The Drudge Report Showing:

The Drudge Revolution Matthew Lysiak, 2020-07-28 Matt Drudge has been labeled everything from the Walter Cronkite of his era to a dangerous menace and the country's reigning mischief maker. Political tastes aside, no one disputes Drudge's influence: a single link from his website The Drudge Report has the power to move news cycles, shape front pages, and send television producers into a desperate scramble. The internet blogger, equipped with no more than a high school education, has been credited for everything from the impeachment of President Bill Clinton to the death of print news and the election of President Donald Trump. Carl Bernstein went so far as to call Drudge an influence unequaled in American politics. But nearly 20 years after first bursting into the mainstream of American consciousness with his groundbreaking role in the investigation of President Clinton, remarkably little remains known about the man behind the keyboard or the improbable rise that ushered in a new era of media. In *The Drudge Revolution*, investigative journalist and author of *Newtown: An American Tragedy*, Matthew Lysiak pulls back the curtain on the world's most powerful journalist for the first time, telling the inside story of how one man's visionary belief in the potential of the internet, coupled with the post-Fairness Doctrine growth of conservative talk radio and the rise of cable news and social media, created the perfect storm that seized the narrative from the mainstream media and ushered in the presidency of Donald Trump. Never before seen details include newly uncovered information about Matt's early life, including exclusive interviews with his friends; exclusive interviews with Joseph Curl, longtime friend and editor of the Drudge Report who breaks his silence for the first time; revealing details about Drudge's relationship with Andrew Breitbart, the creation of Breitbart.com, and a pay-to-play scheme employed by both the Drudge Report and Breitbart; emails from Matt to the Trump campaign showing his close working hand in helping win the campaign of 2016; his role as advisor to the president; his relationship with Jared Kushner; and his role ousting Steve Bannon. Personal information about how much longer Matt will continue at the helm of the world's most powerful web aggregator. Based on extensive research, nearly 200 personal interviews, *The Drudge Revolution* is the definitive portrait of the most powerful man in media and his outsized impact on our world today.

Race-Baiting in America D. Lee, 2012-10-06 Have We Learned Nothing From MLK's I Have A Dream Speech? There is a class of colored people who make a business of keeping the troubles, the wrongs, and the hardships of the Negro race before the public. Some of these people do not want the Negro to lose his grievances because they do not want to lose their jobs. There is a certain class of race problem solvers who don't want the patient to get well. Booker T. Washington: The Left continues to use race as a dividing issue in national politics, but is it really as bad as they portray? Join author D. Lee as he shows just how far the Left will go in its use of racial language to stir up the American public. Outrageous, informative, and enlightening: you will learn the truth about how race baiting has become a way of life for the Left, even going so far as to manufacture issues that don't even exist.

The Unleashed Scandal Bernhard Poerksen, Hanne Detel, 2014-06-23 In an age of ubiquitous digital media and permanent mutual observation, scandals are omnipresent.

Everybody can release them everybody can become their victim Videos on mobile phones terminate careers Twitter messages generate outrage and SMS messages turn into evidence Documents of embarrassment and public disgrace today display a novel kind of lightness and agility They can be copied in no time spread very quickly resist all censorship and in the extreme case stir up worldwide indignation The consequence the reputation of the powerful and the powerless of enterprises and states can be destroyed in record time In order to illustrate these considerations the book describes recent case histories discussing public figures such as Tiger Woods and Anthony Weiner the powerful and the helpless that suddenly find themselves in a worldwide pillory
