The Leader to Leader Institute's best-selling *The Five Most Important Questions Self Assessment Tool* has helped facilitators, leaders, and consultants guide thousands in unleashing their organizations' full potential in serving their mission and clients. The third edition of this critical resource builds on the original and offers facilitators working with nonprofits and social sector organizations, as well as business and government, a clear and accessible model for helping participants achieve results that align mission goals and plans. At the heart of this tool are Peter F. Drucker's enduring *The Five Most Important Questions* that facilitators use to lead participants in addressing the critical things that make their organizations viable and valuable entities. When answered thoughtfully and addressed with purpose, these questions take one down a path of organizational transformation that leads to impact and success. *The Facilitator's Guide* includes steps for designing and conducting an organizational self-assessment, including how to gain commitment and form a team, set goals, gather and analyze data, prepare for and engage in facilitated dialogue, and how to create action by appraising and implementing strategic and operational plans.
