Starting A Business Selling Used Clothing On Ebay:

Pre-Owned Clothing Business Startup Marian Robinson, 2020-05-10 I bet you don't even know the goldmine that's in your closet. My grandmother had the best fashion sense for her era. She was always seen dressed to the nines, pearls in tow and heels galore. She would never leave the house without her trusty shoulder-pinned sweater. She kept every part of her appearance in check as she visited the salon with a weekly standing appointment. Lipstick was a must. I inherited her fashionista trait. My Gran, as I called her, was a fashionista to the max. When she passed away, I found myself inheriting her vast walk-in closet collection of savvy vintage clothing. I wasn't quite sure what to do with all of it. I kept the pieces that meant the most to me and began to sell the rest. To my surprise, the demand for vintage clothing in great condition or renewed/upcycled pieces is immense, widespread, and appeals to men and women of all ages. My business was born, and it thrived. In my book, I will show you exactly how to go about starting and running your own pre-loved clothing business. You gain not only the monetary benefits of selling a high-demand product, but you will also be saving the world's landfills from unnecessary waste. In 2012 alone, an estimated 14.3 million tons of textiles were discarded to the landfill, as reported by the Environmental Protection Agency, an alarming number for something seemingly harmless as discarding old clothes. Why toss clothing that has good life still left in it? There are so many ways you can succeed with your secondhand clothing shop, but the best thing you can do and the most valuable experience you can get is to go out and actually do it. Experience is always the best teacher. Until you get out and start selling, you will never be able to grasp everything fully that running a used clothing shop entails. Of course, the most important thing you can do is to be prepared for it, just so you know you're setting yourself up for success. You will have the tools you need in this book to start making good money by selling old clothes. You will learn about crafting a plan for your business, finding who your customer will be, where to place your brick-and-mortar store, should you go that route, creating a solid marketing plan, budgeting and costs, how to conduct market research, building your inventory, and where to source products. Upcycled hacks to increase the life of your products. Advice for online marketplaces such as ThredUP, Poshmark, eBay, Depop, Facebook Marketplace, Tradesy, Vinted, Instagram, Craigslist, Mercari, LePrix, The Real Real, Grailed, VarageSale, Etsy, Shopify, and Amazon FBA. How to set up a physical brick-and-mortar store. Branding and logo design. Inventory management techniques. Marketing strategies, direct and online. How to set your prices. Finally, how I grew my business with advice about running a physical and online sales hybrid. You will gain a much deeper understanding of how to start, run, and grow your own secondhand clothing business. Click Add to Cart now. You won't regret it. I wish I had this book when I first started my business. I also absolutely LOVE the variety of marketplaces available since I started my business. These choices can be difficult to navigate, and my book will guide you. For a limited time, when you purchase the paperback book on Amazon, you can download the Kindle version for FREE as my gift to you for your continued success. **The Complete Idiot's Guide to Starting an Ebay Business, 2nd Edition** Barbara Weltman, Malcolm Katt, 2008-02-05 The
