

STANFORD ESSAY SAMPLE

Prompt: Discuss an accomplishment or event, formal or informal, that marked your transition from childhood to adulthood within your culture, community, or family.

When I take a look at a picture of my younger self, I always comment on how I have changed and grown, not just physically, but also emotionally and mentally as an individual. About a month after the recent photo I was looking at was taken, I entered AA College without any knowledge as to what I should expect. I was a young lady who was several thousand miles away from home.

Surrounding me is a complete picture of things that are different from what I used to know. However, I see my priorities really well. I love studying different kinds of planes and cars. If there is one special occurrence that can happen to a person is the diversity of our student body, which proves us a big help for us new students there. I am not really sure whether or not the speed up of my maturing process is good for me or not, but I know that I have benefitted well.

The classroom environment has become an entirely different world for me. Before, the students and teachers were preaching the importance of knowledge and learning. It was also obvious that students were concerned of the grades. However, I believe that effort should come from us, the students.

I particularly liked one teacher who always assigned us to prepare everyday in order to discuss a book. What makes it unique is that she made the requirements clear we should be able to maximize the sources we have, but not allowed to look at the book. We can ask from other people in the school. Because of that teaching strategy, I learned the importance of 'thinking'. I believe this is very important as I continue with my education further.
