Heroines, new edition Kate Zambreno, 2024-03-05 A manifesto reclaiming the wives and mistresses of literary modernism that inspired a generation of writers and scholars reissued after more than a decade I am beginning to realize that taking the self out of our essays is a form of repression Taking the self out feels like obeying a gag order pretending an objectivity where there is nothing objective about the experience of confronting and engaging with and swooning over literature On the last day of December 2009 Kate Zambreno then an unpublished writer began a blog called Frances Farmer Is My Sister arising from her obsession with literary modernism and her recent transplantation to Akron Ohio where her partner held a university job Widely reposted Zambreno's blog became an outlet for her highly informed and passionate rants and melancholy portraits of the fates of the modernist wives and mistresses reclaiming the traditionally pathologized biographies of Vivienne Eliot Jane Bowles Jean Rhys and Zelda Fitzgerald writers and artists themselves who served as male writers' muses only to end their lives silenced erased and institutionalized Over the course of two years Frances Farmer Is My Sister helped create a community of writers and devised a new feminist discourse of writing in the margins and developing an alternative canon In *Heroines* Zambreno extends the polemic begun on her blog into a dazzling original work of literary scholarship Combining theories that have dictated what literature should be and who is allowed to write it she traces the genesis of a cultural template that consistently exiles feminine experience to the realm of the minor and diagnoses women for transgressing social bounds ANXIETY When she experiences it it's pathological writes Zambreno When he does it's existential With *Heroines* Zambreno provided a model for a newly subjectivized criticism prefiguring many group biographies and forms of autotheory and hybrid memoirs that were to come in the years to follow A book that has become its own canon *Heroines* was named one of the 50 Books that define the past 5 Years in Literature by Flavorwire an Essential Feminist Manifesto by Dazed and one of the 50 Greatest Books by Women in BuzzFeed *The Upside Down Tree* Richard D. Connerney, 2009 India's future will be determined not only by economic development but also by a dynamic traditional culture that continues to develop along its own lines sometimes in concert and sometimes in conflict with material enrichment India develops not as one writer has suggested in spite of the gods Rather the seed for the creation and the fuel for the sustenance of India's economic boom lay in its traditions and I will argue the animating spirit of its future lies there as well I have neither the expertise nor the access to operate as a political correspondent nor the desire to posture as a political pundit During eighteen years of research however I have seen what I perceived as a pervasive misrepresentation of recent developments in Indian politics More specifically a number of recent books consistently paint the Hindu right wing in India as essentially fascist or theocratic My observations show that these claims are untenable and misrepresent a positive development in the history of Indian democracy To think clearly about the changes in today's India we require a new model the bi-directional banyan tree a symbol borrowed ironically from ancient Sanskrit verses Pindar claimed Custom is King of all

Nationalism and the Formation of Caribbean Literature L. Rosenberg, 2016-04-30 This book tells the story of how intellectuals in the English speaking Caribbean first created a distinctly Caribbean and national literature As traditionally told this story begins in the 1950s with the arrival and triumph of V S Naipaul George Lamming and their peers in the London literary scene However Afro Caribbeans were writing literature already in the 1840s as part of larger movements for political rights economic opportunity and social status Rosenberg offers a history of this first one hundred years of anglophone Caribbean literature and a critique of Caribbean literary studies that explains its neglect A historically contextualized study of both canonical and noncanonical writers this book makes the case that the few well known Caribbean writers from this earlier period Claude McKay Jean Rhys and C L R James participated in a larger Caribbean literary movement that directly contributed to the rise of nationalism in the region This movement reveals the prominence of Indian and other immigrant groups of feminism and of homosexuality in the formation of national literatures
