

MARXISM

Marxism is a political, cultural, and economic philosophy that theorizes that social conflict exists due to constant power struggles between capitalists and workers.

EXPLANATION

The founder of Marxism, Carl Marx, saw capitalist society as clearly divided into two classes.

The bourgeois own capital. This includes resources like land, means of production (factories), materials, and money.

The workers don't own capital. They sell their labor power to the Bourgeoisie.

Marx argued that the Bourgeois exploit the labor offered by the workers to make profit.

WAGE EXPLOITATION

According to Marx, the bourgeoisie keep salaries low to maximize profits. This is only possible as long as another worker willingly replaces the one who refuses to accept the conditions.

An example of this in today's world is the move of large manufacturing companies from Europe and the United States to Asian and African countries in the twentieth century. They relocated to low-cost labor countries to maximize profit and maintain high growth rates.

The Meaning Of Marxism

Kenneth Tucker

The Meaning Of Marxism:

The Meaning of Marxism Paul D'Amato, 2014 In this updated and revised edition Paul D Amato provides a lively and accessible introduction to the ideas of Karl Marx with historical and contemporary examples Back cover The Meaning of Marxism G. Cole, 2010-11-01 This book is largely based on What Marx Really Meant which was written by Cole and published in 1934 It is a revaluation of Marx s essential ideas and methods in relation to contemporary social structures and developments and considers the bearing of Marx s theories on the structure of social classes which altered greatly since he formulated his account of them The Meaning of Marxism George Douglas Howard Cole, 1964 **The Meaning of Karl Marx** Bruce Mazlish, 1984 A close textual analysis of the life and work of Karl Marx emphasizing that his thought took the form of a secular religion deeply affected by his Christian upbringing Supports the research trend seeing a unity between the thought of the young humanist Marx and the later scientific thinker Marx s early essay On the Jewish Question is dealt with in ch 6 pp 70 77 In presenting Judaism as a synonym for capitalism Marx echoes antisemitic stereotypes perhaps influenced by self hatred In the process he reached fruitful insights about society and history **The Meaning of Marxism** Duncan Hallas, 1971 The Meaning of Marxism Richard Kuper, 1972-01-01 **An Encyclopedic Dictionary of Marxism, Socialism and Communism** Jozef Wilczynski, 1981 Encyclopaedia on Marxism socialism and communism political theory economic theory social theory **Historical Dictionary of Marxism** Elliott Johnson, David Walker, Daniel Gray, 2014-09-09 The second edition of the Historical Dictionary of Marxism covers of the basics of Karl Marx s thought the philosophical contributions of later Marxist theorists and the extensive real world political organizations and structures his work inspired that is the myriad political parties organizations countries and leaders who subscribed to Marxism as a creed This text includes a chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities both thinkers and doers political parties and movements and major communist or ex communist countries This book is an excellent access point for students researchers and anyone wanting to know more about Marxism **Karl Marx and the Declaration of Independence** Paul Eidelberg, 1984 **The Revival of Marxism** Joseph Shield Nicholson, 1920 **The Meaning of Marxism** George Douglas Howard Cole, 1950 **The Popular Front and the Global Circulation of Marxism through Calcutta, 1920s-1970s** Prasanta Dhar, 2022-11-29 This book examines the global circulation of Marxism seen from one of its most highly charged sites Calcutta in India Building on but also revising existing approaches to global intellectual history the book presents the circulation of Marxism through Calcutta as a historically sited problem of mass mediation Using tools from media studies the book explores the way that Marxism was presented to the public the technologies used and the meanings of Marxism in twentieth century Calcutta Demonstrating how the Popular Front was split between the so called people s group and those whom were called intellectuals the book argues that the people s group generally identified themselves as Marxists and preferred audio visual media such as theatre

while the so called intellectuals privileged academic rigour and print media usually referring to themselves as Marxians Thus the author reveals a polyphony of Marxisms in the Popular Front Tracing Marxism back to the Bengal Renaissance and the Swadeshi and Naxal movements this book shows how debate around the meaning of Marxism continued throughout the 1970s in Calcutta and eventually engendered the historiographical movement that has come to be known as Subaltern Studies

Before the Revisionist Controversy Homer Kendall Rogers,2015 George Orwell wrote in Nineteen Eighty Four that If there is hope it lies in the proles A century earlier Marx was unequivocal the future belonged to the proletariat Today such confidence might seem misplaced The proletariat has not yet fulfilled Marx s expectations and seems unlikely ever to do so How could Marx have entertained the notion that the proletariat would emancipate humanity from capitalism and from class rule itself This book first published in 1988 attempts an explanation by examining the sources and development of Marx s concept of the proletariat It contends that t

Anthony Giddens and Modern Social Theory Kenneth Tucker,1998-09-28 Anthony Giddens is widely recognized as one of the most important sociologists of the post war period This is the first full length work to examine Giddens social theory It guides the reader through Giddens early attempt to overcome the duality of structure and agency He saw this duality as a major failing of social theories of modernity His attempt to resolve the problem can be regarded as the key to the development of his landmark structuration theory The book is the most complete and thorough assessment of Giddens work currently available It incorporates insights from many different perspectives into his theory of structuration his work on the formation of cultural identities and the fate of the nation state This fa

United States of America V. Lightfoot ,1955 *Karl Marx's Social and Political Thought* Bob Jessop,Russell Wheatley,1999

Types of the Essay Benjamin Alexander Heydrick,1921 **A History of Modern Europe** Albert S. Lindemann,2012-12-10 A History of Modern Europe surveys European history from the defeat of Napoleon to the twenty first century presenting major historical themes in an authoritative and compelling narrative Concise readable single volume covering Europe from the early nineteenth century through the early twenty first century Vigorous interpretation of events reflects a fresh concise perspective on European history Clear and thought provoking treatment of major historical themes Lively narrative reflects complexity of modern European history but remains accessible to those unfamiliar with the field
