HEADING

It's Morphing Time: Power Rangers and a New Media Landscape

TITLE

INTRO

While some teenagers have to deal with zits, math tests, and asking a crush to prom, others wear colored bodysuits and perform martial arts against strange, extra-dimensional evil. Premiering in the U.S. in the early 90s, *Power Rangers* presented a weird, new form of entertainment, introducing children to martial arts and Japanese culture in the trappings of Saturday morning programming and the after-school special. Despite its often fantastical leanings, *Power Rangers* presented an integral turning point in children's programming and media at large.

Although it presented something new and largely unseen by Western audiences, *Power Rangers* was anything but. All of the action scenes were taken directly from Japan's *Super Sentai* series (specifically *Kyoryu Sentai Zyuranger*), intercut with scenes of an American cast existing within tranquil Angel Grove. The *Super Sentai* series stayed within the traditions of the long-running line of programming known as *tokusatsu*, meaning "special effects" (a reference to the use of practical special effects).

Transplanting Japanese cultural media and overlaying it upon an American production and audience posed its own challenges, but the almost immediate success came from its own storytelling. At first blush, winding fantastical adventures and impressive martial arts into the everyday lives of American teens (who dealt with bullying, teamwork, and celebrating birthdays) seems disparate. However, the combination led to instantly relatable stories that resonated with children, imparting ideas of community and selflessness through skills and talents of all forms, physical, mental, and emotional.

In conclusion, *Power Rangers* presented an amalgam of different cultural ideas to create a new children's media landscape. The original series has since given rise to ongoing series, along with offshoot books, comics, and other media. For many kids, the show was an introduction to new ideas that were still grounded within the parks, schools, and suburbs of their lives. It was a form of escapism and imagination that stayed within the bounds of a reality that could be cruel, difficult to understand, or full of light. It just took some friends, some martial arts, and the ability to morph into something new.

Step-By-Step Strategies for Teaching Expository Writing Barbara Mariconda, 2001 Contains lessons and teaching strategies that help students bring organization facts and flair to their informational writing *Teaching Expository Writing* William F. Irmscher, 1979

Teaching Writing Christina Russell McDonald, Robert L. McDonald, 2002 Teaching Writing Landmarks and Horizons edited by Christina Russell McDonald and Robert L McDonald is designed to present an overview of some of the major developments in the establishment of composition studies as a field during the past thirty five years The essays are theoretically grounded but are focused on pedagogy as well Divided into two parts the first presents nine landmark essays selected and introduced by distinguished composition scholars and the second brings together eight new essays by emerging scholars *Teaching English, How To.....*: Raymond Stopper, Shirley DeLano Ryan, 2004-07-19

Teaching English How To emphasizes three fundamental teaching techniques directing reading assignments modeling skills and using students questions to motivate learning and discussion Three special features are daily ten minute writing sessions to improve style and correctness preparing students for the SAT 20 minute essay and a problem centered grammar program designed to be applied to writing This book contains specific recommendations for teaching almost every aspect of secondary English *Expository Writing* Mary Helen Crane, 2010-11-01 From setting the stage to engaging the classroom in understanding the writing process this book covers what teachers need to know to instruct students in expository writing The book is ideal for teachers who are looking for an easy and logical way to teach expository writing in the elementary grades especially for at risk students who have such limited background knowledge Each lesson is designed to teach writing in executable steps that produce a high student success rate Through the use of the direct instruction model each lesson plan follows a five step process skill introduction modeling guided practice structured practice and independent practice Most of the lesson plans include examples to make teacher preparation as painless as possible Following the 50 carefully designed and explicit lesson plans are a wealth of resources including a template for the Writer s Notebook Night Writes journal entries word of the day entries and expository writing prompts *Research Development Seminar in the Teaching of English* , 1963

Narrative as Writing and Literacy Pedagogy for Preservice Elementary Teachers Nancy A. Wasser, 2021-08-16 I just cannot write or I am not a good writer are familiar complaints from students in academia Many of them claim they cannot express themselves clearly in written text and their lack of this skill impedes them in their academic career In this book Nancy A Wasser argues that teachers can help solve this when they start viewing writing not as secondary to reading but as the equally important side of the same coin Those who cannot read will not be able to write Wasser explains how teaching and regular practicing of writing skills from an early age onwards helps children grow into students who are self aware of their voices By employing narrative as a process of learning to write and a way to read teachers can teach children the art of writing while also making children more aware of their own constructions of narrative

Combining the focus on individual and group expression in writing lessons students can trace and reflect on their own life transformations through their writing process Good writers are not born that way but made through effort and practice Changes in curriculum may not only lead to better expressed citizens but also to more balance between teacher and children voices
