*Appletons' Journal* ,1875      **The Gendered 'I' in Ancient Literature** Lisa Cordes,Therese Fuhrer,2022-10-24 Considering the ubiquity of rhetorical training in antiquity the volume starts from the premise that every first person statement in ancient literature is in some way rhetorically modelled and aesthetically shaped Focusing on different types of Greek and Latin literature poetry and prose from the Archaic Age to Late Antiquity the contributions analyse the use and modelling of gender specific elements in different types of first person speech be it that the speaker is represented as the author of a work be it that they feature as characters in the work narrating their own story or that of others In doing so they

do not only offer new insights into the rhetorical strategies and literary techniques used to construct a gendered I in ancient literature They also address the form and function of first person discourse in classical literature in general touching on fields of research that have increasingly come into focus in recent years such as authorship studies studies concerning the ancient notions of the literary persona as well as a historical narratology that discusses concepts such as the narrator or the literary character in ancient literary theory and practice

The Complete Works William Dunbar,2004-12-01 Scottish poet William Dunbar is usually considered one of the

most important figures of fifteenth century British literature and may lay claim to being the finest lyric poet writing in English in the century and half between the death of Chaucer in 1400 and the appearance of Tottel's Miscellany in 1557. Dunbar's poems offer vivid depictions of late medieval Scottish society and serve up a striking pageant of colorful figures at the court of James IV r 1488-1513 with which he was associated for much of his adult life. The poems are remarkable both for their diversity and variability and for their multiplicity of voices, styles and tones. The great variety of poems within Dunbar's canon includes religious hymns of exaltation, moral poems on a wide range of serious themes, comic and parodic poems of extreme salaciousness and scatological coarseness, general satires against the times and satires with much more specific targets, often a single individual. This edition of eighty-four poems attributed to Dunbar includes extensive background material and explanatory notes that are sure to be of interest to students and Dunbar enthusiasts alike. The edition is rounded out with textual notes, an index of first lines and a glossary.
