

A low-angle, upward-looking photograph of several modern skyscrapers at night. The buildings are illuminated with warm yellow and orange lights, contrasting with the dark blue sky. The architecture features glass facades and prominent structural elements like balconies and staircases. The perspective creates a sense of height and scale.

The Financial Times Guide to How the Stock Market Really Works Leo Gough, 2011-12-29 Whether you are new to investing or already have a share portfolio this is an intelligent guidebook to the often confusing world of investing Written especially for the ordinary investor it will provide you with the key strategies you need to make money on the stock market Back cover *How the Stock Market Really Works* Leo

Gough, 2011 Whether you are new to investing or already have a share portfolio this is an intelligent guidebook to the often confusing world of investing Written especially for the ordinary investor it will provide you with the key strategies you need to make money on the stock market Back cover *The Financial Times Guide to Understanding Finance* Javier

Estrada, 2011-09-21 Whether you are an executive or a student beginner or expert this book is designed to explain and illustrate the working essentials of finance with clarity and speed This desktop companion deliberately combines essential theory with real world application using short focused chapters to help you find what you need and implement it right away www.pearsoned.co.uk/estrada *The Financial Times Guide to Exchange Traded Funds and Index Funds* David Stevenson, 2012-10-12 Since the first edition of The Financial Times Guide to ETF's was published in

2009 the number of ETFs in issue has doubled and ETFs are now common both on investor platforms and increasingly amongst financial advisors. This massive increase in demand has highlighted an urgent debate just how dangerous are ETFs and how much do investors and advisers understand about the structure of the index tracker. The second edition of this book attempts to answer this debate and is the indispensable bible on trackers for professional advisers and serious private investors. This new edition also features a chapter based around the theme of Due Diligence and a new chapter on How to use ETFs and Index Funds for the Long term as well as a new Jargon busting section and a new appendix looking at new ideas beginning to emerge.

The Financial Times Guide to Investing, 3rd Edition Glen Arnold, 2014. The most damaging half truth for savers is performance matters more than expenses. Read this book carefully and the financial services industry will have one fewer easy victim but you will have a sound base for a lifetime of successful investment.

Martin White, Chair of UK Shareholders Association. This is one of those great big books to buy and then tuck away for constant reference. It's a tour through everything from managing a portfolio to establishing a fair intrinsic value for a share. If it moves in the world of investing it's probably here.

David Stevenson, Adventurous Investor in the Financial Times. Informative and easy to read. Glen Arnold has produced arguably the most comprehensive book there is today on stock market investing and one that unquestionably will give an edge to any retail investor. This is a must read for anyone serious about investing.

Simon Thompson, Companies Editor, Investors Chronicle. The Financial Times Guide to Investing is the definitive introduction to the art of successful stock market investing. Bestselling author Glen Arnold takes you from the basics of what investors do and why companies need them through to the practicalities of buying and selling shares and how to make the most from your money. He describes different types of investment vehicles and advises you on how to be successful at picking companies, understanding their accounts, managing a sophisticated portfolio, measuring performance and risk and setting up an investment club. The third edition of this investing classic will give you everything you need to choose your shares with skill and confidence. Thoroughly updated, this edition now includes comprehensive advice about unit trusts and other collective investments. A brand new section on dividend payments and what to watch out for. An expanded jargon busting glossary to demystify those complex phrases and concepts. Recent Financial Times articles and tables to illustrate and expand on case studies and examples. Detailed updates of changes to tax rates and legislation as well as increases in ISA allowances and revisions to capital gains tax.

The Financial Times Guide to Business Numeracy Leo Gough, 2012-05-14. Whether you need to understand other people's calculations to make confident business decisions or formulate investment choices based on your own numbers, this book will give you the tools you need. Banks and financial institutions, businesses and politicians often spin their statistics as they know they can rely on customers or constituents not to understand or check maths and formulas. This book introduces you to the basic tools of maths, statistics and business calculations so that that you can understand the numbers, work out your own calculations and make better investing, saving and business decisions.

The

Financial Times Guide to Corporate Valuation David Frykman, Jakob Tolleryd, 2012-09-26 Understanding valuation is relevant to everyone with an ambition in business For us at Cevian Capital it is an absolutely critical skill This book will take you there faster than any other in the field Christer Gardell Former Partner McKinsey Managing Partner and co founder of Cevian Capital A handy accessible and well written guide to valuation The authors manage to capture the reader with high level synthesis as well as more detailed insights in a great way Anna Storakers Head of Group Strategy Corporate Development Nordea Bank AB formerly with Goldman Sachs Co and McKinsey Co If you can envision the future value of a company you are a winner Make this comprehensive and diligent book on corporate valuation your companion pursuing transactions and you will succeed Hans Otterling Founding Partner CEO Northzone Capital Both in my previous position as an investment banker and today as an investor in high growth technology companies corporate valuation has been a most critical subject The Financial Times guide to Valuation serves as the perfect introduction to the subject and I recommend it to entrepreneurs as well as fellow private investors Carl Palmstierna former Partner Goldman Sachs Business Angel Not only will Financial Times Guide to Corporate Valuation provide you with the basic understanding of corporate valuation it also gives you an interesting insight into non operational challenges that companies will face And it does it all in an unexpectedly efficient and reader friendly manner If you want to learn the basics and only have a few hours to spare invest them into reading this book Daniel Hummel Head of Corporate Finance Swedbank In this highly accessible and reliable introduction to valuation Messieurs Frykman and Tolleryd have succeeded in selecting only the essential building blocks in a topic that can otherwise be difficult to navigate Indeed a guide this book will prove handy to many of us and a breakthrough to some Per Hedberg Academic Director Stockholm School of Economics Russia This book provides an accessible and informative entry point to the vast topic of valuation The book covers mechanics as well as how value is linked to intangibles growth opportunities and industry structure all the way providing clear examples of every key idea The authors understand value they know what is useful what is practical and what is critical and give any reader great guidance to the challenge of getting values right Bo Becker Assistant Professor Harvard Business School I read Frykman Tolleryds book on Corporate Valuation the first time in the late 90 s the book has not only thought me how to value investments but also how important it is to focus on long term cashflow when building and leading an organization Mikael Schiller Owner Chairman Acne Studios The easy no nonsense approach to corporate valuation Fiona McGuire Corporate Finance Director FGS Understanding corporate valuation is crucial for all business people in today s corporate world No other measure can indicate as completely the current status as well as the future prospects of a company The Financial Times Guide to Corporate Valuation is a quick no nonsense guide to a complex subject Whether you re a manager executive entrepreneur or student this comprehensive reading guide will help you tailor your learning according to your experience existing knowledge and time constraints Using the example of a fictional European telecommunications company Mobitronics as a model it provides key insights into universal issues in
