*How I Got Into Stanford (By A Student Who Successfully Transferred to Stanford)* Mandy Howard, 2012-04-04

**ABOUT THE BOOK** Lets face it competition these days is stiff More high school seniors are applying to college than ever before The increased competition means greater numbers of eager students stuck with envelopes delivering a quick thanks but no thanks rejection Maybe you didnt know exactly what you wanted from your college experience the first time you applied or youve done extremely well at a local school and are ready to swim in a sea worthy of your talent Maybe going to Stanford is your dream and you cant give up on receiving that diploma quite yet Applying as a transfer student allows the school admissions to have another look at you and presents you in a different pool of applicants Every year worthy applicants are turned away simply because of the limited capacity of the class Still transferring is tricky business Transfer admission is even more competitive than admission to the freshman class Recently there have only been between 20 and 40 transfer students admitted each year The year I transferred the number was fewer than 20 This is partially because the students at Stanford are too darn happy student retention rate at the school is typically 98%

Essays that Worked for College Applications Boykin Curry, Brian Kasbar, 2003-07-29 Essays that Worked for College Applications offers advice on writing a successful college admissions essay and presents fifty examples. Essays that Worked for Medical Schools Ballantine, 2007-12-18 Discover why admissions officers from the nation's top medical schools selected these essays of worthy applicants. With only a limited number of spaces available every year to the thousands of qualified applicants to the nation's top medical schools, a serious candidate must find a way to set himself or herself apart from the crowd. The essay is your one chance to highlight the personal qualities and achievements that the application and MCAT scores do not reveal. As *Essays That Worked for Medical Schools* demonstrates, there is no such thing as the perfect submission. The winning essays cover a wide range of interesting topics. If there is any similarity, it is that they are written from the heart. One applicant writes about his work as a counselor for mentally ill adults and teens. Another tells about the life-changing experience of delivering much needed supplies to a leprosy village in West Africa. And a third applicant talks about time spent volunteering at a local senior center. From the thousands submitted each year, the essays in this book were considered some of the best by admissions officers at the nation's top medical schools. With creativity and effort, you can turn almost any topic into an effective, successful essay for your medical school application. **The College**
