The Gaon Of Vilna And His Messianic Vision:

The Gaon of Vilna and His Messianic Vision Arie Morgenstern, 2012 In 1990 a document was discovered in Poland according to which the Gaon of Vilna 1720-1797 stopped in Amsterdam on his way to Erez Israel. Research based on this astonishing find detailed in this book brought about a chain of dramatic discoveries that fundamentally altered our knowledge of the historic figure of the Gaon of Vilna. One such discovery reveals that the journey to Erez Israel transpired in the year 1778, three years prior to 1781, the year set as the end time by the kabbalists of that generation, including the Gaon of Vilna himself. This book demonstrates that the Gaon of Vilna traveled to Erez Israel in order to compose a new Shulh an arukh, a final halakhic code that would bring an end to halakhic disputes within the Jewish people. In this way, he hoped to ensure the Messiah's arrival in the year 1781. Mysteriously, the Gaon of Vilna abandoned his dream, reporting that Heaven had prevented him. By following in the Gaon's footsteps, **The Gaon of Vilna and His Messianic Vision** uncovers the cause of his aborted journey and the revolutionary approach to redemption that the Gaon subsequently developed. **Kabbalistic**

Circles in Jerusalem (1896-1948) Jonatan Meir, 2016-08-09 This book endeavors to fill a lacuna in the literature on early twentieth-century kabbalah, namely the lack of a comprehensive account of the traditional kabbalah seminaries, Yeshivot, in Jerusalem from 1896 to 1948, as well as the various manifestations of kabbalah within traditional Jewish society. The foundations that were laid in the early twentieth century also paved the way for the contemporary blossoming of kabbalah in many and manifold circles. In this sense, retracing the pertinent developments in Palestine at the outset of the twentieth century is imperative, not only for repairing the distorted picture of the past but for understanding the ongoing surge in kabbalah study. **The Invention of a Tradition** Immanuel Etkes, 2023-10-31 The Gaon of Vilna was the foremost intellectual leader of non-Hasidic Jewry in eighteenth-century Europe; his legacy is claimed by religious Jews both Zionist and not. In the mid-twentieth century, Shlomo Zalman Rivlin wrote several books advancing the myth that the Gaon was an early progenitor of Zionism. Following the 1967 War in Israel, messianic sentiments spread in some circles of the national religious public in Israel, who embraced this myth and made it a central component of the historical narrative they advanced. For those who identified with the religious Zionist enterprise, the myth of the Gaon and his disciples as the first Zionists was seen as proof of the righteousness of their path. In this book, Israeli scholar Immanuel Etkes explores how what he calls the Rivlinian myth took hold and demonstrates that it has no basis in historical reality. Etkes argues that proponents of the Rivlinian myth seek to blur the distinction between Zionism as a modern national movement and traditional messianic phenomenon, a distinction that underlies many of the central conflicts of contemporary Israeli politics. As historian David Biale suggests in his brief foreword to this English translation, what is at stake here is not only historical truth but also the very identity of Zionism as a nationalist movement. **The Individual in History** ChaeRan Y. Freeze, Sylvia Fuks, Eugene R. Sheppard, 2015-06-02 Essays in honor of the scholarly work and institutional leadership of Jehuda Reinharz focusing on the

role of the individual in history **Where Heaven Touches Earth** Dovid Rossoff,2001 Paints a panorama of Jerusalem in all her glory from medieval times and the era of the Crusaders through the poverty stricken Jewish communities of the last centuries and their strength and heroism ending with a look at Jerusalem today Carefully researched with stories biographies an index charts and photographs *Messianic Religious Zionism Confronts Israeli Territorial Compromises* Motti Inbari,2012-08-27 The Six Day War in 1967 profoundly influenced how an increasing number of religious Zionists saw Israeli victory as the manifestation of God s desire to redeem God s people Thousands of religious Israelis joined the Gush Emunim movement in 1974 to create settlements in territories occupied in the war However over time the Israeli government decided to return territory to Palestinian or Arab control This was perceived among religious Zionist circles as a violation of God s order The peak of this process came with the Disengagement Plan in 2005 in which Israel demolished all the settlements in the Gaza Strip and four settlements in the West Bank This process raised difficult theological questions among religious Zionists This book explores the internal mechanism applied by a group of religious Zionist rabbis in response to their profound disillusionment with the state reflected in an increase in religious radicalization due to the need to cope with the feelings of religious and messianic failure Educational Theory and Jewish Studies in Conversation Harvey Shapiro,2013 *Educational Theory and Jewish Studies in Conversation* From Volozhin to Buczacz by Harvey Shapiro PhD brings together two different fields of study modern Jewish studies and contemporary educational theory to provide new theoretical frameworks for their interaction Although Jewish studies and education programs at secular universities have joined denominational and transdenominational institutions of higher learning in adopting a dual or parallel course structure there has been little scholarly attention given to the basis for doing so Shapiro provides alternative theoretical frameworks for the relationship between Jewish studies and educational theory and discusses different ways of developing and articulating these relationships between disciplines Shapiro shows what is at stake when students and faculty think and communicate together across discourses in particular between the fields of education and Jewish studies Presenting an alternative to conventional notions of interdisciplinarity this book s import extends to virtually all relationships between the humanities and professional education when these different discourses illuminate and challenge one another On Jewish Suffering; Opposing View & the Messianic Age, A Historic Analysis Kalman Dubov,2024-10-23 Napoleon the French Emperor invaded Czarist Russia in the Franco Russian War of 1812 The war ended in defeat for the French with the Russians referring to this as the Patriotic War emerged victorious Napoleon was in the process of liberating Jews from their enforced living in European ghettos intending to emancipate and integrate them into modern French society Emancipation of the Jews was a key byword and many Jews hailed Napoleon as their benefactor and savior To achieve fullest integration Napoleon created a modern version of the Jewish Supreme Court the Great Sanhedrin to answer questions regarding Jewish belief laws and their ability as well as intention to integrate into modern society The head of the Sanhedrin was Rabbi David Sinzheim Chief Rabbi of Strasbourg

France However opposed to French emancipation of the Jewish community was the first Chassidic leader the Rebbe of Chabad Rabbi Shneur Zalman of Liadi He was so opposed to French emancipation efforts that he directed a member of his community a man with multi lingual talents to offer his services as a translator of documents In reality however he acted as a spy and passed French military plans to the Russians We are aware of this clandestine effort by way of a letter Rabbi Shneur Zalman wrote to the spy explaining his rationale for acting this way The rabbi felt that emancipation would reduce Jewish reliance on religious devotion and prayer while emancipation would provide material benefit with a consequent loss of piety and religious adherence The letter from the Rabbi adds a dimension of thinking why he was so opposed to Napoleonic success At the time this was taking place Jews were subjects of the Czarist Empire mandated to live in the Pale of Settlement a region rife with anti Semitism pogroms penury and poverty But such living conditions the rabbi felt was preferable to emancipation Hence this strange policy was applied even to Jews who were not Chassidic not members of this sect or community After the Second World War Chabad changed dramatically No longer could the policy of their first Rebbe be imposed on Jews Because of the massive anti Semitism exhibited by the Nazis and their many willing allies who assisted them in murdering Jews the notion of living under Christian or Muslim domination was no longer viable The last Chabad Rebbe instead introduced a Messianic message praying for and encouraging others to work towards the arrival of the Messiah This book describes Jewish suffering both in the period when Rabbi Shneur Zalman was alive as well as in the long term particularly in the last millennia when Jews faced great persecutions and no less than 48 separate expulsions This volume questions the logic of Jewish suffering as a necessary prerequisite for Jewish belief and practice to be viable This policy offers the pertinent study of the period when the question of Jewish suffering was deemed key to Judaism but while enormous anti Semitism was present Yet after the Second World War an entirely new reality was introduced for Jewish survival

Jewish Communities in Modern Asia Rotem Kowner,2023-06-15 Jewish settlement in Asia beyond the Middle East is largely a modern phenomenon Imperial expansion and adventurism by Great Britain and Russia were the chief motors that initially drove Jewish settlers to move eastwards in the nineteenth century combined as this was with the rise of port cities and general development of the global economy The new immigrants soon become centrally involved in ways quite disproportionate to their numbers in Asian commerce Their role and centrality finished with the outbreak of World War II the chaos that resulted from the fighting and the consequent collapse of Western imperialism This unique ground breaking book charts their rise and fall while pointing to signs of these communities post war resurgence and revival Fourteen chapters by many of the most prominent authorities in the field from a range of perspectives explore questions of identity society and culture across several Asian locales It is essential reading for scholars of Asian Studies and Jewish Studies

The Sin of Writing and the Rise of Modern Hebrew Literature Iris Parush,2022-03-21 The Sin of Writing and the Rise of Modern Hebrew Literature contends that the processes of enlightenment modernization and secularization in nineteenth century Eastern European Jewish society were marked not by a reading revolution but rather by a writing revolution that is by a revolutionary change in this society s attitude toward writing Combining socio cultural history and literary studies and drawing on a large corpus of autobiographies memoirs and literary works of the period the book sets out to explain the curious absence of writing skills and Hebrew grammar from the curriculum of the traditional Jewish education system in Eastern Europe It shows that traditional Jewish society maintained a conspicuously oral literacy culture colored by fears of writing and suspicions toward publication It is against this background that the young yeshiva students undergoing enlightenment started to sin by writing turning writing and publication in Hebrew into the cornerstone of their constitution as autonomous enlightened male Jewish subjects and setting the foundations for the rise of modern Hebrew literature

Histories of the Hidden God April D DeConick, Grant Adamson, 2016-04-08 In Western religious traditions God is conventionally conceived as a humanlike creator lawgiver and king a being both accessible and actively present in history Yet there is a concurrent and strong tradition of a God who actively hides The two traditions have led to a tension between a God who is simultaneously accessible to humanity and yet inaccessible a God who is both immanent and transcendent present and absent Western Gnostic esoteric and mystical thinking capitalizes on the hidden and hiding God He becomes the hallmark of the mystics Gnostics sages and artists who attempt to make accessible to humans the God who is secreted away Histories of the Hidden God explores this tradition from antiquity to today The essays focus on three essential themes the concealment of the hidden God the human quest for the hidden God and revelations of the hidden God

The Jews as a Chosen People S. Leyla Gurkan,2008-12-05 The concept of the Jews as a chosen people is a key element of the Jewish faith and identity This book explores the idea of chosenness from the ancient world through modernity and into the Post Holocaust era Analysing a vast corpus of biblical ancient rabbinic and modern Jewish literature the author seeks to give a better understanding of this central doctrine of the Jewish religion She shows that although the idea of chosenness has been central to Judaism and Jewish self definition it has not been carried to the present day in the same form Instead it has gone through constant change depending on who is employing it against what sort of background and for what purpose Surveying the different and sometimes conflicting interpretations of the doctrine of chosenness that appear in Ancient Modern and Post Holocaust periods the dominant themes of Holiness Mission and Survival are identified in each respective period The theological philosophical and sociological dimensions of the question of Jewish chosenness are thus examined in their historical context as responses to the challenges of Christianity Modernity and the Holocaust in particular This book will be of interest to scholars and students of Jewish Studies the Holocaust religion and theology
