The New Anti-Semitism

Jeffrey Herf

The New Anti-Semitism:

The New Anti-Semitism Phyllis Chesler, 2003-07-24 The long ago disproven Protocols of Zion which accuse the Jews of an alleged world conspiracy to conquer and control the world have been revived and promulgated in the United States Europe and the Middle East BOOK JACKET **The Changing Face of Anti-Semitism** Walter Laqueur, 2008-06-30 For thirty years the director of the Wiener Library in London the leading institute for the study of anti-Semitism Walter Laqueur here offers both a comprehensive history of anti-Semitism as well as an illuminating look at the newest wave of this phenomenon Laqueur begins with an invaluable historical account of this pernicious problem tracing the evolution from a predominantly religious anti-Semitism stretching back to the middle ages to a racial anti-Semitism that developed in the late 19th and early 20th centuries The author then uses this historical account as backdrop to a brilliant analysis of the newest species of anti-Semitism explaining its origins and rationale how it manifests itself in what ways and why it is different from anti-Semitism in past ages and what forms it may take in the future The book reveals that what was historically a preoccupation of Christian and right wing movements has become in our time even more frequent among Muslims and left wing groups Moreover Laqueur argues that we can't simply equate this new anti-Semitism with anti-Zionism and write it off as merely anti-Israel sentiments If Israel alone is singled out for heated condemnation is the root of this reaction simply anti-Zionism or is it anti-Semitism Here is both a summing up of the entire trajectory of anti-Semitism the first comprehensive history of its kind and an exploration of the new wave of anti-Semitism Walter Laqueur provides us with powerful new insights into an age old problem Distinguished scholarship and an authoritative moral voice are the hallmarks of this important book Anyone wanting to understand the history and persistence of anti-Jewish hatred should read it Abraham H Foxman National Director Anti-Defamation League **Contending with Antisemitism in a Rapidly Changing Political Climate** Alvin H.

Rosenfeld, 2021-11-02 Today's highly fraught historical moment brings a resurgence of antisemitism Antisemitic incidents of all kinds are on the rise across the world including hate speech the spread of neo-Nazi graffiti and other forms of verbal and written threats the defacement of synagogues and Jewish cemeteries and acts of murderous terror Contending with Antisemitism in a Rapidly Changing Political Climate is an edited collection of 18 essays that address antisemitism in its new and resurgent forms Against a backdrop of concerning political developments such as rising nationalism and illiberalism on the right new forms of intolerance and anti-liberal movements on the left and militant deeds and demands by Islamic extremists the contributors to this timely and necessary volume seek to better understand and effectively contend with today's antisemitism **The Resurgence of Anti-Semitism** Bernard Harrison, 2006-10-27 Recently Jewish voices have begun to warn against a new anti-Semitism fueled by moral concerns about Israel Opponents have retorted that opposition to Zionism is by no means anti-Semitic This book by a non-Jewish analytic philosopher assesses the relative merits of these opposed views and offers a detailed examination of the moral and intellectual credentials of the widespread current of opinion whose

growth underlies both **Antisemitism in the North** Jonathan Adams, Cordelia Heß, 2019-12-02 Is research on antisemitism even necessary in countries with a relatively small Jewish population Absolutely as this volume shows Compared to other countries research on antisemitism in the Nordic countries Denmark the Faroe Islands Finland Greenland Iceland Norway and Sweden is marginalized at an institutional and staffing level especially as far as antisemitism beyond German fascism the Second World War and the Holocaust is concerned Furthermore compared to scholarship on other prejudices and minority groups issues concerning Jews and anti Jewish stereotypes remain relatively underresearched in Scandinavia even though antisemitic stereotypes have been present and flourishing in the North ever since the arrival of Christianity and long before the arrival of the first Jewish communities This volume aims to help bring the study of antisemitism to the fore from the medieval period to the present day Contributors from all the Nordic countries describe the status of as well as the challenges and desiderata for the study of antisemitism in their respective countries **Global Antisemitism: A Crisis of Modernity** Charles Asher Small, 2013-11-28 This volume contains a selection of essays based on papers presented at a conference organized at Yale University and hosted by the Yale Initiative for the Interdisciplinary Study of Antisemitism YIISA and the International Association for the Study of Antisemitism IASA entitled Global Antisemitism A Crisis of Modernity The essays are written by scholars from a wide array of disciplines intellectual backgrounds and perspectives and address the conference's two inter related areas of focus global antisemitism and the crisis of modernity currently affecting the core elements of Western society and civilization Rather than treating antisemitism merely as an historical phenomenon the authors place it squarely in the contemporary context As a result this volume also provides important insights into the ideologies processes and developments that give rise to prejudice in the contemporary global context This thought provoking collection will be of interest to students and scholars of antisemitism and discrimination as well as to scholars and readers from other fields *Confronting Antisemitism in Modern Media, the Legal and Political Worlds* Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-05-10 This volume documents the transformation of age old antisemitic stereotypes into a new form of discrimination often called New Antisemitism or Antisemitism 2.0 Manifestations of antisemitism in political legal media and other contexts are reflected on theoretically and contemporary developments are analyzed with a special focus on online hatred The volume points to the need for a globally coordinated approach on the political and legal levels as well as with regard to the modern media to effectively combat modern antisemitism *A History of Antisemitism in Canada* Ira Robinson, 2015-10-16 This state of the art account gives readers the tools to understand why antisemitism is such a controversial subject It acquaints readers with the ambiguities inherent in the historical relationship between Jews and Christians and shows these ambiguities in play in the unfolding relationship between Jews and Canadians of other religions and ethnicities It examines present relationships in light of history and considers particularly the influence of antisemitism on the social religious and political history of the Canadian Jewish community A History of Antisemitism in

Canada builds on the foundation of numerous studies on antisemitism in general and on antisemitism in Canada in particular as well as on the growing body of scholarship in Canadian Jewish studies. It attempts to understand the impact of antisemitism on Canada as a whole and is the first comprehensive account of antisemitism and its effect on the Jewish community of Canada. The book will be valuable to students and scholars not only of Canadian Jewish studies and Canadian ethnic studies but of Canadian history.

Confronting Antisemitism from Perspectives of Philosophy and Social Sciences Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-11-08. The five volumes provide a compendium of the history of and discourse about antisemitism both as a unique cultural and religious category. Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew hatred which are stored in the cultural and religious memories of the Western and Muslim worlds. This volume explores the phenomenon from the perspectives of Philosophy and Social Sciences.

Essays on Antisemitism, Anti-Zionism, and the Left Jean Amery, 2022-01-04. This is a collection of essays by world famous author Jean Amery translated into English for the first time. Although written prior to his death in 1978, their insights are as contemporary and fresh as ever given the current political climate. Amery's works have been a mainstay of IUP's Holocaust list of decades.

Critical Theories of Anti-Semitism Jonathan Judaken, 2024-06-04. Despite its persistence and viciousness, anti-Semitism remains undertheorized in comparison with other forms of racism and discrimination. How should anti-Semitism be defined? What are its underlying causes? Why do anti-Semites target Jews? In what ways has Judeophobia changed over time? What are the continuities and disconnects between medieval anti-Judaism and the Holocaust? How does criticism of the state of Israel relate to anti-Semitism? And how can social theory illuminate the upsurge in attacks on Jews today? Considering these questions and many more, this book is at once a philosophical reflection on key problems in the analysis of anti-Semitism and a history of its leading theories and theorists. Jonathan Judaken explores the methodological and conceptual issues that have vexed the study of Judeophobia and calls for a reconsideration of the definitions, categories, and narratives that underpin overarching explanations. He traces how a range of thinkers have wrestled with these challenges, examining the theories of Jean-Paul Sartre, the Frankfurt School, Hannah Arendt, and Jean-François Lyotard alongside the works of sociologists Talcott Parsons and Zygmunt Bauman and historians Leon Poliakov and George Mosse. Judaken argues against claims about the uniqueness of Judeophobia, demonstrating how it is entangled with other racisms: Islamophobia, Negrophobia, and xenophobia. *Critical Theories of Anti-Semitism* not only urges readers to question how they think about Judeophobia but also draws them into conversation with a range of leading thinkers whose insights are sorely needed in this perilous moment.

Anti-Zionism and Antisemitism Alvin H. Rosenfeld, 2019-01-09. Seventeen essays by scholars examining the links between anti-Semitism and attitudes toward Israel in the current political climate. How and why have anti-Zionism and antisemitism become so radical and widespread? This timely and important volume argues convincingly that today's inflamed rhetoric exceeds the boundaries of legitimate

criticism of the policies and actions of the state of Israel and conflates anti Zionism with antisemitism The contributors give the dynamics of this process full theoretical political legal and educational treatment and demonstrate how these forces operate in formal and informal political spheres as well as domestic and transnational spaces They offer significant historical and global perspectives of the problem including how Holocaust memory and meaning have been reconfigured and how a singular and distinct project of delegitimization of the Jewish state and its people has solidified This intensive but extraordinarily rich contribution to the study of antisemitism stands out for its comprehensive overview of an issue that is both historical and strikingly timely

Anti-Semitism and Anti-Zionism in Historical Perspective Jeffrey Herf, 2013-10-31 Previously published as a special issue of The Journal of Israeli History this book presents the reflections of historians from Israel Europe Canada and the United States concerning the similarities and differences between anti Zionism and anti Semitism primarily in Europe and the Middle East Spanning the past century the essays explore the continuum of critique from early challenges to Zionism and they offer criteria to ascertain when criticism with particular policies has and has not coalesced into an ism of anti Zionism and anti Semitism Including studies of England France Germany Poland the United States Iran and Israel the volume also examines the elements of continuity and break in European traditions of anti Semitism and anti Zionism when they diffused to the Arab and Islamic Essential course reading for students of religious history

Antisemitism Before and Since the Holocaust Anthony McElligott, Jeffrey Herf, 2017-04-03 Divided into five discrete sections this book examines the issue of Holocaust denial and in some cases Holocaust inversion in North America Europe and the Middle East and its relationship to the history of antisemitism before and since the Holocaust It thus offers both a historical and contemporary perspective This volume includes observations by leading scholars delivering powerful even controversial essays by scholars who are reporting from the frontline It offers a discussion on the relationship between Christianity and Islam as well as the historical and contemporary issues of antisemitism in the USA Europe and the Middle East This book explores how all of these issues contribute consciously or otherwise to contemporary antisemitism The chapters of this volume do not necessarily provide a unity of argument nor should they Instead they expose the plurality of positions within the academy and reflect the robust discussions that occur on the subject

Antisemitism and Racism Christine Achinger, Robert Fine, 2017-10-02 The growing threat of antisemitism racism and Islamophobia within the European political landscape poses urgent and difficult questions These questions concern both commonalities and connections between these forms of prejudice and persecution and differences regarding their discursive functions and the image of the other they project In this volume we interrogate the specific forms antiracism and anti antisemitism take in the public sphere their representation in scholarly discourses and the fact that they increasingly seem to be at home in separate and sometimes antagonistic political and academic camps We also address the conceptual resources and research tools required to study the unity that lies behind these varied phenomena This collection has a new introduction and brings together papers that arose

out of discussions in the European Sociological Association Network on Racism and Antisemitism published in European Societies The chapters relate to current issues in the area of racism and anti-Semitism such as the notable impact of the Israel Palestine conflict on antisemitism in Europe the contested antizionist humour of Dieudonné in France relations between antisemitic and Islamophobic attitudes in Italy and Spain the problem of antisemitic reactions to Islamophobia in Arab media the historical relation of antisemitism to other kinds of racism in German literary discourse and how their study can be instructive for the investigation of antisemitism and Islamophobia today the difficulties Marxists internationally have faced in addressing concerns about antisemitism and current disconnections between racism and antisemitism in the human sciences These papers raise fundamental issues of understanding the modern world This book was originally published as a special issue of European Studies

Antisemitism and Racism Christine Achinger, Robert Fine, 2017-10-02 The growing threat of antisemitism racism and Islamophobia within the European political landscape poses urgent and difficult questions These questions concern both commonalities and connections between these forms of prejudice and persecution and differences regarding their discursive functions and the image of the other they project In this volume we interrogate the specific forms antiracism and anti antisemitism take in the public sphere their representation in scholarly discourses and the fact that they increasingly seem to be at home in separate and sometimes antagonistic political and academic camps We also address the conceptual resources and research tools required to study the unity that lies behind these varied phenomena This collection has a new introduction and brings together papers that arose out of discussions in the European Sociological Association Network on Racism and Antisemitism published in European Societies The chapters relate to current issues in the area of racism and anti-Semitism such as the notable impact of the Israel Palestine conflict on antisemitism in Europe the contested antizionist humour of Dieudonné in France relations between antisemitic and Islamophobic attitudes in Italy and Spain the problem of antisemitic reactions to Islamophobia in Arab media the historical relation of antisemitism to other kinds of racism in German literary discourse and how their study can be instructive for the investigation of antisemitism and Islamophobia today the difficulties Marxists internationally have faced in addressing concerns about antisemitism and current disconnections between racism and antisemitism in the human sciences These papers raise fundamental issues of understanding the modern world This book was originally published as a special issue of European Studies

On Antisemitism Mark Mazower, 2025-09-23 Excellent and timely The New Yorker Informative insightful and provocative On Antisemitism couldn't be more timely The Pittsburgh Post Gazette An immense contribution In tracing the evolving meaning of antisemitism Mazower demonstrates persuasively how we might turn it from a weapon back into a word Rigorous and lucid The New Republic From one of our most eminent historians a penetrating and timely examination of how the meaning of antisemitism has mutated with unexpected and troubling consequences What are we talking about when we talk about antisemitism For most of its history it was understood to be a menace from the political Right the province of ethno nationalists

who built on Christendom's long standing suspicion of its tiny Jewish population and infused it with racist pseudoscience. When the twentieth century began the vast majority of the world's Jews lived in Europe. For them there was no confusion about where the threat of antisemitic politics lay: a threat that culminated in the nightmare of Nazi Germany and the Holocaust. Now, in a piercingly brilliant book that ranges from the term's invention in the late nineteenth century to the present, Mark Mazower argues the landscape is very different. More than four fifths of the world's Jews live in two countries, Israel and the United States, and the former's military dominance of its region is guaranteed by the latter. Before the Second World War Jews were a minority apart and drawn by opposition to Fascism into an alliance with other oppressed peoples. Today, in contrast, Jews are considered white and for today's anti-colonialists Israel's treatment of the Palestinians has become a critical issue. The old Left solidarity is a thing of the past; indeed, the loudest voices decrying antisemitism see it coming from the Left, not the Right. Mazower clearly and carefully shows us how we got here, navigating this minefield through a history that seeks to illuminate rather than to blame, demonstrating how the rise of a pessimistic post-Holocaust sensibility along with growing international criticism of Israel produced a gradual conflation of the interests of Jews and the Jewish state. Half a century ago few people believed that antisemitism had anything to do with hostility to Israel; today mainstream Jewish voices often equate the two. The word remains the same but its meaning has changed. The tragedy, Mazower argues, is that antisemitism persists. If it can be found on the far Left it still is a much graver danger from those forces on the Right chanting Jews will not replace us in Charlottesville and their ilk. If we allow the charge to be applied too loosely and widely to shut down legitimate argument we are only delegitimizing the term and threatening to break something essential in how democracies function. *On Antisemitism* is a vitally important attempt to draw that necessary line.

Comprehending and Confronting Antisemitism Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2019-11-05. This volume provides a compendium of the history of and discourse about antisemitism both as a unique cultural and religious category. Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew hatred which are stored in the cultural and religious memories of the Western and Muslim worlds, migrating freely between Christian, Muslim and other religious symbolic systems. *Antisemitism and Anti-Zionism* Rusi Jaspal, 2016-04-15. Antisemitism and anti-Zionism are complex, delineable yet inter-related social psychological phenomena. While antisemitism has been described as an irrational, age-old prejudice, anti-Zionism is often represented as a legitimate response to a rogue state. Drawing upon media and visual sources and rich interview data from Iran, Britain and Israel, *Antisemitism and Anti-Zionism: Representation, Cognition and Everyday Talk* examines the concepts of antisemitism and anti-Zionism, tracing their evolution and inter-relations and considering the distinct ways in which they are manifested and responded to by Muslim and Jewish communities in Iran, Britain and Israel. Providing insights from social psychology, sociology and history, this interdisciplinary analysis sheds light on the pivotal role of the media, social representations and

identity processes in shaping antisemitism and anti Zionism As such this provocative book will be of interest to social scientists working on antisemitism race and ethnicity political sociology and political science media studies and Middle Eastern politics Racialization and Religion Nasar Meer,2015-04-10 This volume locates the contemporary study of anti Semitism and Islamophobia squarely within the fields of race and racism As such it challenges the extent to which discussion of the racialization of these minorities remains unrelated to each other or is explored in distinct silos as a series of internal debates By harnessing the explanatory power of long established organizing concepts within the study of race and racism this collection of articles makes a historically informed theoretical and empirical contribution to aligning these analytical pursuits The collection brings together a range of perspectives on this subject including a comparison between Islamophobia in early modern Spain and twenty first century Europe an examination of the new anti Semitism and an analysis of online anti Muslim and anti Semitic jokes This book was originally published as a special issue of Ethnic and Racial Studies

As recognized, adventure as capably as experience not quite lesson, amusement, as skillfully as concord can be gotten by just checking out a ebook **The New Anti Semitism** as well as it is not directly done, you could acknowledge even more nearly this life, all but the world.
