

A close-up portrait of a woman with blonde hair styled in a vintage fashion. She is wearing an ornate white lace masquerade mask with gold accents and a single white feather. Her expression is serene. The background is a soft, out-of-focus light color.

of the slender native tradition the most progressive artistic personality of his time whose work revealed the views and tastes of a broad cross section of society He traces Hogarth s stylistic origins back to their European sources and analyses his impact on contemporary European and English art as well as the influence he exerted on generations to come This book will be of interest to students of art art history literature and European history
