Unediting the Renaissance Leah Marcus, 2002-06 A path breaking and timely look at the issues of the textual editing of Renaissance works Both erudite and accessible it is fascinating and provocative reading for any Renaissance student and scholar Gryphons Book 1 - The Kids Are Alright Alyx Jae Shaw, 2016-01-11 Dahli Sandiniti is luckier than most teen girls on her home world of Sferkkaa and she knows it She has a roof over her head her best friend Diza her older sister Teirra a room of her own with some posters on the wall and usually food enough to eat What Dahli loves most of all is music especially Sferkkaa's most famous band The Mortified Gryphons She'd love to meet the drummer but that will never happen Certainly not by accidentally walking into a bathroom and clobbering him with a door *Contemporary Reconfigurations of American Literary Classics* Betina Entzminger, 2013 The number and popularity of novels that have overtly reconfigured aspects of classic American texts suggests a curious trend for both readers and writers an impulse to retell and reread books that have come to define American culture This book argues that by revising canonical American literature contemporary American writers are re writing an American myth of origins creating one that corresponds to the contemporary writer's understanding of self and society Informed by cognitive psychology evolutionary literary criticism and poststructuralism Entzminger reads texts by canonical authors Poe Hawthorne Melville Alcott Twain Chopin and Faulkner and by the contemporary writers that respond to them In highlighting the construction and cognitive function of narrative in their own and in their antecedent texts contemporary writers highlight the fact that such use of narrative is universal and essential to human beings This book suggests that by revising the classic texts that compose our cultural narrative contemporary writers mirror the way human

individuals consistently revisit and refigure the past through language via self narration in order to manage and understand experience

In Poe's Wake Jonathan Elmer, 2024-06-05 Edgar Allan Poe is one of American culture's most iconic figures inspiring countless derivations beyond the literary realm from commercial illustration and kitch to art installations and video games Why has Poe been so hugely influential in media other than his own What do filmmakers composers and other artists find in Poe that suits their purposes so often and so variously Poe's works are violent and brooding memorable both for certain grisly images and for certain prevailing moods dread creepiness mournfulness They are in other words distinctly graphic and richly atmospheric Jonathan Elmer locates the source of Poe's fascination for artists in these two vernacular aesthetic categories the graphic and the atmospheric and how well they describe our experience of the multi media world Elmer uses Poe to explore these two terms and track some deep patterns in their use not through theoretical labor but through close encounters with a wide sampling of aesthetic objects that avail themselves of Poe's work Poe we learn has come to exemplify a modern method of aesthetic production It is as if he left his box of tools lying around for others to pick up and play with The bundle of Poe traits his thematic emphasis on extreme sensation his flexible sense of form his experimental and modular method his iconic personal profile amount to what could be called a Poe brand one as likely to be found in music videos or comics as in novels and stories Ranging from Ren Magritte and Claude Debussy to Lou Reed Roger Corman and Spongebob Squarepants Elmer shows how the Poe brand opens trunk lines to aesthetic experiences fundamental to a multi media world

Army of the Seven Kristin Ann Cook, 2021-02-05 As the world is torn apart by hatred and disregard for life among humankind heaven's only resolution is to deploy God's own private army of angel soldiers led by Michael the archangel Numbering seven the elite force predates humanity and even the Son of God The seven form an alliance with humanity and engage in a battle to save the world Nature has been ravaged and tainted by people's carelessness there is hardly a landscape without garbage and little water without a rainbow prism of chemicals visible on its surface Meanwhile at the bottom of the caustic lake in the Gulf of Mexico an evil dragon grows stronger and more restless feeding on death and toxic waste Spurred on by the forces of evil it will unleash unimaginable destruction across the planet unless the army of the seven can stop it In this novella the

forces of good and evil face off in an epic battle to control the future of humanity and the earth **The Duel in High Life: Or, De La Macy and Emily Clifforde. A Romantic Tale** ,1839 The Unsolved Murder of Adam Walsh Arthur Jay Harris,2016-03-01 Another hitch missing autopsy The Walsh case was hampered by various problems including a missing autopsy report and a glitch in identifying the remains The Miami Herald March 28 2010 From The Unsolved Murder of Adam Walsh Book One The Adam Walsh story you know After 6 year old Adam was found murdered his father John Walsh channeled his unbearable grief into becoming an angry crime fighting TV host Yet this is the story you don t know For decades officials had never revealed the file proving the child was Adam Astonishingly it showed that the ID of the dead child had never been completed Why Was it because the evidence was either inconclusive or showed that the child likely actually wasn t Adam After Hollywood Police closed the case in 2008 not only was the police investigative file made a public record so were the medical examiners files in two districts Harris asked to see all of them and realized this As shown by his smile in the Missing picture Adam s top front baby teeth were both gone But the found child had a buck tooth a left top front tooth that was in almost all the way in the words of a state forensic anthropologist who the police had later consulted When was the Missing picture taken How long before Adam vanished John Walsh wrote it was one week Harris found it was actually about a month He found Adam s last best friend who said he saw him a week or two before he disappeared and remembered that he still didn t have any top front teeth However the police s last seen alive description reads that his top left front tooth was partially in So within the week or two before Adam disappeared his new tooth had erupted Two weeks after Adam was gone the child s head was found The Fort Lauderdale medical examiner told the newspapers then that the child Adam he said had been dead for possibly all of the 14 days he had been missing Teeth don t keep growing after death In just that week or two before he disappeared could Adam s top left front tooth have gone from eruption to in almost all the way That would be very unusual if not impossible More likely it would have taken months maybe up to six pediatric and forensic dentists and parents of young children told Harris If indeed Adam s top left front tooth doesn t match the same one in the found child there also should be other indicators that they don t match To compare discovered abandoned bodies with missing people forensic dentists use the missing person s dental charts and dental X rays The upstate medical examiner who made the positive ID wrote that Adam s dental chart showed that he had a filling in a lower left molar that matched a filling in the found child But that was only enough for a presumptive ID which is less than a positive ID It was only one filling and it was in a common place for children to have cavities And the dental chart he used is missing from his file as well as the files of Hollywood Police which originally handled it and the Fort Lauderdale medical examiner who the upstate M E said he gave a copy to Further none of the files mention ever getting or using Adam s dental X rays for a comparison Those would have made for a definitive match or a negative match Nor is there a mention anywhere of a forensic dental consultation ordinarily done in such circumstances to make positive IDs Adam s dentist says he no longer has the original records so the examination that should

have been done then can never be done in the future Even worse there is no autopsy report The medical examiner who performed the autopsy admitted in writing that neither he nor anyone else in his office ever wrote one Detectives prosecutors and defense attorneys who work homicides told Harris they had never heard of that ever happening before This is what it all means As there never has been there never can be a trial for the murder of Adam Walsh because prosecutors can never establish that the murder victim was Adam Walsh Instead this case is about something different crimes injustices and horrors against likely two young children their families and their communities A child close in age to Adam who has never been correctly identified whose parents were never notified and whose murder was never investigated and who was not buried under his or her correct identity And also the kidnapping of a young boy in a shopping mall in Hollywood Florida Which leads to an incredible pair of questions What ever happened to Adam Walsh Could he still be alive *The Overland Monthly* ,1910
