The Melodies Of Reynaldo Hahn:

Song Carol Kimball, 2006-12 Naslagwerk van de liedkunst en de literatuur hierover **All Music Guide to Classical Music** Chris Woodstra, Gerald Brennan, Allen Schrott, 2005-09 Offering comprehensive coverage of classical music this guide surveys more than eleven thousand albums and presents biographies of five hundred composers and eight hundred performers as well as twenty three essays on forms eras and genres of classical music Original French Poetry Forms and the Melodies of Reynaldo Hahn, 2010 **The Melody of Time** Benedict Taylor, 2015-11-02 From the Romantic era onwards music has been seen as the most quintessentially temporal art possessing a unique capacity to invoke the human experience of time Through its play of themes and recurrence of events music has the ability to stylise in multiple ways our temporal relation to the world with far reaching implications for modern conceptions of memory subjectivity personal and collective identity and history Time as philosophers scientists and writers have found throughout history is notoriously hard to define Yet music seemingly bound up so intimately with the nature of time might well be understood as disclosing aspects of human temporality unavailable to other modes of inquiry and accordingly was frequently granted a privileged position in nineteenth century thought The Melody of Time examines the multiple ways in which music relates to and may provide insight into the problematics of human time Each chapter explores a specific theme in the philosophy of time as expressed through music the purported timelessness of Beethoven's late works or the nostalgic impulses of Schubert's music the use of music by philosophers as a means to explicate the aporias of temporal existence or as a medium suggestive of the varying possible structures of time and a reflection of a particular culture's sense of historical progress or the expression of the intangible spirit behind the course of human history itself Moving fluidly between cultural context and historical reception competing philosophical theories of time and close reading of the repertoire Benedict Taylor argues for the continued importance of engaging with music's temporality in understanding the significance of music within society and human experience At once historical analytical critical and ultimately hermeneutic The Melody of Time provides both fresh insight into many familiar nineteenth century pieces and a rich theoretical basis for future research Gabriel Fauré: The Songs and their Poets Graham Johnson, 2017-07-05 The career of Gabriel Fauré's a composer of songs for voice and piano traverses six decades 1862 1921 almost the whole history of French music is contained within these parameters In the 1860s Fauré the lifelong protégé of Camille Saint Saëns was a suavely precocious student he was part of Pauline Viardot's circle in the 1870s and he nearly married her daughter Pointed in the direction of symbolist poetry by Robert de Montesquiou in 1886 Fauré as the favoured composer from the early 1890s of Winifred Maitland later Princesse de Polignac and his songs were revered by Marcel Proust In 1905 he became director of the Paris Conservatoire and he composed his most profound music in old age His existence steadily productive and outwardly imperturbable was undermined by self doubt an unhappy marriage and a tragic loss of hearing In this detailed study Graham Johnson places the vocal music within twin contexts Fauré's own life story and the parallel lives of

his many poets We encounter such giants as Charles Baudelaire and Paul Verlaine the patrician Leconte de Lisle the forgotten Armand Silvestre and the Belgian symbolist Charles Van Lerberghe The chronological range of the narrative encompasses Faur first poet Victor Hugo who railed against Napoleon III in the 1850s and the last Jean de La Ville de Mirmont killed in action in the First World War In this comprehensive and richly illustrated study each of Faur 109 songs receives a separate commentary Additional chapters for the student singer and serious music lover discuss interpretation and performance in both aesthetical and practical terms Richard Stokes provides parallel English translations of the original French texts In the twenty first century musical modernity is evaluated differently from the way it was assessed thirty years ago Faur s no longer merely a Master of Charms circumscribed by the belleque His status as a great composer of timeless

A History of Song Denis Stevens,1961 Story of almost a thousand years of song from the time of the troubadours to the present day **Music Clubs Magazine** ,1933 **Le Chant Intime** François Le Roux,Romain Raynaldy,2021 In this translation of the groundbreaking *Le Chant Intime* internationally renowned baritone Fran ois Le Roux in conversation with journalist Romain Raynaldy presents a master class on French art song with a thorough analysis of 60 selected songs that deviate from the traditionally narrow repertoire of the m lodie genre Taking an approach that goes far beyond the typical limiting conventions Le Roux and Raynaldy adhere to composer Francis Poulenc s principle that a song should always be a love affair not an arranged marriage Neither theoretical nor purely academic this guide instills in its readers a deep appreciation for the historical and artistic context of each piece by enriching each analysis with the full text of the lyrical poem and several musical examples as well as fascinating details of historic premieres concert halls singers and poets Paired with intensive and practical notes related to the nuances of melody and vocal delivery each analysis provides an essential reference for performers and listeners alike The translation is due to the expertise of musicologist and pianist Sylvia Kahan Professor of Music at the Graduate Center and College of Staten Island CUNY **Catalog of Copyright Entries** Library of Congress. Hahn and Satie and reassessments of such composers as Massenet Koechlin and Leguerney A host of less celebrated figures who have contributed to the genre take their place in a book which is both informative and entertaining The biographical articles are supplemented by the song translations of Richard Stokes some 700 in all and a veritable treasury of great French poetry from the fifteenth to the twentieth centuries These stand in their own right as indispensable to music lovers concert goers and professional singers and their accompanists This is a book which not only reflects the repertoire as found in today's concert halls but also encourages performers and armchair enthusiasts to explore the neglected highways and byways of an endlessly fascinating and highly civilised body of music *Musical News* ,1906 **The Academy and Literature** ,1913
