

The Fourteenth Point

A League of Nations

The Fourteenth Point

Emilie Sanchez

The Fourteenth Point:

The Fourteenth Point G Eranest Fayle, 2023-07-18 A fascinating and insightful analysis of Woodrow Wilson's vision for a new world order following World War I. Fayle examines the historical context and political implications of Wilson's famous Fourteen Points speech, which proposed a program of global peace and cooperation based on democracy, free trade, and disarmament. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America and possibly other nations. Within the United States, you may freely copy and distribute this work as no entity, individual, or corporate has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant.

Fourteen Points for the Twenty-First Century Richard H. Immerman, Jeffrey A. Engel, 2020-06-23 When the United States entered World War I, President Woodrow Wilson declared to Congress that the objective was not merely to bring a new balance of power but rather to bring a just and secure peace to the world by the end of the conflict. In this famous speech, known as The Fourteen Points, Wilson offered the world a road map toward a more equitable international system in the midst of unprecedented global conflict, including ideas on the interconnectedness of democracy, trade, and the concept of a forum for peaceably resolving international disputes. Even decades after the end of the First World War, Wilson's ideas remained important and influenced many of his successors. But now in the twenty-first century, there are forces at work in the world that Wilson could never have imagined, and those forces call for a new plan toward peace. In *Fourteen Points for the Twenty-First Century: A Renewed Appeal for Cooperative Internationalism*, Richard H. Immerman and Jeffrey A. Engel bring together a diverse group of thinkers who take up Wilson's call for a new world order by exploring fourteen new directions for the twenty-first century. The contributors—scholars, policymakers, entrepreneurs, poets, doctors, and scientists—propose solutions to contemporary challenges such as migration, global warming, health care, food security, and privacy in the digital age. Taken together, these points challenge American leaders and policymakers to champion an international effort not to make America great again but to work cooperatively with other nations on the basis of mutual respect.

The U.S. Constitution and Other Key American Writings (Keepsake Edition) Editors of Canterbury Classics, 2024-03-26 *The U.S. Constitution and Other Key American Writings* is a collection of the crucial documents that established the United States. In addition to the Constitution, readers can study supplementary texts such as the Declaration of Independence, the Articles of Confederation, the Federalist Papers, and even important speeches by early presidents.

The Michigan Southern & Northern Indiana Railroad Company v. Frederick Shurtz, 7 MICH 514 (1859), 1859

The Nobel Peace Prize and the Laureates Irwin Abrams, 2001 Presents brief biographical portraits of the 106

recipients of the Nobel Peace Prize during its 100 year history *Safety Maintenance & Production* ,1920 Safety Engineering ,1920 **The Lights that Failed** Zara Steiner,2005-03-24 The peace treaties represented an almost impossible attempt to solve the problems caused by a murderous world war In *The Lights that Failed* European International History 1919 1933 part of the Oxford History of Modern Europe series Steiner challenges the common assumption that the Treaty of Versailles led to the opening of a second European war In a radically original way this book characterizes the 1920s not as a frustrated prelude to a second global conflict but as a fascinating decade in its own right when politicians and diplomats strove to re assemble a viable European order Steiner examines the efforts that failed but also those which gave hope for future promise many of which are usually underestimated if not ignored She shows that an equilibrium was achieved attained between a partial American withdrawal from Europe and the self imposed constraints which the Soviet system imposed on exporting revolution The stabilization painfully achieved in Europe reached its fragile limits after 1925 even prior to the financial crises that engulfed the continent The hinge years between the great crash of 1929 and Hitler's achievement of power in 1933 devastatingly altered the balance between nationalism and internationalism This wide ranging study helps us grasp the decisive stages in this process In a second volume *The Triumph of the Night* Steiner will examine the immediate lead up to the Second World War and its early years **Central Reporter** ,1886 *Sovereignty at the Paris Peace Conference of 1919* Leonard V. Smith,2018-03-02 We have known for many decades that the Paris Peace Conference of 1919 failed in the sense that it did not prevent the outbreak of World War II This book investigates not whether the Paris Peace Conference succeeded or failed but the historically specific international system it created It explores the rules under which that system operated and the kinds of states and empires that inhabited it Deepening the dialogue between history and international relations theory makes it possible to think about sovereignty at the Paris Peace Conference in new ways Sovereignty in 1919 was about not just determining of answers demarcating the international system but also the questions Sovereignty in 1919 was about remaking the world Most histories of the Paris Peace Conference stop with the signing of the Treaty of Versailles with Germany on 28 June 1919 Sovereignty at the Paris Peace Conference of 1919 considers all five treaties produced by the conference as well as the Treaty of Lausanne with Turkey in 1923 It is organized not chronologically or geographically but according to specific problems of sovereignty A peace based on justice produced a criminalized Great Power in Germany and a template problematically applied in the other treaties The conference sought to unmix lands and peoples in the defeated multinational empires by drawing boundaries and defining ethnicities The conference sought not so much to oppose revolution as to instrumentalize it in the new international system The League of Nations so often taken as the supreme symbol of the failure of the conference is better considered as a continuation of the laboratory of sovereignty established in Paris Official Gazette of the United States Patent and Trademark Office ,1986 **Code of Federal Regulations** ,2011 Special edition of the Federal Register containing a codification of documents of general applicability and

future effect with ancillaries The Perils of Prosperity, 1914-1932 William E.
