Griffith,1929 Big Dan Brouthers Roy Kerr,2013-09-28 Described as the Greatest Batsman in the Country by sportswriters of his era Dennis Big Dan Brouthers compiled a 342 batting average tying with Babe Ruth for ninth place all time and slugged 205 triples eighth all time in 16 major league seasons He won five batting and on base percentage titles and seven slugging titles and was the first player to win batting and slugging crowns in successive years Although he ranked fourth among nineteenth century home run hitters many fair balls he hit into the stands or over the fence were counted only as doubles or triples due to local ground rules Brouthers was extremely difficult to strike out in 1889 for example he did so just six times in 565 plate appearances He was the first player to be walked intentionally on a regular basis This comprehensive biography of Dan Brouthers examines his life and career from his youth as an apprentice in a print and dye factory to his final years as an attendant at the Polo Grounds It corrects numerous errors that have crept into earlier accounts of his life and clarifies his position as one of the greatest hitters ever to play the game **US 219**

Big Time Chris Warner,2023-04-10 Big Time A novel set at Louisiana State University in the Fall of 1988 By Chris Warner Louis Stansbury Underwood has never felt more alive He is on the precipice of realizing his boyhood dream of attending the Ole War Skule in Baton Rouge the Bayou State s flagship Louisiana State University like his father and maternal grandfather before him On a full academic scholarship he s spent the summer after his high school graduation as a ten hour a day roughneck on a remote oil rig in the Gulf of Mexico giving him the money and moxie he needs to pledge a fraternity move into a dorm and begin anew living life as a young adult with a promising future for the first time forever free from what he considers his shrinking home town s many shortcomings restrictions and peculiar confines For lucky Louis and his extended simple loving Cajun family and friends he s going big time to LSU pronounced Ellishoe and there s no looking back except maybe for that special someone he s leaving behind The sky is the limit for Louis His academic pedigree rugged athleticism and boyish smile make him sought after among Greek circles as the fraternities want him as much as the coquettish sorority girls want a handsome date to the first home football game After much consideration Louis pledges a

fraternity enrolls in classes and meets the gorgeous college girls of his fanciful dreams He is consumed by classes and the many socials and exchanges mixing on and off campus with interesting people like his potluck dorm roommate too an ardent scholarship freshman from New Orleans also pledging one of the smaller fraternities on campus a black one and despite their subtle differences they form a fast friendship and a bond that will change everything The Kappa Alpha Order on campus along with the Kappa Sigma Fraternity two Old Row stalwarts annually hold the Charity Bowl Fundraiser a football game played under the lights with paid referees pitting the two fraternity squads against one another pads helmets cleats onlookers refreshments and cheerleaders included For each of the young equipped and uniformed men and eager spectators it is an opportunity to relive their recent past and again play and enjoy the game they practiced and embraced with the usual zeal and vigor during their high school days it is a singular chance to again excel at a tough physical game to assert one's dominance and impress the ladies as everyone loves a winner Understanding this Louis and his newfound friend offer their fraternity officers a winning proposal Louis and his roommate see opportunity in a challenge their upstart fraternities will join unlikely forces and take on a super team comprising the collective best players of the two regular foes Kappa Alpha and Kappa Sigma creating much more campus and local media interest and potentially a much bigger symbolic take for the winners Keen interest in the novel contest spurs a hard sellout at a bigger venue everyone begging the obvious question Can an all white team take on and defeat a team with black players Big Time is a raucous romantic retro tale seeking to draw semblance to Southern living failed politics and pop culture from the not so distant past now a faded unframed memory

of a Mad Chef Daniel DellaVecchia, 2012-08-01 This family cookbook morphed into much more for me during the writing process. It began by contacting friends and family to collect recipes for what I thought would be a simple process. During those conversations and with my own memories, a flood of personal history evolved in my mind. What began as a repository of food recipes became much more to me, and I decided to collect the process in the form of this book. The Diary of a Mad Chef to also include photos of those people and selected short stories. Food has always been the center of our family's common narrative thread, and I attempted to place the face and the stories of my friends and family with the recipes as I remember them. Along with the feedback and photos from my friends and family, it became a two-year long effort to compile, edit, and publish this book. The journey has been a magnificent experience for me, and I am grateful to have had the time and opportunity to write this book. Design Research on Learning and Thinking in Educational Settings David Yun

Dai, 2012-04-23 The key question this book addresses is how to identify and create optimal conditions for the kind of learning and development that is especially important for effectively functioning in the 21st century. Taking a new approach to this long-debated issue, it looks at how a design research-based science of learning with its practical models and related design research can provide insights and integrated models of how human beings actually function and grow in the social dynamics of educational settings with all their affordances and constraints. More specifically: How can specific domains or subject matters be taught for broad intellectual development? How can technology be integrated in enhancing human functioning? How can the social organization of classroom learning be optimized to create social norms for promoting deep intellectual engagement and personal growth? Part I is concerned with broad conceptual and technical issues regarding cultivating intellectual potential with a focus on how design research might fill in an important niche in addressing these issues. Part II presents specific design work in terms of design principles, models, and prototypes. Annual Report Alberta. Alberta Agriculture, 1910
