Preventing Fatal Incidents in School and Youth Group Camps and Excursions Andrew Brookes,2018-05-07 This book approaches the prevention of fatal incidents in outdoor education and related fields through detailed study of past tragedies Although safety in many fields is built on accumulated lessons from past incidents tragedies on school or youth group camps and excursions are so infrequent and so widely scattered that knowledge from previous incidents can elude those who would benefit Nevertheless the emergence of unlearned lessons from the past weighs heavily when those affected by a tragedy judge whether an incident should have been prevented This book provides a foundation for a detailed and comprehensive understanding of fatality prevention in outdoor education and in youth camps and excursions It compiles examines and analyses information on fatal incidents that have occurred over many decades involving many kinds of groups and endeavours from around the globe No previous work has attempted this task

Counter-Insurgency in Nigeria Akali Omeni,2017-09-08 This book offers a detailed examination of the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017 Based on extensive fieldwork conducted with military units in Nigeria Counter Insurgency in Nigeria has two main aims First it seeks to provide an understanding of the Nigerian military s internal role a role that today as a result of internal threats pivots towards counter insurgency The book illustrates how organizational culture historical experience institutions and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the past The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents specifically plans and operations between June 2011 and April 2017 Within this second theme emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram and this book aims to disperse that veil of secrecy Furthermore the work s

analysis of the air force's role in counter insurgency is unprecedented within the literature on military warfare in Nigeria. This book will be of great interest to students of military studies, counter insurgency, counter terrorism, African politics and security studies in general. With the Face of the Enemy Katharina Motyl, 2024-11-20. *With the Face of the Enemy* focuses on the writings of Arab American authors between 2001 and 2011. Positioned as Arab Americans in the post 9/11 U.S., this underexamined group of writers projects unique insights into both the Western and Arab worlds. Using the lens of postcolonial literary theory, Katharina Motyl explores how the War on Terror turned Arab Americans into enemies within their own country. Countering the master narrative of a clash of civilizations between the Islamic world and the West, the fictional and poetic texts discussed in this book alternate between deconstructing neo-Orientalist stereotypes and critiquing U.S. neocolonialism in the Greater Middle East on the one hand and critically examining Arab culture for instance its patriarchal outlook on the other. Motyl pays special attention to texts written by Arab American women who have radically advocated for self-determination in areas like sexuality and mode of dress, thus rejecting the stereotype of Arab women as oppressed victims. *With the Face of the Enemy* takes a serious look at how the aesthetics of Arab American literature negotiates the many psychosocial consequences the domestic War on Terror and the U.S. wars in Iraq and Afghanistan have had on the Arab American community.

Joint external evaluation of the International Health Regulations (2005) core capacities of Bangladesh World Health Organization, 2025-08-23. Eight years after completing its first Joint External Evaluation (JEE) in 2016, Bangladesh remains at the forefront of demonstrating strong leadership in International Health Regulations 2005 (IHR 2005) competencies and pandemic preparedness. Having completed its second JEE with the updated Version 3 tool, the country continues to strengthen its capacity through a multisectoral One Health approach which emphasizes collaboration across the human, animal and environmental health sectors. This JEE mission represents the 157th globally and Bangladesh is one of 19 countries to have completed a second evaluation. Noteworthy achievements include Bangladesh's exceptional immunization programme receiving top scores in all indicators as well as its proactive response to the COVID-19 pandemic during which the country successfully vaccinated over 83% of its population. The use of veterinary laboratories for surge testing during the pandemic serves as an excellent example of the One Health approach in action, leading to more efficient outcomes. *Legal Basis Of Global Tissue Banking: A Proactive Clinical Perspective* Glyn O'Phillips, 2015-07-16. The banking of human tissues for clinical transplantation has grown exponentially in the past 10-15 years. Tissue banks have been set up throughout the world initially on an ad hoc basis. More recently these have grown and in many countries have linked up with larger international companies. While standards for the procurement, processing and storage of the tissues have kept pace with the growth of the subject, this is not so with the legal considerations associated with the practice. There is no unified legal system which is internationally operated. Europe, USA, Asia, Latin America, China have been developing legal systems on an individual basis. This book describes the present state of the development of laws to control

and make the banking and use of tissues legal and safe It describes for the first time the current systems which are used throughout the world and points the way to setting up a harmonized global legal system Contested Records Michael Leong,2020-05-01 Why have so many contemporary poets turned to source material from newspapers to governmental records as inspiration for their poetry How can citational poems offer a means of social engagement Contested Records analyzes how some of the most well known twenty first century North American poets work with fraught documents Whether it s the legal paperwork detailing the murder of 132 African captives state transcriptions of the last words of death row inmates or testimony from miners and rescue workers about a fatal mine disaster author Michael Leong reveals that much of the power of contemporary poetry rests in its potential to select adapt evaluate and extend public documentation Examining the use of documents in the works of Kenneth Goldsmith Vanessa Place Amiri Baraka Claudia Rankine M NourbeSe Philip and others Leong reveals how official records can evoke a wide range of emotions from hatred to veneration from indifference to empathy from desire to disgust He looks at techniques such as collage plagiarism re reporting and textual outsourcing and evaluates some of the most loved and reviled contemporary North American poems Ultimately Leong finds that if bureaucracy and documentation have the power to police and traumatize through the exercise of state power then so too can document based poetry function as an unofficial counterhegemonic and popular practice that authenticates marginalized experiences at the fringes of our cultural memory **Developing Practical Nursing Skills** Lesley

Baillie,2014-01-27 Developing Practical Nursing Skills Fourth Edition helps you learn and perfect the practical skills required to become a qualified nurse Patient focussed and adopting a caring approach this essential text will also help you to integrate nursing values alongside physical skills in your daily practice Key features include Full colour text de How the Army Runs: A Senior Leader Reference Handbook, 2017-2018 (31st Edition) U.S. Army War College,2018-11-19 This text explains and synthesizes the functioning and relationships of numerous Defense Joint and Army organizations systems and processes involved in the development and sustainment of trained and ready forces for the Combatant Commanders It is designed to be used by the faculty and students at the U S Army War College as well as other training and educational institutions as they improve their knowledge and understanding of How the Army Runs We are proud of the value that senior commanders and staffs place in this text and are pleased to continue to provide this reference The Birds at My Table Darryl

Jones,2018-03-15 Darryl Jones is fascinated by bird feeders Not the containers supplying food to our winged friends but the people who fill the containers Why do people do this Jones asks in The Birds at My Table Does the food even benefit the birds What are the unintended consequences of providing additional food to our winged friends Jones takes us on a wild flight through the history of bird feeding He pinpoints the highs and lows of the practice And he ponders this odd but seriously popular form of interaction between humans and wild animals Most important he points out that we know very little about the impact of feeding birds despite millions of people doing it every day Unerringly Jones digs at the deeper issues and

questions and he raises our awareness of the things we don't yet know and why we really should. Using the latest scientific findings *The Birds at My Table* takes a global swoop from 30 000 feet down to the backyard bird feeder and pushes our understanding of the many aspects of bird feeding back up to new heights.
