Teacher Guide The Sniper:

The Art of Creative Writing: A Teacher's Guide Rodney Marshall, 2018-07-13 Most children enjoy creative writing. It allows them a freedom to express their personalities and can be a therapeutic process. Unfortunately, it tends to be the one area which many teachers struggle with. Professional writers research thoroughly before picking up a pen. Students need to do the same. This book guides teachers through the process, exploring a range of topics from story starters through genre writing to how historical events and topical debates can be used as launching pads for story writing. The guide also contains vocabulary banks and examples of pupils writing. Following it will result in personal narratives which children of any ability can enjoy sharing in the classroom.

Strategic Vision Frank Damazio, 2013-09-30 Vision is both real and definable. Strategic vision combines real and definable factors that when mixed wisely and effectively propels a church forward. Strategic Vision provides a clear set of directives and expectations with which an entire church strategy can be framed. The first step in forming a strategic vision is for the leader to develop a personal vision. This personal vision grows into an all-encompassing kingdom vision with every other level of vision between. From the foundation of a vision leader, all other elements of vision flow.
