Negotiating Boundaries in Medieval Literature and Culture Valerie B. Johnson, Kara L. McShane, 2022-03-21 Thomas Hahn's work laid the foundations for medieval romance studies to embrace the study of alterity and hybridity within Middle English literature His contributions to scholarship brought Robin Hood studies into the critical mainstream normalized the study of historically marginalized literature and peoples and encouraged scholars to view medieval readers as actively encountering others and exploring themselves This volume employs his methodologies careful attention to texts and their contexts cross cultural readings and theoretically informed analysis to highlight the literary culture of late medieval England afresh Addressing long established canonical works such as Chaucer Christine de Pizan and Malory alongside understudied traditions and manuscripts this book will be of interest to literary scholars of the later Middle Ages who like Hahn work across boundaries of genre tradition and chronology

*The Avignon Popes and the Eastern Mediterranean* James Hill, 2025-05-15 An exploration of how popes attempted to construct maintain and represent their power beyond Europe's eastern frontiers during the Avignon period of the 14th century After the main numbered crusades concluded with the loss of the Holy Land at the end of the 13th century the papacy did not withdraw from or scale back its interests and activities in the Eastern Mediterranean As the papacy moved to Avignon in 1305 in part to be nearer the increasingly troublesome Western and Northern European kingdoms it maintained strong ties with the East and claimed control over a wide range of activities in the Eastern Mediterranean This book based primarily on the letters sent by the popes in the Vatican Archives explores the power and authority of the popes in their attempts at influencing events in the Eastern Mediterranean during the 14th century *The Avignon Popes and the Eastern Mediterranean* explores a wide set of circumstances and situations taking into account efforts to control Latin activity beyond Europe how the popes interacted with and attempted to control non Latin Churches and how the popes acted as a Europe wide political body in diplomatic activities with the Mamluks and the Mongols James Hill looks at how in its dealings with the wider world the papacy continuously encountered the same issue its

position as head of the Church gave it significant authority but it was often unable to compel actions it wanted Hill expertly charts how the popes attempted to use their authority to achieve concrete results and the extent to which those attempts were successful

**Travel, Time, and Space in the Middle Ages and Early Modern Time** Albrecht Classen, 2018-10-22 Research on medieval and early modern travel literature has made great progress which now allows us to take the next step and to analyze the correlations between the individual and space throughout time which contributed essentially to identity formation in many different settings The contributors to this volume engage with a variety of pre modern texts images and other documents related to travel and the individual s self orientation in foreign lands and make an effort to determine the concept of identity within a spatial framework often determined by the meeting of various cultures Moreover objects images and words can also travel and connect people from different worlds through books The volume thus brings together new scholarship focused on the interrelationship of travel space time and individuality which also includes of course women s movement through the larger world whether in concrete terms or through proxy travel via readings Travel here is also examined with respect to craftsmen s activities at various sites artists employment for many different projects all over Europe and elsewhere and in terms of metaphysical experiences catabasis

**The Expansion of Central Europe in the Middle Ages** Nora Berend, 2017-05-15 This volume brings together a set of key studies on the history of medieval Central Europe Bohemia Hungary Poland along with others specially commissioned for the book or translated and a new introduction This region was both an area of immigration and one of polities in expansion Such expansion included the settlement and exploitation of previously empty lands as well as rulers attempts to incorporate new territories under their rule although these attempts did not always succeed Often German immigration has been prioritized in scholarship and the medieval expansion of Central Europe has been equated with the expansion of Germans Debates then focused on the positive or negative contribution of Germans to local life and the consequences of their settlement This perspective however distorts our understanding of medieval processes On the one hand Central Europe was not a passive recipient of immigrants Local rulers and eventually nobles benefited from and encouraged immigration they played an active role On the other hand German immigration was not a unified movement and cannot be equated with a drang nach osten Finally not just Germans but also various Romance speaking and other immigrant groups settled in Central Europe This volume therefore seeks to present a more complex picture of medieval expansion in Central Europe
