legacy the myth of matriarchal origins These novelists are placed in relation not only to one another but also to Victorian archaeologists and especially to Jane Ellen Harrison 1850 1928 one of the first women to distinguish herself in the history of British Classical scholarship and whose anthropological approach to the study of early Greek art and religion both influenced and became transformed by the literature Rather than offering a teleological argument that moves lock step through the decades *The Lost Girls* proposes chapters that detail specific engagements with Demeter Persephone through which to register distinct literary cultural shifts in uses of the myth and new insights into the work of particular writers *Thomas Hardy, Time and Narrative* K. Ireland, 2014-07-29 How is Hardy's development of thematics and characters matched by that of narrative techniques and his handling of time This book uses narratological methods to stress the interdependence of content and expression in a key transitional writer between the Victorian and Modernist eras *Patterns in Language* Joanna Thornborrow, Shân Wareing, 1998 This student friendly textbook uses the principles of linguistic analysis to investigate the aesthetic use of language in literary and non literary texts **Solitude Versus Solidarity in the Novels of Joseph Conrad** Ursula Lord, 1998-04-17 Ursula Lord explores the manifestations in narrative structure of epistemological relativism textual reflexivity and political inquiry specifically Conrad's critique of colonialism and imperialism and his concern for the relationship between self and society The tension between solitude and solidarity manifests itself as a soul divided against itself an individual torn between engagement and detachment idealism and cynicism a dramatized narrator who himself embodies the contradictions between radical individualism and social cohesion a society that professes the ideal of shared responsibility while isolating the individual guilty of betraying the illusion of cultural or professional solidarity Conrad's complexity and ambiguity his conflicting allegiances to the ideal of solidarity versus the terrible insight of unrelenting solitude his grappling with the dilemma of private versus shared meaning are intrinsic to his political and philosophical thought The metanarrative focus of Conrad's texts intensifies rather than diminishes their philosophical and political concerns Formal experimentation and epistemological exploration inevitably entail ethical and social implications Lord relates these issues with intellectual rigour to the dialectic of individual liberty and collective responsibility that lies at the core of the modern moral and political debate **Classics** Library of Congress. National Library Service for the Blind and Physically Handicapped, 1994 **The Publishers' Trade List Annual**, 1904 *Routledge Revivals: Arguing With The Past* (1989) Gillian Beer, 2018-04-17 First published in 1989 this book analyses fiction and long narrative drawing on a broad range of writing from earlier periods and on recent narrative theory Gillian Beer looks at the work of writers as diverse as Thomas Carlyle and Philip Sydney Samuel Richardson and George Eliot Three chapters on Virginia Woolf demonstrate how Woolf's reading of past literature philosophy and science gave her an intellectual and emotional purchase on problems of feminism and modernism Beer examines how writers create dialogues with past writing how readers of the present day engage with the difference of past literature and how we make contact with the desires and debates of past readers
