The Memory Of My Wardrobe:

The Memory of My Wardrobe, 2014-11-18 The Memory of My Wardrobe a project by Finnish photographer Ida Taavitsainen explores the personal narratives given to clothing inherited or simply handed down to her by her family Over the years she acquired a lot of clothes many once belonging to people she never knew her great great grandmother for instance but all with family ties The clothes interested her What were their histories What had they gone through before she started wearing them What stories do a ripped seam or the faded color of a fabric tell Here her carefully composed still life photographs and brief anecdotes tell a charming tale a family album full of stories but without people

The Memory of Clothes Robyn Gibson, 2015-02-03 Once hanging static in a wardrobe or folded away in a trunk in recent times clothes have found themselves thrown into the spotlight The crowds that are drawn to large scale fashion exhibitions staged with increasing frequency in galleries and museums around the world offer glimpses into the meaning that we attach to these items of clothing Apart from their aesthetic value clothes have the ability to evoke issues of identity of the relation of self to body and self to the world We are able to find ourselves through the experiences of delving into our wardrobes and remembering Clothes are thus layered with meaning since they have the power to act as memory prompts Woven into their fabric are traces of past experiences stitched into their seams are links to people we have loved and lost Viewed as visual objects clothing is not frivolous flippant or foolish In telling and talking about clothes we reveal much about ourselves our lives and the experiences that we drape around our bodies Whether bought or handmade passed down or reconstructed clothes help us to construct meaning as we remember those things in our lives that matter
