metric manifolds and their subclasses CR submanifolds of Sasakian trans Sasakian and quasi Sasakian manifolds with a particular attention on the normal CR submanifolds in Chap 12 It also investigates the contact CR submanifolds of S manifolds the geometry of

submersions of CR submanifolds and the results on contact CR warped product submanifolds in Chaps 16 18 20 In Chapter 19 we discuss submersions of CR submanifolds The book also presents some recent results concerning CR submanifolds of holomorphic statistical manifolds In particular it gives the classification of totally umbilical CR statistical submanifolds in holomorphic statistical manifolds as well as a Chen Ricci inequality for such submanifolds Chapter 21 In the last chapter we present results on CR submanifolds of indefinite Kaehler manifolds and their applications to physics

Engineering Tools and Solutions for Sustainable Transportation Planning Knoflacher, Hermann, Ocalir-Akunal, Ebru V., 2017-02-14 While modern cities continue to grow and become more efficient in many sectors as their population increases public transportation has not yet caught up As a significant industry in contemporary society further progress in transportation systems is more vital than ever Engineering Tools and Solutions for Sustainable Transportation Planning is an informative reference source that outlines why current transportation systems have become inefficient in modern societies and offers solutions for the improvement of transportation infrastructures Highlighting key topics such as parking organization car ownership energy consumption and highway performance this is a detailed resource for all practitioners academics graduate students and researchers that are interested in studying the latest trends and developments in the transportation sector

E-Learning in the Middle East and North Africa (MENA) Region Alan S. Weber, Sihem Hamlaoui, 2018-02-27 In the last decade due to factors of ICT infrastructural and broadband maturation rising levels of educational attainment and computer literacy and diversification strategies e learning has exploded in the Middle East and North Africa MENA region However significant barriers remain in the region s e learning development lack of research on outcomes and effectiveness paucity of Arabic language learning objects monopolies and high cost of telecommunications cultural taboos accreditation censorship and teacher training This unique volume is the first comprehensive effort to describe the history development and current state of e learning in each of the 20 MENA countries from Algeria to Yemen Each entry is expertly written by a specialist who is acutely familiar with the state of e learning in their respective country and concludes with a bibliography of key reports peer reviewed books and articles and web resources E Learning in the Middle East and North Africa MENA proves itself as a vital compendium for a wide readership that includes academics and students transnational program directors international education experts MENA government departments commercial vendors and investors and ICT development and regulatory agencies involved in e learning in the Middle East

Recent Advances in Soft Computing Radek Matoušek, 2018-08-04 This book presents selected papers from the MENDEL conference that was held in Brno Czech Republic in June 2017 Consisting of two parts the book discusses recent advances in soft computing including intelligent image processing Part 1 addresses evolutionary computing swarm intelligence metaheuristics and optimization Part 2 then focuses on neural networks machine learning self organization fuzzy systems and advanced statistics The MENDEL conference was established in 1995 and it bears the name of the scientist and Augustinian priest Gregor J Mendel who discovered the famous Laws of Heredity The

main aim of the conference was to create a regular opportunity for students academics and researchers to exchange their ideas and novel research methods

The Criminalization of States Bruce Bagley, Jorge Chabat, Jonathan D. Rosen, 2019-05-23 This volume examines the relationship between states and organized crime It seeks to add to the theoretical literature for analyzing the criminalization of the state The volume also explores the nature of organized crime in countries throughout the Americas from Central America to the Southern Cone

Republic of Palau International Monetary Fund. Asia and Pacific Dept, 2019-02-05 This Article IV Consultation discussions with the Republic of Palau focused on ensuring long term fiscal sustainability making potential growth more resilient and sustainable and preserving financial stability and facilitating credit extension The consultation discussions also highlight that the main economic policy priorities for Palau are to develop a medium term fiscal framework and strategy to help manage fiscal risks and the expiration of the Compact grants to raise public investment to protect social spending to make growth more resilient and sustainable through other reforms and to preserve financial stability and integrity The current fiscal policy approach is based on the legal requirement to maintain a balanced or surplus cash flow for various parts of the budget While this fiscal policy strategy has resulted in overall budget surpluses and a decline in net debt the move to a medium term fiscal framework and strategy would help Palau to address future challenges

UN Human Rights Institutions and the Environment Sumudu Atapattu, 2023-05-22 This book presents an in depth analysis of how UN human rights institutions and mechanisms have addressed environmental protection sustainable development and climate change Despite the increasing involvement of UN human rights bodies in addressing environmental degradation and climate change a systematic review of the convergence between human rights and the environment in these bodies has not been carried out Filling this lacuna this book surveys the resolutions general comments concluding observations decisions on individual communications and press releases It identifies principles that have emerged explores the ways in which human rights charter based and treaty based institutions are interpreting environmental principles and examines how they contribute to the emerging field of human rights and the environment Given the disproportionate effect that polluting activities have on marginalized and vulnerable groups Atapattu also discusses how these human rights mechanisms have addressed the impact on women children indigenous peoples people with disabilities and racial minorities Written by a world renowned expert on human rights and the environment this book will be of great interest to students and scholars researching and teaching in this important field of study

The UN Convention on the Elimination of All Forms of Discrimination Against Women and its Optional Protocol Patricia Schulz, Ruth Halperin-Kaddari, Beate Rudolf, Marsha A. Freeman, 2022-12-01 This volume is the fully revised and updated version of the first comprehensive commentary on the Convention on the Elimination of All Forms of Discrimination against Women and its Optional Protocol It reflects the developments during the decade following the publication of the first edition in 2012 which has also seen a notable rise in individual complaints more than 85 ten new General Recommendations and six

new inquiry procedures as well as numerous statements partly in conjunction with other UN human rights bodies The Convention is a key international human rights instrument and the only one exclusively addressed to women It has been described as the United Nations landmark treaty in the struggle for women s rights At a time when the backlash against women s human rights and the concept of gender based discrimination is increasingly challenged by governments and powerful societal actors the Commentary is an important instrument to hold all state powers to account on their international obligations under the Convention The Commentary analyses the interpretation of the Convention through the work of its monitoring body the Committee on the Elimination of Discrimination against Women It comprises detailed analyses of the Preamble and each article of the Convention and of the Optional Protocol including a separate chapter on the cross cutting substantive issue of violence against women The sources relied on are the treaty language and the general recommendations concluding observations and case law under the Optional Protocol individual complaints and inquiries through which the Committee has interpreted and applied the Convention Each chapter is self contained but the Commentary is conceived of as an integral whole The book also includes an introduction which provides an overview of the Convention and its embedding in the international law of human rights as well as the most recent challenges to women s human rights worldwide

The Future of Management Education Stéphanie Dameron, Thomas Durand, 2017-11-15 This book discusses the challenges facing business schools and management education systems around the world Based on documented descriptions of institutional and competitive dynamics in the industry of management education the authors show how management education is going through major changes such as new governance and business models mergers and acquisitions internationalisation of faculty and students coexisting with entrenchment in local markets ever more needs for financial resources development of distant and blended learning and increasing pressure for research output to boost rankings With concerns surrounding the sustainability of current trends in faculty salary inflation social acceptability of higher fees cost of distance learning and the risk of an academic industry divide around knowledge produced by management research The Future of Management Education develops an analysis of business models and discusses strategic implications for stakeholders The second volume extends the discussion to a total of 23 countries to bring a genuinely global perspective and move away from the Euro centric outlook The countries covered in the second volume include China Brazil Russia Singapore and France

Investment case for tobacco control in Vanuatu United Nations Development Programme, World Health Organization, 2024-06-20 A key support for FCTC 2030 project countries is the development of a WHO FCTC investment case These investment cases analyze the health and economic costs of tobacco use as well as the potential economic benefits that can come from implementing key WHO FCTC measures Focusing on the economic rationale for tobacco control the WHO FCTC investment cases provide policymakers and other stakeholders with country level evidence to inform tobacco control policy making The investment case for Vanuatu was prepared under the FCTC 2030 project in close collaboration with

governments of FCTC 2030 project countries the Convention Secretariat UNDP and WHO

Greenland in Arctic Security Marc Jacobsen,Ulrik Pram Gad,Ole Wæver,2024-02-13 Greenland has increasingly captivated imaginations around the globe Yet while it is central to the Arctic region its role has been poorly understood Greenland in Arctic Security delivers a comprehensive overview of how security dynamics unfold in and in relation to Greenland Each individual chapter analyzes specific discourses and dynamics pertaining to hard or soft security questions These span from great power interests in geostrategic infrastructure to domestic debates centered on promoting and protecting Greenland identity when engaging with the outside world In addition the book offers perspectives on other security questions that have been catalyzed by the effects of climate change By combining these different analyses Greenland in Arctic Security provides new theoretically informed discussions on how security politics can manifest across different scales and territorial borders At times these politics can have consequences beyond their original intent With Greenland geopolitics and securitization theory of current interest to political and academic debates this book offers timely insights for readers

[The Oxford Guide to the Bantu Languages](#) Lutz Marten,Ellen Hurst-Harosh,Nancy C. Kula,Jochen Zeller,2025-08-19 This volume brings together leading scholars from Africa Europe the Americas and beyond to provide a detailed account of the languages of the Bantu family which cover an area from Cameroon and Kenya in the north to South Africa in the south The Bantu family is part of the Niger Congo phylum and one of the world s biggest language groups comprising around 500 languages The family includes major languages with large numbers of speakers such as Zulu Kinyarwanda and Swahili the most widely spoken and taught African language as well as many community languages and several endangered languages Bantu languages feature prominently in the complex and multilingual language ecologies that are characteristic of the linguistic situation in much of Africa and they provide rich evidence for the study of theoretical and comparative linguistics language contact and language change They play an important role in education commerce culture and artistic expression in the media and public discourse in governance and social justice and are central to the future of the continent and the well being of its communities The first part of The Oxford Guide to the Bantu Languages provides background and context with chapters exploring the history of research in the field language and prehistory in Bantu speaking Africa and typology and variation Chapters in the second part offer broad comparative overviews of Bantu phonology morphology syntax semantics and pragmatics socio and applied linguistics before Parts III VII cover more specific topics in Bantu linguistics across a variety of subfields ranging from structural issues such as the augment and melodic tone to historical and sociolinguistic topics such as Bantu languages in the diaspora and language policy and standardization The chapters in the final part offer individual structural overviews of a range of languages from across the Bantu speaking area The book will be an essential resource for students and researchers specializing in the Bantu languages and for typologists and comparative linguists more broadly

Children's Environmental Rights Under International and EU Law Francesca Ippolito,2022-11-07 This book is dedicated to a topic

which has for a long time lacked the attention it deserves within the academic world It intends to address in a coherent and comprehensive manner the problem of the environmental rights of the child which are not identical to the ones of adults whose environmental rights have been appraised from a general point of view In the absence of any international law instrument explicitly granting a child the right to a clean environment drawing on an extensive and original analysis of the UN Convention on the Rights of the Child and the practice of its monitoring body this book undertakes an assessment of the extent to which these challenges may be overcome through a greater engagement between international law on the rights of the child and international environmental law The result is the first comprehensive study on the manner in which these two mutually reinforcing legal regimes can interact to strengthen the protection of children's environmental human rights at stake in the increased strategic environmental and climate litigations at both the national and international level The book is recommended reading for amongst others policy makers international environmental lawyers and human rights lawyers and practitioners Additionally lecturers students and researchers from a range of disciplines will also gain from seeing how new legal scholarship and intertwined branches of international law contribute to the continual development of the living rights of the human rights conventions Francesca Ippolito is Associate Professor of International Law in the Department of Political and Social Science of the University of Cagliari Italy She holds the Jean Monnet Chair on European Climate of Change REACT for 2021-2024

Review of the state of the world fishery resources Food and Agriculture Organization of the United Nations, Arthur, R., 2024-09-18 The FAO Fishery and Aquaculture Circular C942 Revision 4 C942 Rev 4 provides a comprehensive overview of the global status of inland capture fisheries This review analyzes trends of inland capture fisheries at global continental and subcontinental levels highlighting the crucial role these fisheries play in food security nutrition employment and local economies By placing inland capture fisheries in the context of global fish production this study also illustrates of their adaptive nature their enduring relevance and potential to contribute to global development goals Additionally the publication addresses four key thematic areas crucial for the future of inland fisheries data quality their contribution to food systems integration with basin management and the enhancement of fisheries management practices

Republic of the Marshall Islands International Monetary Fund, International Monetary Fund. Asia and Pacific Dept, 2023-10-16 Real GDP declined by 4.5 percent in FY2022 due entirely to a decline in fisheries However excluding the sector growth was 4.2 percent fueled by a recovery in domestic demand Inflation has picked up due to higher food and fuel prices while the current account surplus narrowed as COVID related grants declined and the trade deficit widened

The Great Music City Andrea Baker, 2019-03-01 In the 1960s as gentrification took hold of New York City Jane Jacobs predicted that the city would become the true player in the global system Indeed in the 21st century more meaningful comparisons can

be made between cities than between nations and states Based on case studies of Melbourne Austin and Berlin this book is the first in depth study to combine academic and industry analysis of the music cities phenomenon Using four distinctly defined algorithms as benchmarks it interrogates Richard Florida s creative cities thesis and applies a much needed synergy of urban sociology and musicology to the concept mediated by a journalism lens Building on seminal work by Robert Park Lewis Mumford and Jane Jacobs it argues that journalists are the cultural branders and street theorists whose ethnographic approach offers critical insights into the urban sociability of music activity Contextualised Critical Reflections on Academic Development Practices Teboho Pitso,2021-04-20 This book offers insightful reflections on academic development practices The contributors engage the reader painstakingly in the dynamics of professional learning and effective teaching This volume facilitates the examination of the need for reflection that leads to professional maturity All educational institutions seek teachers who continuously search for effective strategies in improving student success The contributors uncover a variety of approaches as they evince proven suggestions The chapters are refreshing and edifying This book is essential for all teachers lecturers and trainers who want to improve their teaching practice immensely Professor Vuyisile T Msila Researcher at the Thabo Mbeki African School of Public and International Affairs University of South Africa
