Commodities ,1983 Vols for 1977 accompanied by a supplementary issue Reference guide to future markets **The Complete Guide to Investing in Commodity Trading and Futures** Mary B. Holihan,2008 Many people have become very rich in the commodity markets It is one of a few investment areas where an individual with limited capital can make extraordinary profits in a relatively short period of time Commodities are agreements to buy and sell virtually anything that is harvested except onions A 1958 federal law prohibits trading onions Such goods are raw or partly refined materials whose value mainly reflects the costs of finding or gathering them They are traded for processing or incorporation into final goods

Examples are crude oil cotton rubber grains and metals and other minerals Since it is impractical to transport these bulky often perishable materials what is actually traded are commodities futures contracts or options that are agreements to buy or sell at an agreed upon price on a specific date Trading in futures and options is speculative in nature and there is a substantial risk of loss These investments are not suitable for everyone and only risk capital should be used As with many other business segments the Internet and technology have opened up this attractive marketplace to a new breed of individual investors and speculators working part time You and I can now stand on an even playing field with the largest banks wealthiest individuals and trading institutions from the comfort of home Commodity trading can provide you with very high secure rate of return in some cases as high as 12% 18% 24% or even 300% or more per year If performed correctly commodity trading will far outpace all other investments The key is to know how to perform this process correctly This all sounds great but what is the catch There really is none except you must know what you are doing This book will provide everything you need to know to get you started generating high investment returns from start to finish In this easy to read and comprehensive book you will learn what commodity trading and futures are how to set up your account online how to choose software to use in trading how to invest in commodities evaluate their performance and handle fees and taxes This book explores numbers of investing strategies and tactics charting techniques and position trading You will pick up the language of a trader so that you recognize terminology and know how to use leverage call options put options advancing and declining issues advancing and declining volume the Commodity Channel Index CCI and commodity charts among others Like the pros who have been trading commodities for years you will learn how to pinpoint entry exits and targets for your trades and use insider secrets to help you double or even triple your investment all while avoiding the common traps and pitfalls Aside from learning the basics of commodity and futures trading you will be privy to their secrets and proven successful ideas Instruction is great but advice from experts is even better and the experts chronicled in this book are earning millions If you are interested in learning essentially everything there is to know about commodity and futures investing in addition to hundreds of tactics tricks and tips on how to earn enormous profits in commodity trading while controlling your investments then this book is for you Atlantic Publishing is a small independent publishing company based in Ocala Florida Founded over twenty years ago in the company president s garage Atlantic Publishing has grown to become a renowned resource for non fiction books Today over 450 titles are in print covering subjects such as small business healthy living management finance careers and real estate Atlantic Publishing prides itself on producing award winning high quality manuals that give readers up to date pertinent information real world examples and case studies with expert advice Every book has resources contact information and web sites of the products or companies discussed *Intermarket Technical Analysis* John J.
