**The Nonviolent Apocalypse** Jeffrey D. Meyers, 2021-11-08 Revelation is resistance literature written to instruct early Christians on how to live as followers of Jesus in the Roman Empire *The Nonviolent Apocalypse* uses modern examples and scholarship on nonviolence to help illuminate Revelation's resistance arguing that Revelation's famously violent visions are actually acts of nonviolent resistance to the Empire The visions form part of Revelation's proclamation of God's way as a just and life giving alternative to the system constructed by Rome Revelation urges its readers to pursue this radical form of living engaging in nonviolent resistance to all that stands in the way of God's vision for the world

**The Nonviolent Atonement, Second Edition** J. Denny Weaver, 2011-01-26 A provocative study that cuts to the very heart of Christian thought *The Nonviolent Atonement* challenges the traditional Anselmian understanding of atonement along with the assumption that heavenly justice depends on Christ's passive innocent submission to violent death at the hands of a cruel God Instead J Denny Weaver offers a thoroughly nonviolent paradigm for understanding atonement grounded in the New Testament and sensitive to the concerns of pacifist black feminist and womanist theology While many scholars have engaged the subject of violence in atonement theology Weaver's *Nonviolent Atonement* is the only book that offers a radically new theory rather than simply refurbishing existing theories Key features of this revised and updated second edition include new material on Paul and Anselm expanded discussion on the development of violence in theology interaction with recent scholarship on atonement and response to criticisms of Weaver's original work Praise for the first edition The best current single volume on reconstructing the theology of atonement S Mark Heim in *Anglican Theological Review* Weaver provides an important contribution to atonement theories by seriously inserting the contemporary concerns of pacifist feminist womanist

and black theologians into the centuries old christological conversation A provocative but faithful proposal benefiting any student of christology Religious Studies Review A noteworthy contribution to the literature on the atonement Weaver provides a useful critique of the history of atonement motifs he does a fine job of placing Anselm s theology in its historical context he creatively fuses a singular biblical vision from the earthly narrative of the Gospels and the cosmic perspective of the Apocalypse and he attempts to relate discussions of the atonement to Christian social ethics Trinity Journal This is a superb succinct survey and analysis of classical and contemporary theories of the atonement ideal for students and general readers A clearly written passionately expressed introduction to current debates on the atonement Excellent resource Reviews in Religion and Theology

**The Non-Violent Radical** Charles McCollough,2012-06-01 This book interprets the wisdom of Jesus sayings in the gospels in words and images McCollough examines Jesus wisdom in the context of the political and economic world of the Roman Empire and then applies it to our own time for both personal growth and social action Original works of art by McCollough illustrate the texts of these sayings and can be used in private reflection worship and educational settings In addition readers may use the images for newsletters church bulletins and program announcements A DVD with color images of many more illustrations of the book is available from the author The short wisdom sayings of Jesus are almost always interpreted as private or interpersonal instruction and ignore the political economic context of his time The result is often sentimental piety or otherworldly speculation Yet it is hard to imagine that Jesus and his followers were blind to the tyranny of Rome and the economic exploitation of a tiny minority over the vast majority of people living desperate lives in the Roman colonies This book uses the insights of formerly colonized Bible readers in the non Western world to understand the postcolonial meanings of Jesus time and our own

A Constructively Critical Conversation between Nonviolent and Substitutionary Perspectives on Atonement Hojin Ahn,2021-12-21 In the contemporary theological world traditional

substitutionary accounts of Christ's atoning work have increasingly come under criticism for what is said to be their propensity for encouraging violence by a variety of theologians such as feminists pacifists and Girardians. Cur deus homo the question about God's sovereign purpose in Christ's atoning work is radically transposed into who killed Jesus which is a provocative inquiry into the ethical issues surrounding divine violence from the nonviolent perspective of atonement. Nonetheless in this monograph contrary to their nonviolent intention you will witness that Brock Schwager and Weaver violently damage a holistic dimension of atonement event under the human cause of the victim Jesus crucifixion by evil. By contrast you will hear the harmonized voices of Anselm Calvin and Barth who adamantly proclaim the incarnated Son of God's sovereignty in his self-giving death for our salvation. Furthermore it is through the theological conversation between the opposite camps that you will realize how the anthropological motifs of healing scapegoat mechanism and nonviolence are to be constructively engaged with the Christological cultic context of an evangelical doctrine of substitution. You will encounter the crux of Christ's saving death for us.

*Collective Violence* James F. Short, Jr., Marvin Eugene Wolfgang, *Collective violence* has played an important role throughout American history though we have typically denied it. But it is not enough to repress violence or to suppress our knowledge of it. We must understand the phenomenon and to do this we must learn what violent groups are trying to say. That some choose violence tells us something about the perpetrators inevitably about ourselves and the society we have built. This collection of provocative contributions addresses theory and research on violence as a group phenomenon. The editors were co-directors of research for the National Commission on the Causes and Prevention of Violence in the 1960s and many of the contributors to this volume were involved in that research. *Collective Violence* distills their findings as well as takes a later harder look at the forms sources and meanings of riots and rebellion. Short and Wolfgang consider the political implications of collective violence especially as it has appeared in the United States. The book includes essays on theory comparative analyses based on anthropological and historical data studies of the role of police and other social control agents and summarizes discussions of U.S. public policy. The contributions range from anthropologists' descriptions of collective violence in primitive societies to general statements about the nature of collective violence. *Collective Violence* is intended for use in a wide range of courses in sociology anthropology and political science. In addition its findings will interest anyone wishing insight into the nature of group violence in American society.
