

The background of the slide is a photograph of a sunset. The sky is a mix of light blue, white, and orange. The sun is a bright orange glow on the horizon, partially obscured by dark, silhouetted mountains. In the foreground, there are dark, silhouetted trees and bushes.

kinds of laws defining citizenship and civil rights The eminent legal historian Peter Charles Hoffer's *Uncivil Warriors* focuses on these lawyers' civil war on the legal professionals who plotted the course of the war from seats of power the scenes of battle and the home front Both the North and the South had their complement of lawyers and Hoffer provides coverage of each side's leading lawyers In positions of leadership they struggled to make sense of the conflict and in the course of that struggle began to glimpse of new world of law It was a law that empowered as well as limited government a law that conferred personal dignity and rights on those who at the war's beginning could claim neither in law Comprehensive in coverage *Uncivil Warriors* focus on the central of lawyers and the law in America's worst conflict will transform how we think about the Civil War itself
