Simpson, Patrick McAleer, 2014-11-13 Many readers know Stephen King for his early works of horror from his fiction debut *Carrie* to his blockbuster novels *The Shining* *The Stand* and *Misery* among others While he continues to be a best selling author King's more recent fiction has not received the kind of critical attention that his books from the 1970s and 1980s enjoyed Recent novels like *Duma Key* and *11/22/63* have been marginalized and arguably cast aside as anomalies within the author's extensive canon In *Stephen King's Contemporary Classics: Reflections on the Modern Master of Horror* Philip L. Simpson and Patrick McAleer present a collection of essays that analyze assess and critique King's post 1995 compositions Purposefully side stepping studies of earlier work these essays are arranged into three main parts the first section examines five King novels published between 2009 and 2013 offering genuinely fresh scholarship on King the second part looks at the development of King's distinct brand of horror the third section departs from probing the content of King's writing and instead focuses on King's process By concentrating on King's most recent writings this collection offers provocative insights into the author's work featuring essays on *Dr Sleep* *Duma Key* *The Girl Who Loved Tom Gordon* *Joyland* *Under the Dome* and others As such *Stephen King's Contemporary Classics* will appeal to general fans of the author's work as well as scholars of Stephen King and modern literature **Approaches to Teaching the Works of David Foster Wallace** Stephen J. Weyler, 2013-04-01 Standing outside elite or even middling circles outsiders who were marginalized by limitations on their freedom and their need to labor for a living had a unique grasp on the profoundly social nature of print and its power to influence public opinion In *Empowering Words* Karen A. Weyler explores how outsiders used ephemeral formats such as broadsides pamphlets and newspapers to publish poetry captivity narratives formal addresses and other genres with wide appeal in early America To gain access to print outsiders collaborated with amanuenses and editors inserted their stories into popular genres and cheap

media tapped into existing social and religious networks and sought sponsors and patrons They wrote individually collaboratively and even corporately but writing for them was almost always an act of connection Disparate levels of literacy did not necessarily entail subordination on the part of the lessliterate collaborator Even the minimally literate and the illiterate understood the potential for print to be life changing and outsiders shrewdly employed strategies to assert themselves within collaborative dynamics Empowering Words covers an array of outsiders including artisans the minimally literate the poor indentured or enslaved and racial minorities By focusing not only on New England the traditional stronghold of early American literacy but also on southern towns such as Williamsburg and Charleston Weyler limns a more expansive map of early American authorship

The Illegible Man WillKanyusik,2025-01-07 How does the sudden onset of disability impact the sense of self in a person whose identity was at least in part predicated on the possession of what is culturally understood to be an able body How does this experience make visible the structures enabling society s shared notions of heteronormative masculinity In the United States the Second World War functioned as a key moment in the emergence of modern understandings of disability demonstrating that an increased concern with disability in the postwar period would ultimately lead to greater incoherence in the definitions and cultural meanings of disability in America The Illegible Man examines depictions of disability in American film and literature in twentieth century postwar contexts beginning with the first World War and continuing through America s war in Vietnam Will Kanyusik searches for the origin of discourse surrounding disability and masculinity after the Second World War examining both literature and film both fiction and documentary their depictions of disability and masculinity and how many of these texts were created by the relationship between the culture industry and the Office of War Information in the 1940s Supported by original archival research The Illegible Man presents a new understanding of disability masculinity and war in American culture

Barnes and Jane Bowles Pavlina Radia, 2016-09-07 This book traces the artistic trajectories of Djuna Barnes and Jane Bowles examining their literary representations of the nomadic ethic pervading the twentieth century expatriate movements in and out of America The book argues that these authors contribute to the nomadic aesthetic of American modernism its pastoral ideographies post colonial ecologies as well as regional and transcultural varieties Mapping the pastoral moment in different temporalities and spaces Barnes representing the 1920s expatriation in Europe while Bowles comments on the 1940s exodus to Mexico and North Africa this book suggests that Barnes and Bowles counter the critical trend associating American modernity primarily with urban spaces and instead locate the nomadic thrust of their times in the post colonial history of the American frontier

The World, the Text, and the Indian Scott Richard Lyons, 2017-03-27 Since the rise of the Native American Renaissance in literature and culture during the American civil rights period a rich critical discourse has been developed to provide a range of interpretive frameworks for the study recovery and teaching of Native American literary and cultural production For the past few decades the dominant framework has been nationalism a critical perspective placing emphasis on specific tribal nations and nationalist concepts While this nationalist intervention has produced important insights and questions regarding Native American literature culture and politics it has not always attended to the important fact that Native texts and writers have also always been globalized The World the Text and the Indian breaks from this framework by examining Native American literature not for its tribal national significance but rather its connections to global transnational and cosmopolitan forces Essays by leading scholars in the field assume that Native American literary and cultural production is global in character even claims to sovereignty and self determination are made in global contexts and influenced by global forces Spanning from the nineteenth century to the present day these analyses of theories texts and methods from trans indigenous to cosmopolitan George Copway to Sherman Alexie and indigenous feminism to book history interrogate the dialects of global indigeneity and settler colonialism in literary and visual culture

Edith Wharton, Willa Cather, and the Place of Culture Julie Olin-Ammentorp, 2019-10-01 Edith Wharton and Willa Cather wrote many of the most enduring American novels from the first half of the twentieth century including Wharton's *The House of Mirth* *Ethan Frome* and *The Age of Innocence* and Cather's *O Pioneers* *My Antonia* and *Death Comes for the Archbishop* Yet despite their perennial popularity and their status as major American novelists Wharton 1862-1937 and Cather 1873-1947 have rarely been studied together Indeed critics and scholars seem to have conspired to keep them at a distance Wharton is seen as our literary aristocrat an author who chronicles the lives of the East Coast Europe bound elite while Cather is considered a prairie populist who describes the lives of rugged western pioneers These depictions though partially valid nonetheless rely on oversimplifications and neglect the striking and important ways the works of these two authors intersect The first comparative study of Edith Wharton and Willa Cather in thirty years this book combines biographical historical and literary analyses with a focus on place and aesthetics to reveal Wharton's and Cather's parallel experiences of dislocation their

relationship to each other as writers and the profound similarities in their theories of fiction Julie Olin Ammentorp provides a new assessment of the affinities between Wharton and Cather by exploring the importance of literary and geographic place in their lives and works including the role of New York City the American West France and travel In doing so she reveals the two authors shared concern about the culture of place and the place of culture in the United States [Approaches to Teaching the Works of Ralph Waldo Emerson](#) Mark C.
