

## **The Fault in our Stars**

### **CHAPTER ONE (26 minutes)**

Late in the winter of my seventeenth year, my mother decided I was depressed, presumably because I rarely left the house, spent quite a lot of time in bed, read the same book over and over, ate infrequently, and devoted quite a bit of my abundant free time to thinking about death. Whenever you read a cancer booklet or website or whatever, they always list depression among the side effects of cancer. But, in fact, depression is not a side effect of cancer. Depression is a side effect of dying. (Cancer is also a side effect of dying. Almost everything is, really.) But my mom believed I required treatment, so she took me to see my Regular Doctor Jim, who agreed that I was veritably swimming in a paralyzing and totally clinical depression, and that therefore my meds should be adjusted and also I should attend a weekly Support Group. This Support Group featured a rotating cast of characters in various states of tumor-driven unwellness. Why did the cast rotate? A side effect of dying. The Support Group, of course, was depressing as hell. It met every Wednesday in the basement of a stone-walled Episcopal church shaped like a cross. We all sat in a circle right in the middle of the cross, where the two boards would have met, where the heart of Jesus would have been. I noticed this because Patrick, the Support Group Leader and only person over eighteen in the room, talked about the heart of Jesus every freaking meeting, all about how we, as young cancer survivors, were sitting right in Christ's very sacred heart and whatever. So here's how it went in God's heart: The six or seven or ten of us walked/wheeled in, grazed at a decrepit selection of cookies and lemonade, sat down in the Circle of Trust, and listened to Patrick recount for the thousandth time his depressingly miserable life story—how he had cancer in his balls and they thought he was going to die but he didn't die and now here he is, a full-grown adult in a church basement in the 137th nicest city in America, divorced, addicted to video games, mostly friendless, eking out a meager living by exploiting his concertastic past, slowly working his way toward a master's degree that will not improve his career prospects, waiting, as we all do, for the sword of Damocles to give him the relief that he escaped to those many years ago when cancer took both of his nuts but spared what only the most generous soul would call his life. **AND YOU TOO MIGHT BE SO LUCKY!** Then we introduced ourselves: Name. Age. Diagnosis. And how we're doing today. I'm Hazel. I'd say when they'd get to me. Sixteen. Thyroid originally but with an impressive and long-settled satellite colony in my lungs. And I'm doing okay. Once we got around the circle, Patrick always asked if anyone wanted to share. And then began the circle jerk of support: everyone talking about fighting and battling and winning and shrinking and scanning. To be fair to Patrick, he let us talk about dying, too. But most of them weren't dying. Most would live into adulthood, as Patrick had. (Which meant there was quite a lot of competitiveness about it, with everybody wanting to beat not only cancer itself, but also the other people in the room. Like, I realize that this is irrational, but when they tell you that you have, say, a 20 percent chance of living five years, the math kicks in and you figure that's one in five . . . so you look around and think, as any healthy person would: I gotta outlast four of these bastards.) The only redeeming facet of Support

can be featured in a young adult novel there is one subject that is avoided by writers and publishers Faith and belief in God

seldom appear in traditional form in novels for teens The lack of such ideas in mainstream adolescent literature can be interpreted by teens to mean that these matters are not important Yet a significant part of growing up is struggling with issues of spirituality The underlying problem of course is that there are so few writers who are willing to talk to teenagers about God even indirectly or who themselves have the religious literacy for the task Spirituality in Young Adult Literature The Last Taboo tackles a subject rarely portrayed in fiction aimed at teens In this volume Patty Campbell examines not only realistic fiction but young adult literature that deals with mysticism apocalyptic end times and even YA novels that depict the Divine Encounter Campbell maintains that fantasy works are inherently spiritual because the plots nearly always progress toward a showdown between good and evil As such the author surmises that the popularity of fantasy among teens may represent their interest in the mystical dimensions of faith and the otherworldly In this study Campbell examines works of fiction that express perspectives from Christianity Judaism Islam Buddhism Hinduism and Sikhism Distinguished YA novelist Chris Crowe provides a chapter on Mormon values and Mormon YA authors and how their novels integrate those values into their books By looking at how spirituality is represented in novels aimed at teens this book asks what progress if any has been made in slaying the taboo Although most of the books discussed in this study are recent an appendix lists YA books from 1967 to the present that have dealt with issues of faith A timely look at an important subject Spirituality in Young Adult Literature will be of interest to young adult librarians junior and senior high school teachers and students and instructors of college courses in adolescent literature as well as to parents of teens

Every Reader a Close Reader Samantha Cleaver, 2015-07-17 Close reading the purposeful focused reading and rereading of text is more than an education buzzword Every Reader a Close Reader defines and unpacks the components of close reading and explores how to apply it within the context of the Common Core State Standards so that every student will be able to implement close reading strategies in class and independently Drawing expertise and ideas from research as well as teachers from across the country Every Reader a Close Reader serves as both an instructional guide and professional development tool for classroom teachers and instructional leaders to use when starting or strengthening close reading at the classroom level In addition this book includes chapters that focus on developing the close reading skills of students who are struggling readers English language learners or gifted learners

Beyond The Stars: Our Origins And The Search For Life In The Universe Paolo Saraceno, 2012-07-17 What is the origin of the universe Are we alone in the Universe Using clear and plain language the author explores these two interesting scientific philosophical themes with a broad range of studies including astronomy cosmology chemistry biology geology and planet science The first part discusses the origins of everything from the Big Bang to humankind It follows the long course of evolution from original matter to the formation of more complex structures from the furthest galaxies to the nearest stars from planets to organic molecules from the first and most elementary forms of life through to the reptiles the dinosaurs and the advent of man The second part traces the history of the Earth and evaluates the

risks of extinction in the future as predicted by scientists Is the Earth the only habitable planet in the Universe This question initiates the discussion on the importance of the Earth s position in the solar system and the significance of our geologically alive planet The final part is dedicated to the search for extraterrestrial beings with identifiable life forms It also describes attempts for searching from the past to the near future This remarkable book provides the best answers we have to the epic questions about us and our place in the universe

**Representations of Anne Frank in American Literature** Rachael McLennan,2016-08-05 This book explores portrayals of Anne Frank in American literature where she is often invoked if problematically as a means of encouraging readers to think widely about persecution genocide and victimisation often in relation to gender ethnicity and race It shows how literary representations of Anne Frank in America over the past 50 years reflect the continued dominance of the American dramatic adaptations of Frank s Diary in the 1950s and argues that authors feel compelled to engage with the problematic elements of these adaptations and their iconic power At the same time though literary representations of Frank are associated with the adaptations critics often assume that these texts unquestioningly perpetuate the problems with the adaptations This is not true This book examines how American authors represent Frank in order to negotiate difficult questions relating to representation of the Holocaust in America and in order to consider gender coming of age and forms of inequality in American culture in various historical moments and of course to consider the ways Frank herself is represented in America This book argues that the most compelling representations of Frank in American literature are alert to their own limitations and may caution against making Frank a universal symbol of goodness or setting up too easy identifications with her It will be of great interest to researchers and students of Frank the Holocaust in American fiction and culture gender studies life writing young adult fiction and ethics

**Intertextuality in Practice** Jessica Mason,2019-09-23 The books we ve read the films we ve seen the stories we ve heard and just as importantly the ones we haven t form an integral part of our identity Recognising a reference to a text can result in feelings of pleasure expertise and even smugness being lost as to a reference s possible significance can lead to alienation from a text or conversation

*Intertextuality in Practice* offers readers a cognitively grounded framework for hands on analysis of intertextuality both in written texts and spoken discourse The book offers a historical overview of existing research highlighting that most of this work focuses on what intertextuality is conceptually rather than how it can be identified described and analysed Drawing on research from literary criticism neuroscience linguistics and sociology this book proposes a cognitive stylistic approach presenting the narrative interrelation framework as a way of operationalising the concept of intertextuality to enable close practical analysis
