Sugarman, Roger Duncan, 2006-03-07 The Promise of Phenomenology Posthumous Papers of John Wild includes articles that remained unpublished during Wild s lifetime a journal wherein he recorded conversations with major British and Continental philosophers during 1957 8 as well as a masterful exposition and commentary on Emmanuel Levinas s book Totality and Infinity It also contains a complete bibliography of all of Wild s unpublished writings open for research at the Beinecke Rare Book Library at Yale University More personal and less reserved than Wild s published scholarship yet containing Wild s characteristic clarity and rigor the writings in this book cover such subjects as a phenomenological approach to moral relativism an exploration of lived time and reflections on the other and religious transcendence The Promise of Phenomenology gives a lively picture of a master philosopher at work conveying the vitality and importance of philosophy to everyday life

The Seer James W. Goll, 2005-01-28 The prophetic movements in church history and in contemporary life are fed by two mighty streams the prophet whose revelation is primarily verbal and the seer whose revelation is more visionary in nature While the role of the

prophet is familiar less is known about the seer dimension To many people these visionary prophets remain mysterious otherworldly and even strange Knowledge dispels misunderstanding Join author Jim W Goll on an exciting and insightful journey into this lesser known dimension the visionary world of the seer You will discover the prophetic power of dreams visions and life under the open heavens How does visionary revelation happen Can it be trusted Where does it fit into the life of the church today Can any believer become a seer or is this a prophetic dimension reserved for the specially gifted The Seer answers these questions and will move your heart and stir up your hunger for intimacy with God because The Seer s goal is to reveal the man Christ Jesus The Occult Nineteenth Century Lukas Pokorny,Franz Winter,2021-01-09 The nineteenth century witnessed a proliferation of alternative religious currents and practices appropriating earlier traditions entangling geographically distinct spiritual discourses and crafting a repository of mindscapes eminently suitable to be accommodated by later generations of thinkers and practitioners Penned by specialists in the field this volume examines important themes and figures pertaining to this occult amalgam and its resonance into the twentieth century and beyond Global guises of the occult ranging from the Americas and Europe to India are variously addressed with special attention to the crucial role of mesmerism and the origins of modern yoga **The Seer Dimensions** Jennifer LeClaire,2019-10-22 The seer realm lies just beyond what your natural eyes can see This dimension is full of activity both angelic and demonic The Seer Dimensions offers revelation and practical teaching that will help you understand and navigate the heights and depths of the spiritual world Many people who see in the spirit often don t know what **The Biblical World** William Rainey Harper,Ernest DeWitt Burton,Shailer Mathews,1899 Books for New Testament study By Clyde Weber Votaw v 26 p 271 320 v 37 p 289 352 **Apocalypse Against Empire** Anthea Portier-Young,2011-01-06 A fresh and daring take on ancient apocalyptic books The year 167 b c e marked the beginning of a period of intense persecution for the people of Judea as Seleucid emperor Antiochus IV Epiphanes attempted forcibly and brutally to eradicate traditional Jewish religious practices In *Apocalypse against Empire* Anthea Portier Young reconstructs the historical events and key players in this traumatic episode in Jewish history and provides a sophisticated treatment of resistance in early Judaism Building on a solid contextual foundation Portier Young argues that the first Jewish apocalypses emerged as a literature of resistance to Hellenistic imperial rule She makes a sturdy case for this argument by examining three extant apocalypses giving careful attention to the interplay between social theory history textual studies and theological analysis In particular Portier Young contends the book of Daniel the *Apocalypse of Weeks* and the *Book of Dreams* were written to supply an oppressed people with a potent antidote to the destructive propaganda of the empire renewing their faith in the God of the covenant and answering state terror with radical visions of hope *A Testimony of Jesus Christ - Volume 1* Anthony Charles Garland,2007 A Commentary on the Book of Revelation Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author

explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author s conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides

Man as a Place of God Renée van Riessen,2007-08-07 This book offers an examination of Levinas s philosophy of religion in light of his ethics and anthropology It provides critical perspectives on Levinas by relating his work to that of Heidegger Ricoeur Rorty Derrida and Vattimo The focus of interpretation is the hermeneutics of kenosis the subject s ability to be open towards the other to the point where man can be seen as a place of God

Embodied Literacies Kristie S. Fleckenstein,2003-08-25 Embodied Literacies Imageword and a Poetics of Teaching is a response to calls to enlarge the purview of literacy to include imagery in its many modalities and various facets Kristie S Fleckenstein asserts that all meaning linguistic or otherwise is a result of the transaction between image and word She implements the concept of imageword a mutually constitutive fusion of image and word to reassess language arts education and promote a double vision of reading and writing Utilizing an accessible fourfold structure she then applies the concept to the classroom reconfiguring what teachers do when they teach how they teach what they teach with and how they teach ethically Fleckenstein does not discount the importance of text in the quest for literacy Instead she places the language arts classroom and teacher at the juncture of image and word to examine the ways imagery enables and disables the teaching of and the act of reading and writing Learning results from the double play of language and image she argues Helping teachers and students dissolve the boundaries between text and image the volume outlines how to see reading and writing as something more than words and language and to disestablish our definitions of literacy as wholly linguistic Embodied Literacies Imageword and a Poetics of Teaching comes at a critical time in our cultural history Echoing the opinion that postmodernity is a product of imagery rather than textuality Fleckenstein argues that we must evolve new literacies when we live in a culture saturated by images on computer screens televisions even billboards Decisively and clearly she demonstrates the importance of incorporating imagery which is inextricably linked to our psychological social and textual lives into our
