evil in life she reflected that cut and dried design in her own works She wrote about a variety of different subjects almost always with a romance worked into the message and often essential to the return to grace on the part of one or several characters Redemption If her clear cut descriptions of evil in man and woman were Hill s primary subjects in her novels a secondary subject would always be God s ability to restore Hill aimed for a happy or at least satisfactory ending to any situation often focusing on characters new or renewed faith as impetus for resolution **The Enchanted Barn** Grace Livingston Hill,2014-12-08 Shirley Hollister pushed back the hair from her hot forehead pressed her hands wearily over tired eyes then dropped her fingers again to the typewriter keys and flew on with the letter she was writing There was no one else in the inner office where she sat Mr Barnard the senior member of the firm whose stenographer she was had stepped into the outer office for a moment with a telegram which he had just received His absence gave Shirley a moment s respite from that feeling that she must keep strained up to meet his gaze and not let trouble show in her eyes though a great lump was choking in her throat and the tears stung her hot eyelids and insisted on blurring her vision now and then But it was only for an instant that she gave way Her fingers flew on with their work for this was an important letter and Mr Barnard wanted it to go in the next mail As she wrote a vision of her mother s white face appeared to her between the lines the mother weak and white with tears on her cheeks and that despairing look in her eyes Mother hadn t been able to get up for a week It seemed as if the cares of life were getting almost too much for her and the warm spring days made the little brick house in the narrow street a stifling place to stay There was only one small window in mother s room opening against a brick wall for they had had to rent the front room with its two windows But poor as it was the little brick house had been home and now they were not to have that long Notice had been served that they must vacate in four weeks for the house in fact the whole row of houses in which it was situated had been sold and was to be pulled down to make way for a big apartment house that was to be put up Where they were going and what they were going to do now was the great problem that throbbed on Shirley s weary brain night and day that kept her from sleeping and eating that choked in her throat when she tried to speak to Mr Barnard that stared from her feverish eyes as she looked at the sunshine on the street or tried to work in the busy monotony of the office *The Enchanted Barn... - Scholar's Choice Edition* Grace Livingston Hill,2015-02-15 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved
