Eaglestone, Katy Iddiols**

The Event Literature And Theory:

The Event Ilai Rowner, 2015 What is an event From a philosophical perspective events are irregular occurrences moments of change and interruption categorized by human perception language and thought While philosophers have pored over the subject of events extensively in recent years The Event Literature and Theory seeks to ground it What is literature s approach to the event How does literature produce and give testimony to events Ilai Rowner s study not only revisits some of the most important thinkers of our time including Maurice Blanchot Gilles Deleuze Jacques Derrida and Martin Heidegger it also develops a critical approach to literature that questions the meaning of the literary event through examinations of literary works by Marcel Proust Louis Ferdinand Celine and T S Eliot Rowner offers a new method of thinking about the particular characteristics of the event within literary works and defines the creative value of literature as the aspiration toward the un happening within the happening In this study the experience of literature as an act of both writing and reading becomes the struggle to capture the excessive movement of the event while also revealing the creative energy within that work of literature *The Event of Literature* Terry Eagleton, 2012-05-29 In this characteristically concise witty and lucid book Terry Eagleton turns his attention to the questions we should ask about literature but rarely do What is literature Can we even speak of literature at all What do different literary theories tell us about what texts mean and do In throwing new light on these and other questions he has raised in previous best sellers Eagleton offers a new theory of what we mean by literature He also shows what it is that a great many different literary theories have in common In a highly unusual combination of critical theory and analytic philosophy the author sees all literary work from novels to poems as a strategy to contain a reality that seeks to thwart that containment and in doing so throws up new problems that the work tries to resolve The event of literature Eagleton argues consists in this continual transformative encounter unique and endlessly repeatable Freewheeling through centuries of critical ideas he sheds light on the place of literature in our culture and in doing so reaffirms the value and validity of literary thought today **The Event of Style in Literature** M. Aquilina, 2014-09-16 The Event of Style in Literature brings discussions about the question of style up to date by schematising the principal issues relating to the topic through a critical overview of the canon of style studies It reads the work of Jacques Derrida Maurice Blanchot and Hans Georg Gadamer as groundbreaking and eventful interventions *Deleuze's Literary Theory* Catarina Pombo Nabais, 2020-08-10 Literature holds a privileged place in Deleuze s works Not only is it the art that most clearly reveals his aesthetics but it also serves as the laboratory of his thought the space where he experiments with concepts that become part of his ongoing philosophical project In this brilliant analyses of Deleuze s texts on Proust Sacher Masoch Kafka Carmelo Bene Melville and Beckett Pombo Nabais traces the development of Deleuze s aesthetics across three distinct periods of his thought the transcendental empiricism of Difference and Repetition and The Logic of Sense the philosophy of Nature of Anti Oedipus and A Thousand Plateaus and the philosophy of Spirit of The Fold What Is Philosophy and Essays

Critical and Clinical More than a simple account of Deleuze's literary theory and aesthetics this book offers a provocative and original reading of Deleuze's entire philosophy highlighting the question of modality the actual the virtual the possible the impossible and the impossible the problematic relationship between the event and the assemblage and the unifying theme of the vitalism of nonorganic life **Stressful Life Event Theory and Research** Bernard L. Bloom,1985 **Affect Theory**

and Literary Critical Practice Stephen Ahern,2018-12-31 Affect Theory and Literary Critical Practice develops new approaches to reading literature that are informed by the insights of scholars working in affect studies across many disciplines with essays that consider works of fiction drama poetry and memoir ranging from the medieval to the postmodern While building readings of representative texts contributors reflect on the value of affect theory to literary critical practice asking what explanatory power is affect theory affording me here as a critic what can the insights of the theory help me do with a text Contributors work to incorporate lines of theory not always read together accounting for the affective intensities that circulate through texts and readers and tracing the operations of affectively charged social scripts Drawing variously on queer feminist and critical race theory and informed by ecocritical and new materialist sensibilities essays in the volume share a critical practice founded in an ethics of relation and contribute to an emerging postcritical moment *Cases For*

Event Management and Event Tourism Donald Getz,Vassilios Ziakas,2023-04-30 A comprehensive collection of fully developed case studies of event management and event tourism main areas including HR leadership marketing strategy operations stakeholder management and evaluation all written by international experts It is a must have collection for all those studying and teaching event management and event tourism **J. M. Coetzee in Context and Theory** Elleke

Boehmer,Robert Eaglestone,Katy Iddiols,2011-10-27 Nobel Laureate and the first author to win the Booker Prize twice J M Coetzee is perhaps the world's leading living novelist writing in English Including an international roster of world leading critics and novelists and drawing on new research this innovative book analyses the whole range of Coetzee's work from his most recent novels through his memoirs and critical writing It offers a range of perspectives on his relationship with the historical political cultural and social context of South Africa It also contextualises Coetzee's work in relation to his literary influences colonial and post colonial history the Holocaust and colonial genocides the politics and meaning of the Nobel prize in South Africa and Coetzee's very public move from South Africa to Australia Including a major unpublished essay by leading South African novelist Andr Brink this book offers the most up to date study of Coetzee's work currently available

Event Stakeholders Donald Getz,Mathilda Van Niekerk,2019-02-11 Focuses on stakeholder theory applied to event management and goes beyond traditional approaches by treating event management as an applied field It looks at issues such as stakeholder relationships and the management functions of planning organizing staffing directing and controlling in the events sector **Event Communication** Barbara Mazza,2024-02-02 Focuses attention on communication studies as

applied to Event Management through the whole event management process It pays particular attention to the latest

technological innovations with the event industry including virtual events and digital technologies **Probability Theory**
Alfred Renyi, 2007-05-11 The founder of Hungary's Probability Theory School A R nyi made significant contributions to virtually every area of mathematics This introductory text is the product of his extensive teaching experience and is geared toward readers who wish to learn the basics of probability theory as well as those who wish to attain a thorough knowledge in the field Based on the author's lectures at the University of Budapest this text requires no preliminary knowledge of probability theory Readers should however be familiar with other branches of mathematics including a thorough understanding of the elements of the differential and integral calculus and the theory of real and complex functions These well chosen problems and exercises illustrate the algebras of events discrete random variables characteristic functions and limit theorems The text concludes with an extensive appendix that introduces information theory **Re-Thinking**

International Relations Theory via Deconstruction Badredine Arfi, 2013-03-01 International Relations IR theorists have ceaselessly sought to understand explain and transform the experienced reality of international politics Running through all these attempts is a persistent yet unquestioned quest by theorists to develop strategies to eliminate or reduce the antinomies contradictions paradoxes dilemmas and inconsistencies dogging their approaches A serious critical assessment of the logic behind these strategies is however lacking This new work addresses this issue by seeking to reformulate IR theory in an original way Arfi begins by providing a thorough critique of leading contemporary IR theories including pragmatism critical scientific realism rationalism neo liberal institutionalism and social constructivism and then moves on to strengthen and go beyond the valuable contributions of each approach by employing the logic of deconstruction pioneered by Derrida to explicate the consequences of taking into account the dilemmas and inconsistencies of these theories The book demonstrates that the logic of deconstruction is resourceful and rigorous in its questioning of the presuppositions of prevailing IR approaches and argues that relying on deconstruction leads to richer and more powerfully insightful pluralist IR theories and is an invaluable resource for taking IR theory beyond currently paralyzing wars of paradigms Questioning universally accepted presuppositions in existing theories this book provides an innovative and exciting contribution to the field and will be of great interest to scholars of international relations theory critical theory and international relations **The Sport**

Mega-Events of the 2020s Jan Andre Lee Ludvigsen, Joel Rookwood, Daniel Parnell, 2023-10-31 This book explores various social cultural political and economic issues through the lenses of various sport mega events in the twenty first century including the Olympic Games and the World Cup and European Championships in football In a time where sport mega events are closely followed by controversies legacy discourses and questions of their governance the chapters within this book showcase why sport mega events continue to ignite important questions for scholars commentators fans and sport and political authorities By covering various topics emerging around sport mega events such as physical activity legacies rhetoric media coverage environmental impacts diplomacy and spectators experiences this book breaks new ground as it considers a

range of longstanding and emerging socio political issues relating broadly to the staging of spectacular sport mega events in the present day This is a fascinating reading for students and researchers situated in sociology sport management event management political science sport studies sport business urban studies and leisure studies The chapters in this book were originally published as a special issue of *Sport in Society* **Shakespeare and the Future of Theory** François-Xavier Gleyzon, Johann Gregory, 2017-10-02 Shakespeare and the Future of Theory convenes internationally renowned Shakespeare scholars and scholars of the Early Modern period and presents discusses and evaluates the most recent research and information concerning the future of theory in relation to Shakespeare s corpus Original in its aim and scope the book argues for the critical importance of thinking Shakespeare now and provides extensive reflections and profound insights into the dialogues between Shakespeare and Theory Contributions explore Shakespeare through the lens of design theory queer theory psychoanalysis Derrida and Foucault amongst others and offer an innovative interdisciplinary analysis of Shakespeare s work This book was originally published as two special issues of *English Studies* Event Theory for a Sociology of Practice Frank Hillebrandt, 2025-05-22 The sociological theory of practices developed in this book from the concept of the event compels us to question how practices not only chain into forms of practice The approach also allows us to see how these practices give rise to practice formations that manifest as enduring zones of intensity within society This very problem is at the center of the considerations pursued here and is unfolded through an analysis of pop music as a formation of practice As an exemplary case study the author chooses the Love and Peace Festival on Fehmarn from the year 1970 In doing so the book brings to life a period of pop music that has much more to do with our present than it may seem at first glance

Between Form and Event: Machiavelli's Theory of Political Freedom M. Vatter, 2013-04-17 Before Machiavelli political freedom was approached as a problem of the best distribution of the functions of ruler and ruled Machiavelli changed the terms of freedom requiring that its discourse address the demand for no rule or non domination Political freedom would then develop only through a strategy of antagonism to every form of legitimate domination This leads to the emergence of modern political life any institution that wishes to rule legitimately must simultaneously be inscribed with its immanent critique and imminent subversion For Machiavelli the possibility of instituting the political form is conditioned by the possibility of changing it in an event of political revolution This book shows Machiavelli as a philosopher of the modern condition For him politics exists in the absence of those absolute moral standards that are called upon to legitimate the domination of man over man If this understanding lies open to relativism and historicism it does so in order to render effective the project of reinventing the sense of human freedom Machiavelli s legacy to modernity is the recognition of an irreconcilable tension between the demands of freedom and the imperatives of morality **Situation Theory and Its Applications: Volume 3** Robin Cooper, Peter Aczel, Kuniaki Mukai, John Perry, 1990 Situation theory is the result of an interdisciplinary effort to create a full fledged theory of information Created by scholars and scientists from cognitive science computer science and AI

linguistics logic philosophy and mathematics it aims to provide a common set of tools for the analysis of phenomena from all these fields Unlike Shannon Weaver type theories of information which are purely quantitative theories situation theory aims at providing tools for the analysis of the specific content of a situation signal message data base statement or other information carrying situation The question addressed is not how much information is carried but what information is carried

Ten Lectures on Event Structure in a Network Theory of Language Nikolas Gisborne,2020-08-31 In Ten Lectures on Event Structure in a Network Theory of Language Nikolas Gisborne explores verb meaning He discusses theories of events and how a network model of language in the mind should be theorized what the lexicon is how to probe word meaning evidence for structure in word meaning polysemy the lexical semantics of causation a type hierarchy of events and event types cross linguistically He also looks at the relationship between different classes of events or event types and aktionsarten transitivity alternations and argument linking Gisborne argues that the social and cognitive embedding of language requires a view of linguistic structure as a network where even the analysis of verb meaning can require an understanding of the role of speaker and hearer

Game Theory Michael Maschler,Shmuel Zamir,Eilon Solan,2020-06-25 This new edition is unparalleled in breadth of coverage thoroughness of technical explanations and number of worked examples Event Leadership Emma Abson,2021-04-30 Examines contextualises and applies leadership theory and practice at several levels Using contemporary research it explores a wide range of leadership theories providing insight into the developments that are driving leadership in the event industry today International case studies from the event sector are used to illustrate throughout

The Event Literature And Theory Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading The Event Literature And Theory free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading The Event Literature And Theory free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that

offer free PDF downloads on a specific topic. While downloading The Event Literature And Theory free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading The Event Literature And Theory. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading The Event Literature And Theory any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About The Event Literature And Theory Books

1. Where can I buy The Event Literature And Theory books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Event Literature And Theory book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
