But this novel also breaks new ground; it offers a penetrating look at the power of second chances and the will to — **John Irving and Cultural Mourning** Bouchra Belgaid, 2011-01-01 John Irving and Cultural Mourning offers a chronological survey of his eleven novels, examining his prose via thematically focused chapters on postmodernism, the sixties, fatherhood, narcissism, mourning, and finally self-redemption. The Oxford Encyclopedia of American Literature Jay Parini, 2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present. At the core of the Encyclopedia lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail, with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby-Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman*, and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The Encyclopedia also contains essays on literary movements, periods, and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross-references helps readers locate information with ease. The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature, libraries looking for one comprehensive source, and readers interested in American literature, its authors, and its connection with various areas of study. **Visions and Revisions** Roger Kojecký, Andrew Tate, 2013-09-05 Literary texts are more or less obliged to make reference to entities beyond themselves. Drawing on other texts, ideas previously written or on the resources of language, they make their attempts to communicate, entertain, and enlist sympathy, or even to offer counsel. Some texts profess an a priori vision; others adopt a style of reporting only contingencies. A dialogic relation can be posited between the ideal and the real, heaven and earth, imagination and reason, langue and parole, essence and substance, poetry and prose. The poetic and creative impulse is engaged with an ever-present need to purify the dialect of the tribe. The topics in *Visions and Revisions* reflect writers' labours with form at whatever distance from the original sources of inspiration. The authors discussed include William Blake, Marilynne Robinson, Salman Rushdie, William Golding, John Irving, David Lodge, Sara Maitland, and Hilary Mantel. Verbal, by definition, texts make use of other texts and are dependent on the cultural matrix. Readers are also writers in one kind or another. In both modes, they may gain impetus or inspiration by re-visioning their origins as well as their ends. This book will offer readers new ways to understand the literary creations of some writers with affinities to the Western spiritual and specifically Christian tradition. **Fourth Hand**, 2003-04-01 **Our Strange Body** Jenny Slatman, 2025-10-01 The ever-increasing ability of medical technology to reshape the human body in fundamental ways from

organ and tissue transplants to reconstructive surgery and prosthetics is something now largely taken for granted But for a philosopher such interventions raise fundamental and fascinating questions about our sense of individual identity and its relationship to the physical body Drawing on and engaging with philosophers from across the centuries Jenny Slatman here develops a novel argument that our own body always entails a strange dimension a strangeness that enables us to

incorporate radical physical changes **Books and Beyond** Kenneth Womack,2008-10-30 There s a strong interest in reading for pleasure or self improvement in America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey s Although recent government reports show a decline in recreational reading the same reports show a strong correlation between interest in reading and academic achievement This set provides a snapshot of the current state of popular American literature including various types and genres The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk fantasy literature flash fiction GLBTQ literature graphic novels manga and anime and zines Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre s reception a discussion of authors and works and suggestions for further reading Sidebars provide fascinating details and the set closes with a selected general bibliography Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention While students continue to read many of the standard classics new genres have emerged These have captured the attention of general readers and are also playing a critical role in the language arts classroom This book maps the state of popular literature and reading in America today including the growth of new genres such as cyberpunk zines flash fiction GLBTQ literature and other topics Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre s critical reception a discussion of authors and works and suggestions for further reading Sidebars provide fascinating details and the set closes with a selected general bibliography Students will find this book a valuable guide to what they re reading today and will appreciate its illumination of popular culture and contemporary social issues
