The Dig Matt Turner Series English Edition:

The Dig Michael Siemsen, 2013-12 Matt Turner's gift is also his curse. A mysterious woven metal artifact is found at a paleontological dig in Africa. Mystified experts confounded by the impossible timeline they get from traditional dating methods call upon a stubborn young man with a unique talent. Matthew Turner's gift is also his curse. When he touches any object, his awareness is flooded with the thoughts and feelings of those who touched it before him. It is a talent that many covet, some fear, and almost no one understands. Despite being exploited as a child and tormented by the unpleasant experiences imprinted on him from the various items he has read, Matthew agrees to travel from New York to the forests of Kenya. There, threatened by unknown enemies and helped by a beautiful but prickly ally who begins to understand his strange ability, he journeys back in geological time to make a discovery so shocking that it forces us to rewrite all human history.

Exigency Michael Siemsen, 2014-09-16 A highly recommended character-driven sci-fi novel in the tradition of Robert A. Heinlein. Kirkus Reviews: A fun story of survival and endurance that hits some metaphysical high notes and exudes a special feeling of cool. Exigency is highly recommended to any big-hearted and sharp-minded reader in search of a sturdy sci-fi page-turner. Red City Review: Nine brilliant scientists travel light years on a one-way trip to an Earth-like planet. Their mission is to study from orbit the two species of intelligent lifeforms on the surface. The first, an isolated people embarking on civilization and building their world's first city. The second, a brutal race of massive predators spread thick and still growing across the dominant landmass, destined to breed and eat their way to extinction within a few centuries. After eight years of observation, disaster strikes the orbiting station, and only two crewmembers eject successfully. Drifting down through a dark alien sky, the pair realizes their escape pod launched not toward the safety of the city but to the other side of the planet, touching down deep inside a land no human could possibly survive.

The Dig Michael Siemsen, 2011-01-10 A mysterious woven metal artifact is found at a paleontological dig in Africa. Mystified experts confounded by the impossible timeline they receive from traditional dating methods call upon a stubborn twenty-something with a unique talent. Matthew Turner's gift is also his curse: whenever he touches an object, his consciousness is flooded with the thoughts and feelings of those who touched it before him, be it last week or centuries ago. It's a talent that many covet, some fear, and almost no one understands. Despite being exploited as a child and tormented by the unpleasant experiences imprinted on him from the various items he's read, Matt agrees to travel from New York to the forests of Kenya. There, threatened by unknown enemies and helped by a beautiful but prickly ally who begins to understand his strange ability, his mind journeys back in geological time to make a discovery so shocking that it forces us to rewrite all human history.

The Many Lives of Samuel Beauchamp Michael Siemsen, 2019-01-30 In 1933 Samuel Beauchamp awoke on an isolated dirt road, confused by his surroundings. Rows of citrus trees flanked either side, and a pipe-smoking man stood leaning on a pickup's hood, gazing toward a pair of motionless feet sticking up from a ditch. The feet belonged to a dead boy Samuel discovered, and when he approached, the onlooker, by the

truck he found himself drawn inside the man's body seeing through his eyes tasting the tobacco in his mouth and in full control of muscles and limbs Though lacking any memory of that place or those people Samuel would eventually come to grasp the scene he was the boy in the ditch murdered at age seventeen by his stepfather This wasn't the day Samuel died it was the day he was reborn as something else a seemingly immortal entity with a whole world of bodies at his disposal Samuel doesn't take his unique ability lightly He spends the next twenty five years studying the phenomena only moving to new bodies when absolutely necessary and always resettling in new cities His conservative nature and discretion enable him to live fairly normal lives until an ill fated selection in 1956 a vicious biker known as Tinker Despite his efforts to clean up the new body moving from Kansas to New York City landing a quiet job as a librarian and enrolling in college Samuel discovers that one can never truly escape the past As he begins thriving in New York Samuel meets the beautiful and brash Eileen a mercurial woman with a sailor's mouth and an often exhausting sex addiction Samuel's best friend Stan doesn't see how this is a problem A year into their tumultuous relationship Eileen disappears and the police begin investigating Tinker's illicit past Robbery kidnapping assault attempted murder manslaughter Why would detectives bother looking any further When all hope seems lost for this body and life a peculiar attorney surfaces offering help and not only does the strange man seem to know where Eileen is he may also understand even more about Samuel than Samuel himself
