The Origins Of Christian Morality The First Two Centuries:

The Origins of Christian Morality Wayne A. Meeks, 1993-01-01 By the time Christianity became a political and cultural force in the Roman Empire it had come to embody a new moral vision This wise and eloquent book describes the formative years from the crucifixion of Jesus to the end of the second century of the common era when Christian beliefs and practices shaped their unique moral order Wayne A Meeks examines the surviving documents from Christianity s beginnings some of which became the New Testament and shows that they are largely concerned with the way converts to the movement should behave Meeks finds that for these Christians the formation of morals means the formation of community the documents are addressed not to individuals but to groups and they have among their primary aims the maintenance and growth of these groups Meeks paints a picture of the process of socialization that produced the early forms of Christian morality discussing many factors that made the Christians feel that they were a single and chosen people He describes for example the impact of conversion the rapid spread of Christian household cult associations in the cities of the Roman Empire the language of Christian moral discourse as revealed in letters testaments and moral stories the rituals meetings and institutionalization of charity the Christians feelings about celibacy sex and gender roles and their sense of the end time and final judgment In each of these areas Meeks seeks to determine what is distinctive about the Christian viewpoint and what is similar to the moral components of Greco Roman or Jewish thought

Origins of Christian Morality Wayne A. Meeks, 1995 [The Making of Paul](#) Richard I. Pervo, The influence of the apostle Paul in early Christianity goes far beyond the reach of the seven genuine letters he wrote to early assemblies Paul was revered and fiercely opposed in an even larger number of letters penned in his name and in narratives told about him and against him that were included in our New Testament and far more often treasured and circulated outside it Richard Pervo provides an illuminating and comprehensive survey of the legacy of Paul and the various ways he was remembered honored and vilified in the early churches *Reading Luke-Acts in Its*

Mediterranean Milieu Charles H. Talbert, 2003-01-01 This book begins by offering a reading of the theological views of Luke Acts in terms of Peter J Rabinowitz s authorial audience and closes with reflections on how one might assess the historical value of Acts

The Sentences of Sextus and the Origins of Christian Asceticism Daniele Pevarello, 2013-11-19 Daniele Pevarello analyzes the Sentences of Sextus a second century collection of Greek aphorisms compiled by Sextus an otherwise unknown Christian author The specific character of Sextus collection lies in the fact that the Sentences are a Christian rewriting of Hellenistic sayings some of which are still preserved in pagan gnomologies and in Porphyry Pevarello investigates the problem of continuity and discontinuity between the ascetic tendencies of the Christian compiler and aphorisms promoting self control in his pagan sources In particular he shows how some aspects of the Stoic Cynic Platonic and Pythagorean moral traditions such as sexual restraint voluntary poverty the practice of silence and of a secluded life were creatively combined with Sextus ascetic agenda against the background of the biblical tradition Drawing on this

adoption of Hellenistic moral traditions Pevarello shows how great a part the moral tradition of Greek paideia played in the shaping and development of self restraint among early Christian ascetics

 feminist critiques of gender yet upholds the insight of traditional Christianity that sex commitment and parenthood are

Singing Reconciliation: Inhabiting the Moral Life According to Colossians 3:16 Amy Whisenand Krall, 2023-10-30 The letter to the Colossians contains a series of moral instructions in Colossians 3 12 17 and includes the admonition to sing among them This study considers how music making specifically singing supports moral formation according to the letter to the Colossians Studies in ethnomusicology anthropology of the voice and music psychology offer useful frameworks for conceptualizing how a social practice like music making forms participants into a community and shapes how they know themselves their community and the world With the aid of these frameworks we find that the singing in Colossians 3 16 as a corporate vocal practice of music making enables the members of the church community to inhabit the story of reconciliation found in the Christ Hymn Col 1 15 20 **Pauline Politics** Daniel Oudshoorn, 2020-03-10 The Pauline Epistles have been claimed as a useful ally by parties across the political spectrum Neoconservatives claim that Paul and his coworkers were law abiding authority honoring devoutly religious people oriented around their respect for hard work private property and family values Liberals claim that the Pauline faction was devoted to the celebration of diversity internally transcending social markers of status and the embrace of peace Radicals claim that Paul was a leader within an anti imperial revolutionary movement sweeping across the eastern portion of the Roman Empire However it is rare for these and still other parties to engage in dialogue with each other because each party tends to operate with presuppositions that make open engagement difficult Pauline Politics examines the main positions taken in relation to Paul and politics and then engages in a thorough examination of the underlying arguments used to argue that this or that position is more or less plausible Underlying arguments tend to relate to two things first positions on the socioeconomic status of Paul his coworkers and other early Jesus loyalists and second positions on Pauline eschatology This volume will comprehensively explore these matters **The**

Ancient Letters and the Purpose of Romans Aaron Ricker, 2020-09-17 Aaron Ricker locates the purpose of Romans in its function as a tool of community identity definition Ricker employs a comparative analysis of the ways in which community identity definition is performed in first century association culture including several ancient network letters comparable to Romans Ricker's examination of the community advice found in Rom 12-15 reveals in this new context an ancient example of the ways in which an inscribed addressee community can be invited in a letter to see and comport itself as a proper association network community The ideal community addressed in the letter to the Romans is defined as properly unified and orderly as well accommodating to and clearly distinct from cultures outside Finally it is defined as linked to a proper network with recognised leadership i.e. the inscribed Paul of the letter and his network Paul's letter to the Romans is in many ways a baffling and extraordinary document In terms of its community defining functions and strategies however Ricker shows its purpose to be perfectly clear and understandable

Confessing the Faith Douglas John Hall, This bold work culminates Hall's three volume contextual theology the first to take the measure of Christian belief and doctrine explicitly in light of North American cultural and historical experience Hall is deeply critical of North American culture but also of sidelined Christian churches that struggle to gain dominance within it We must stop

thinking of the reduction of Christendom as a tragedy he says The disestablishment that the churches reluctantly enjoy can enable them to develop genuine community uncompromised theology and honest engagement with the larger culture To a failed culture and a struggling church Hall shows the radical implications of a theology of the cross for the shape and practice of church preaching ministry ethics and eschatology Hall s frank and prophetic volume is the trilogy s most practical and the most sustained probe to date of Christian life in a post Christian context
