De Gaulle's great prophecy of 1940 had been fulfilled: France had lost a battle but she did not lose the war.

Theoretical Interpretations of the Holocaust, 2021-10-25 This book aims to show the many resources at our disposal for grappling with the Holocaust as the darkest occurrence of the twentieth century. These wide-ranging studies on philosophy, history, and literature address the way the Holocaust had led to the reconceptualization of the humanities. The scholarly approaches of Pierre Klossowski, Georges Bataille, and Maurice Blanchot are examined critically, and the volume explores such poignant topics as violence, evil, and monuments.

The Age of Ecology, Joachim Radkau, 2014-04-03 This book is the first major study of the history of environmentalism from its origins in romanticism and the nature cults of the late 18th century to the global environmental movements of today. Radkau shows that this is not a single story of the steady ascent of environmentalism but rather a multiplicity of stories, each with its own dramatic tension between single-issue movements and the challenges posed by the interconnection of environmental issues between charismatic leaders and bureaucratic organizations and between grassroots movements and global players. While the history can be traced back several centuries, environmentalism has flourished since the environmental revolution of 1970, spurred on by the Chernobyl nuclear disaster in 1986 and the growing concern about global warming. While environmentalists often opposed the scientific mainstream, they were also often led by scientific knowledge. Environmentalism is the true Enlightenment of our time, so much so that we can call our era the age of ecology. This timely and comprehensive global history of environmentalism will be essential reading for anyone concerned with the most pressing global issues of our time.

Promissio, Oswald Bayer, 2025 Bayer dates Luther's reformational breakthrough to the early spring of 1518 when he discovered the sacramentality of the word: that the word is not simply informative but performative and constitutive of the sacraments. The preached word is prior to faith; it creates faith and is the only source of certainty in the Christian life.

The Collected Letters of Joseph Conrad, Joseph Conrad, 1983 This is the second of the projected eight-volume edition comprising all the surviving letters of Joseph Conrad. Once completed, the edition will have assembled over 3,500 letters, one-third of them as yet unpublished and many others only published before in inaccurate versions. The period covered by this volume, 1898-1902, was one of considerable achievement and anxiety for Conrad. The birth of his first child, the death of Stephen Crane, the murder of a friend's son, an encounter with an early X-ray machine, imperial wars in Cuba and South Africa: these events forced Conrad to face the problems of identity in terms of family, nation, history, and the cosmic order. This is also the period of *Youth*, *Amy Foster*, *Typhoon*, *Lord Jim*, and *Heart of Darkness*. Often funny, always thoughtful, full of verbal energy even in the toils of severe depression, the letters in Volume Two present Conrad at a crucial, though vulnerable, moment of his life and literary career.

Publisher's description of v 2 **The Figure of Modernity** Tilo Schabert, 2020-09-21 Two words describe a modern world: limits and limitless. Traditionally, humans recognized limits of their power. Modernity meant a break. Its protagonists aspired to bring worlds of their imagination into reality. They taught a new anthropology: Humans could ascend to a God-like status. Schabert analyzes the history of the project and its result: a civilization in a perennial crisis. Symptoms of the crisis have been exposed today, mostly in ecological terms. Schabert takes his material from many fields: philosophy, cosmology, natural sciences, literature, social studies, economics, architecture, and political thought. While modernity is endlessly disrupted, a world beyond modernity can be traced, especially in the modern theory of constitutional government. Constitutional governments are formed by limitations within a civilization that is meant to have no limits. What appears to be paradoxical has its own logic, as Baruch Spinoza, John Locke, Montesquieu, John Adams, the Federalist Papers, John Stuart Mill, Walter Bagehot, and Woodrow Wilson have shown. Schabert carefully explicates their constitutional thought. It realized the limits through which modernity holds a promise. British Medical Journal, 1921 **The Question of Palestine** Isaiah Friedman, Reprint of the classic study on the origins of the Balfour declaration, unlike other works on the subject, Friedman emphasizes the conditions promoting the Zionist cause both within the British government and the Anglo-Jewish community. **A Practical Guide for Performing, Teaching, and Singing the Brahms "Requiem"** Leonard Van Camp, Jerold Ottley, This book is intended to help those who are contemplating performing or studying the Brahms Requiem. It provides historical information, performance considerations, musical analysis, and resource material for all who enjoy the musicology behind this magnificent work. It is especially directed toward conductors, but it is also useful for choristers and soloists as well. A wonderful instructional tool. *Transformed by the Spirit* Jose Gonzalez Q., 2010-11 Chapter after chapter Pastor Gonzalez concludes with a prayer to help us focus on what we have just learned and to apply that teaching to our lives in a practical way. His healthy emphasis on practicality takes us on a step-by-step process designed to improve our relationship to God. Dave Holden, International Purpose Driven Training Director, Saddleback Church and the PEACE Plan, Lake Forest, CA. Jose is a thoughtful and gracious man whom God has used to reach thousands of people through his leadership and writing. *Transformed by the Spirit* is a biblically solid, comprehensive study of the essentials of Christian discipleship, spiritual growth, and personal transformation. Dr. Gary Kinnaman, Pastor, Author, Leader of Leaders. It is an extraordinary book. Jose Gonzalez, my friend and partner of ministries, shows an exceptional knowledge of the Scriptures. He declares in this literary work something that for me is fundamental in the Christian ministry: balance. Alberto Mottesi, a world-known Latin evangelist, AMEA.
