Benjamin Keach, 1694 *The Osborne Collection of Early Children's Books, 1566-1910* Toronto Public Libraries. Boys and Girls Services, Osborne Collection of Early Children's Books, 1958 Scripture and Scholarship in Early Modern England Nicholas Keene, 2017-03-02 The Bible is the single most influential text in Western culture yet the history of biblical scholarship in early modern England has yet to be written There have been many publications in the last quarter of a century on heterodoxy particularly concentrating on the emergence of new sects in the mid seventeenth century and the perceived onslaught on the clerical establishment by freethinkers and Deists in the late seventeenth and early eighteenth century However the study of orthodoxy has languished far behind This volume of complementary essays will be the first to embrace orthodox and heterodox treatments of scripture and in the process question challenge and redefine what historians mean when they use these terms The collection will dispel the myth that a critical engagement with sacred texts was the preserve of radical figures anti scripturists Quakers Deists and freethinkers For while the work of these people was significant it formed only part of a far broader debate incorporating figures from across the theological spectrum engaging in a shared discourse To explore this discourse scholars have been drawn together from across the fields of history theology and literary criticism Areas of investigation include the inspiration textual integrity and historicity of scriptural texts the relative

authority of canon and apocrypha prophecy the comparative merits of texts in different ancient languages developing tools of critical scholarship utopian and moral interpretations of scripture and how scholars read the Bible Through a study of the interrelated themes of orthodoxy and heterodoxy print culture and the public sphere and the theory and practice of textual interpretation our understanding of the histories of religion theology scholarship and reading in seventeenth century England will be enhanced Rand McNally Bankers Directory and the Bankers Register with List of Attorneys ,1919 *First Supplement to the Catalogue of the Young Men's Association Library of the City of Buffalo* Young Men's Association of the City of Buffalo.
