Volvo Rescue Guide:

Metric Handbook Pamela Buxton, 2021-11-25 The *Metric Handbook* is the major handbook of planning and design data for architects and architecture students with over 100 000 copies sold to successive generations of architects and designers. It remains the ideal starting point for any project and belongs in every design office. The seventh edition references the latest regulations and construction standards and includes new chapters on data centres and logistics facilities alongside basic design data for all the major building types. For each building type the book gives the basic design requirements and all the principal dimensional data and succinct guidance on how to use the information and what regulations the designer needs to be aware of. As well as buildings the *Metric Handbook* deals with broader aspects of design such as materials, acoustics and lighting and general design data on human dimensions and space requirements. The *Metric Handbook* is the unique reference for solving everyday planning problems.

The Naval Institute Guide to Combat Fleets of the World, 2005-2006 Eric Wertheim, 2005 Internationally acknowledged as the best one volume reference to the world's naval and para-naval forces, this popular Naval Institute guide is both comprehensive and affordable.

Metric Handbook David Littlefield, 2012-09-10 Fully updated in reference to the latest construction standards and new building types, Sustainable design fully integrated into each chapter. Over 100 000 copies sold to successive generations of architects and designers, this book truly belongs on every design office desk and drawing board. The *Metric Handbook* is the major handbook of planning and design data for architects and architecture students. Covering basic design data for all the major building types, it is the ideal starting point for any project. For each building type the book gives the basic design requirements and all the principal dimensional data and succinct guidance on how to use the information and what regulations the designer needs to be aware of. As well as buildings, the *Metric Handbook* deals with broader aspects of design such as materials, acoustics and lighting and general design data on human dimensions and space requirements. The *Metric Handbook* really is the unique reference for solving everyday planning problems. About the Author: David Littlefield is a senior lecturer at the University of the West of England where he teaches in the department of planning and architecture. For many years he worked as a writer and journalist. David has written, co-written or edited over ten books on architecture. Customer reviews: This book is a great investment as you will use it throughout your career as an architect. I have found that this book is the Bible for all planners; it contains so much information that no designer or planner should be without a copy. An essential reference book that should be on the shelf in any design studio.

A Guide to Apocalyptic Cinema Charles P. Mitchell, 2001-02-28 This examination and comprehensive assessment of apocalyptic film studies fifty films that illustrate the variety, range and different categories of the genre. Apocalyptic films are those that depict on screen as part of the story an event threatening the extinction of mankind. A brief overview identifies seven major categories of apocalyptic films: the religious or supernatural, celestial collision, solar or orbital disruption, nuclear war and radioactive fallout, germ warfare or pestilence, alien device or invasion and scientific

miscalculation Alphabetically arranged entries rate the films and provide production information an annotated cast listing a synopsis of the film a critique and representative quotes Film scholars and those with a special interest in apocalyptic cinema will appreciate the overview and detailed analysis of the films Appendices provide additional examples of apocalyptic movies excluded from the main text a sampling of post apocalyptic cinema which is distinct from the apocalyptic genre and examples of apocalyptic television Illustrations are included
