historical characters and circumstances portrayed in this book are based on real people and events Combining the stories of several generations in the same location the reader is transported from log cabins and Civil War days to hare brained adventures in the 1950s Boomers will remember these experiences as some of the best times ever even though many were simply the stupid things kids dream up Hopefully this book will help people of today understand how life was back in the old days for the pioneers through the mind boggling changes that occurred during the next hundred plus years
