Mothers on the Margin? E. Anne Clements, 2014-05-01 The Gospel of Matthew opens with a patrilineal genealogy of Jesus that intriguingly includes five women Tamar Rahab Ruth she of Uriah and Mary In a gospel that has a strongly Jewish and male orientated outlook why are women incorporated In particular why include these four Old Testament women alongside Mary Rejecting traditional as well as feminist views Anne Clements undertakes a close literary reading of the narratives to discern how each woman is characterized and presented All are significant scriptural figures on the margins of Israelite society From this intertextual world established by Matthew Clements explores why Matthew may have named these women in the opening genealogy and what implications their inclusion may have for the ongoing gospel narrative Mothers on the Margin argues that Matthew's Gospel contains a counter narrative focused on women The presence of the five women in the genealogy indicates that the birth of the Messiah will bring about a crisis in Israel's identity in terms of ethnicity marginality and gender The women signal that Matthew's Gospel is concerned with the construal of a new identity for the people of God

When Christians Face Persecution Chee-Chiew Lee, 2022-02-17 What does the bible say about persecution of Christians Many New Testament studies focus on persevering in faith to the end and responding even to perpetrators of persecution with love and forgiveness Yet while there are unifying principles the New Testament is filled with a range of experiences of and reflections on Christian persecution texts that it is crucial to engage with in order to fully appreciate the bewildering array of experience and strongly held viewpoints amongst believers today In When Christians Face Persecution Chee Chiew Lee explores the New Testament authors theological understanding of persecution She offers a thorough look at the biblical foundations covering their responses to early Christian persecution their evaluation of these responses and how they encourage or persuade their recipients to persevere in their faith Lee also brings these writings together to offer an integrated theology of facing persecution reflecting on how the understanding of early Christian writers can be applied to the persecution of Christians today When Christians Face Persecution is a valuable study that will enrich your knowledge of biblical teaching on persecution and its continued relevance in the twenty first century It offers engaging theological synthesis as well as contextual reflection and it invites you to a deeper understanding of the breadth of theological perspectives contained with the New Testament

Children, Place and Identity Jonathan Scourfield, Bella Dicks, Mark Drakeford, Andrew Davies, 2006-09-27. In this, the first sociology book to consider the important issue of how children identify with place and nation, the authors use original research and international case studies to explore this topic in depth. The book is rooted in original qualitative research the authors conducted with a diverse sample of children aged eight to eleven across Wales, but this data is also located in the context of existing international research on place identity. The book features analysis of lively exchanges between children on their local, national, and global identities, politics, language, and race. It engages with important social and political questions such as whether cultural distinctiveness can be preserved in a context of globalization, whether we are destined to passively receive dominant representations of the nation, or can creatively construct our own versions, and whether national identities are necessarily exclusive. Most importantly, the book focuses on what local and national identities mean to children in an era of cultural and economic globalization. Including material on racialization, language, politics, class, and gender, *Children, Place and Identity* will be a valuable resource to students and researchers of childhood studies and the sociology of childhood.

The Bible in Culture Larry W. Caldwell, 2025-07-08. How to Read and Interpret Scripture Across Cultures. How can believers across cultures faithfully read and apply Scripture in a way that honors both the biblical text and their unique cultural contexts? In *The Bible in Culture*, Larry Caldwell introduces ethnohermeneutics, a revolutionary yet biblical approach to reading Scripture with rather than for the world. Drawing from decades of experience living overseas, Caldwell demonstrates that every culture has its own tools for understanding meaning and shows how God uses these to communicate the truth of his word. This approach is rooted in observing how Jesus, Paul, and others in the early church interpreted Scripture and in following their examples. Through real-life illustrations, interactive activities, and case studies, readers will discover how they can also read and interpret God's word in their own cultures. This book will challenge your assumptions about the interpretive task, encouraging and equipping you to rethink how the Bible can be understood across every people group in various cross-cultural, multicultural, and multigenerational contexts. **Informers** Roger Billingsley, Teresa Nemitz, Philip Bean, 2013-01-11. The police rely heavily on paid and unpaid informers; without them, clear-up rates would plummet and many crimes would remain undetected. Yet little is known about the informer system and how it works: for example, who are these informers, how are they recruited, how are they handled, who handles them, what sort of information do they provide? Recent high-profile cases have drawn attention to the use of informers; there has been a growing debate about the subject, and many feel that stricter controls are needed, but how is this to be achieved without undermining the

effectiveness of the system This is the first book of its kind on informers in Britain providing an invaluable source of information and analysis from key authorities in the field *Unemployment* P.
