

Heavy Goods Vehicle Inspection Manual

Heavy Goods Vehicle Inspection Manual

Foreword

Welcome to this new edition of the Heavy Goods Vehicle Inspection Manual. I would first like to acknowledge the members of VOSA staff whose efforts have resulted in this comprehensive reference for annual testing. They know who they are and I hope that they will derive satisfaction from having their work acknowledged.

This edition incorporates clarification on all the test standards enquiries raised since the last edition and will as a result leave much fewer occasions when the test standard is unclear. This edition will also be available electronically in an Adobe TM (pdf) format and be down-loadable from the internet free of charge. This will make it more accessible to industry and enable more frequent updating. For users who prefer hard-copy the manuals and updates will continue to be produced in this format at a charge that is sufficient to cover the cost of production and stocking.

The primary purpose of the manual is to support VOSA staff in conducting the annual testing of vehicles with the aim of providing customers with a consistent testing service with the correct outcome according to the vehicle condition. It will be useful to industry to provide assurance that the service that is being provided is to the published standard and improve the level of accountability that VOSA has to its customers.

The manual will also be useful to those responsible for the maintenance of large commercial vehicles so that they remain well informed on the current minimum legal standards for roadworthiness. Its publication and ease of availability demonstrates VOSA's ongoing commitment to improving road safety and environmental protection whilst supporting industry to fulfil its obligations to maintain the roadworthiness of vehicles at all times.

Head of Roadworthiness and Testing
