A dynamic space battle scene. In the foreground, a large, detailed battleship with a complex, multi-layered hull is firing three powerful blue energy beams. Two smaller, sleeker enemy ships are positioned in the upper left and center, being targeted by the beams. The background features a large, partially obscured planet with a blue and white atmosphere, and a deep space filled with stars and smaller debris.

Star Soldiers Andre Norton, 2001-08-01 Andre Norton Grand Mistress of science fiction presents a grand tapestry of the far flung interstellar future in which the first starships from Earth have burst out into the universe only to run straight into the restraining grasp of the stagnant alien federation known as Central Control Only as interstellar mercenaries can humans go to the stars the aliens who already dominate the galaxy allow no other recourse But when Swordsman Third Class Kana Karr and his comrades in arms are betrayed and abandoned on a hostile world by their alien masters the warriors from Earth begin a desperate but glorious march across a planet whose every sword is against them Their actions may doom humanity's future or lead the way to an empire of their own Four thousand years later galactic civilization is collapsing and the underfunded crew of an exploration starship is forced to set down on an uncharted planet a mysterious abandoned world that is achingly beautiful and hauntingly familiar Ranger Sergeant Kartr telepath and stellar Patrolman searches with his crewmates for the source of a beacon which may mean escape for them all What he finds is far stranger the first clue to what may become the greatest revelation in galactic history The defining events of future history as only Andre Norton could tell them At the publisher's request this title is sold without DRM Digital Rights Management *Star Soldier* Vaughn Heppner, 2014-03-15 It's survival of the fittest in a brutal war of extinction Created in the gene labs as super soldiers the Highborn decide to replace the obsolete Homo sapiens They pirate the Doom Stars and capture the Sun Works Ring around Mercury Now they rain asteroids orbital fighters and nine foot tall drop troops onto Earth in a relentless tide of conquest Marten Kluge is on the receiving end Hounded by Thought Police he lives like an ant in a kilometer deep city The invasion frees him from a re education camp but lands him in the military fighting for the wrong side STAR SOLDIER is the story of techno hell in a merciless war with too many surprises for any grunt's sanity It is written by bestselling author Vaughn Heppner **Time Jump Revolutions** Simmons S. Gordon, 2014-06 In this third and final installment of the Time Jump series Saul and Victoria were in jail in 2169 for their crimes when a new threat emerged An intergalactic terrorist group called the Dominants lead by Daniel the Headmaster set them free and intended to rule the past in 2015 Wiseman Eric went back to 2015 to warn Brian and the team of this Now all four having battlesuits and new weaponry they try to stop this new threat since Stoneheart's death two years earlier in 2013 **A Star's Legacy** Peter Longley, 2009-07-10 Three unique people Joshua of Nazareth Linus Flavian and Maria of Magdala are born in 5 B C during the appearance of an unusual star over the Middle East Their lives will become intertwined through a series of events that will forever mark them Around the time of their birth superstition is rife Intrigue between High Priests the Herodians and Rome along with hope in an expanding world of greed and commerce shape their differing destinies Action takes the reader from Jerusalem and the hillsides of Galilee to the Jewish world of Alexandria the trading centers of Petra and Palmyra and the magnificence of Rome Surrounded by rebellion slavery and their own adolescent dreams the lives of Joshua Linus and Maria begin to unfold in a

vast canvas covering the length and breadth of the Roman world The first in the dramatic new series The Magdala Trilogy A Stars Legacy provides a fascinating commentary on the origins of Christianity that is both challenging and yet plausible incorporating traditional beliefs fictitious thoughts and new interpretations With vivid prose and compelling characters A Stars Legacy offers a captivating glimpse into Biblical times and Christianitys core ideas [The Romance of Golden Star](#) George Chetwynd Griffith,2020-09-28 Ah what a thing it would be for us if his Inca Highness were really only asleep as he looks to be Just think what he could tell us how easily he could re create that lost wonderland of his for us what riddles he could answer what lies he could contradict And then think of all the lost treasures that he could show us the way to Upon my word if Mephistopheles were to walk into this room just now I think I should be tempted to make a bargain with him Do you know Djama I believe I would give half the remainder of my own life whatever that may be to learn the secrets that were once locked up in that withered desiccated brain of his The speaker was one of two men who were standing in a large room half study half museum in a big old fashioned house in Maida Vale Wherever the science of arch ology was studied Professor Martin Lamson was known as the highest living authority on the subject of the antiquities of South America He had just returned from a year s relic hunting in Peru and Bolivia and was enjoying the luxury of unpacking his treasures with the almost boyish delight which under such circumstances comes only to the true enthusiast His companion was a somewhat slenderly built man of medium height whose clear olive skin straight black hair and deep blue black eyes betrayed a not very remote Eastern origin Dr Laurens Djama was a physiologist whose rapidly acquired fame he was barely thirty two would have been considered sounder by his professional brethren if it had not been as they thought impaired by excursions into by ways of science which were believed to lead him perilously near to the borders of occultism Five years before he had pulled the professor through a very bad attack of the calentura in Panama where they met by the merest traveller s chance and since then they had been fast friends They were standing over a long packing case some seven feet in length and two and a half in breadth in which lay at full length wrapped in grave clothes that had once been gaily coloured but which were now faded and grey with the grave dust the figure of a man with hands crossed over the breast dead to all appearances and yet so gruesomely lifelike that it seemed hard to believe that the broad muscular chest over which the crossed hands lay was not actually heaving and falling with the breath of life The face had been uncovered It was that of a man still in the early prime of life The dull brown hair was long and thick the features somewhat aquiline and stamped even in death with an almost royal dignity The skin was of a pale bronze though darkened by the hues of death Yet every detail of the face was so perfect and so life like that as the professor had said it seemed to be rather the face of a man in a deep sleep than that of an Inca prince who must have been dead and buried for over three hundred years The closed eyes though somewhat sunken in their sockets were the eyes of sleep rather than of death and the lids seemed to lie so lightly over them that it looked as though one awakening touch would raise them *The Romance of Golden Star ...* George Chetwynd Griffith,1897 [History of the](#)
