Vision Of Love Infinity English Edition:

A Vision of Love Melanie Catley, 1985 Love Seeking Understanding Michael Altenburger, Jacob W. Wood, 2024-06 As Catholic theology emerged from the crisis of modernity theologians turned to both patristic and medieval sources to recover lost wisdom from the theological tradition and adapt it to the challenges of an age that separated reason from faith the practice of theology from the spiritual life In time Thomas Aquinas and Hans Urs von Balthasar became the patrons of two very different approaches to this challenge St Thomas Aquinas offering contemporary theologians an approach rooted in the patristic medieval Latin synthesis of Augustine and Aristotle that also draws on the East and von Balthasar offering contemporary theologians a patristic modern approach rooted in the Eastern theological synthesis of Maximus the Confessor and Erich Przywara that also draws on the West Although Aquinas and Balthasar together with their contemporary followers sought to unite reason and faith theology and prayer contemporary Thomists and Balthasarians have tended to diverge widely from one another often with a polemical spirit How should one understand the theological genius of St Thomas Aquinas and Hans Urs von Balthasar today How can two of the greatest theologians in the Catholic tradition be brought together in more fruitful and peaceful dialogue This edited volume comprises contributions from a range of scholars who elucidate the depth and breadth of two of the most prominent figures of the Catholic tradition today A scholar from each school of thought contributes an essay on a particular theme Metaphysics Trinity Revelation Christology Anthropology Evil and Eschatology By presenting the two essays side by side this volume provides the contemporary reader with an opportunity to better engage both thinkers and understand disagreements and areas for constructive movement forward The tone of the volume is intentionally irenic seeking points of constructive dialogue and opening new pathways to the renewal of sapiential theology through a fruitful synthesis of Thomistic and Balthasarian thought **A Metaphysics of Love** George Pattison, 2021 As the third part of a philosophy of Christian life *A Metaphysics of Love* builds on a view of Christian life as shaped by the dynamic of call response and promise It argues that love is the ultimate content of this dynamic and considers how far this claim extends Taking its bearings from Dante's vision of divine love as the power that moves the sun and other stars this study explores the requirement that love is both human and cosmic uniting being and beings Cognizant of much recent philosophy's desire to overcome or move beyond a metaphysics of being it examines some of the formal structures that make love possible including language time social being forgiveness and ultimacy Following on from the earlier volumes extensive use is made of the idea of the poetic as the eminent mode of Christian witness contextualized within the prose of everyday life Heidegger provides fundamental philosophical orientation whilst key features of love are brought to the fore through dialogue with Kierkegaard Dante and Dostoevsky are frequent points of reference in addition to a range of literary and religious sources including the Scottish poet Edwin Muir Leading scholar George Pattison concludes that the phenomenon of love requires us to articulate a metaphysics that involves both being and nothingness thereby taking a critical

position vis vis both classical theism and existential atheism *Fluid Gender, Fluid Love* Deirdre Byrne, Wernmei Yong Ade, 2018-10-16 Gender and love are so intimately interconnected that it sometimes seems as though they bring each other into being But their relationship is shifting as human society develops new understandings of identity gender and the self The chapters in this volume explore the convoluted and ever changing nature of love gender and identity from a variety of disciplines and perspectives bearing testimony to the perennial appeal of this field of inquiry There are chapters on the historical constructions of love and gender the philosophical aspects the faultlines in twenty first century heteronormativity and the challenges of love from and within the margins Gender and love are interdisciplinary and this volume will appeal to scholars from all disciplinary protocols **The Luminous Vision** Anne Bancroft, 2025-05-08 Mystical understanding transfigured Christianity in the Middle Ages and led to some of its most sublime prose and poetry Originally published in 1982 this was the first book of its kind to bring together some of the medieval mystics and to relate the depths of their understanding to modern life and to world views The author a writer and broadcaster on modern mystics and on the mystical aspects of eastern religions particularly Zen has interpreted each of these very different medieval mystics afresh

Power, Love and Evil Wayne Cristaudo, 2008-01-01 Love and evil are real they are substances of force fields which contain us as constituent parts Of all the powers of life they are the two most pregnant with meaning hence the most generative of what is specifically human Love and evil stand in the closest relationship to each other evil is both what destroys love and what forces more love out of us it is as Augustine astutely grasped privative requiring something to negate but it is also born out of misdirected love Breaking with na ve realist and post modern dogmas about the nature of the real this book provides the basis for a philosophy of generative action as it draws upon examples from philosophy literature religion and popular culture While this book has a sympathetic ear for ancient and traditional narratives about the meaning of life it offers a philosophy appropriate for our times and our crises It is particularly directed at readers who are seeking for new ways to think about our world and self making and who are as dissatisfied with post Nietzschean and post Marxian 20th century social theory as they are by more traditional philosophical and naturalistic accounts of human being

Thinking About Love Diane Enns, Antonio Calcagno, 2015-11-10 Does love command an ineffability that remains inaccessible to the philosopher Thinking About Love considers the nature and experience of love through the writing of well known Continental philosophers such as Hannah Arendt Simone de Beauvoir Jacques Derrida and Maurice Merleau Ponty Evolving forms of social organization rapid developments in the field of psychology and novel variations on relationships demand new approaches to and ways of talking about love Rather than offering prescriptive claims this volume explores how one might think about the concept philosophically without attempting to resolve or alleviate its ambiguities paradoxes and limitations The essays focus on the contradictions and limits of love manifested in such phenomena as trust abuse grief death violence politics and desire An erudite examination of the many facets of love this book fills a lacuna in the philosophy of this richly complicated topic Along with the editors the contributors are Sophie Bourgault John Caruana Christina M Gschwandtner Marguerite La Caze Alphonso Lingis Christian Lotz Todd May Dawne McCance Dorothea Olkowski Felix Murchadha Fiona

Utleigh and Melanie Walton *The Form of Love* James Kuzner, 2021-08-03 Can poetry articulate something about love that philosophy cannot *The Form of Love* argues that it can In close readings of seven metaphysical poems the book shows how poets of the early modern period and beyond use poetic form to turn philosophy to other ends in order not to represent the truth about love but to create a virtual experience of love in all its guises *The Form of Love* shows how verse creates love that can't exist without poetry's specific affordances and how poems can in their impossibility prompt love's radical reimagining Like the philosophies on which they draw metaphysical poems imagine love as an intense form of non-sovereignty of giving up control They even imagine love as a liberating bondage to a friend a beloved a saint a God or a garden Yet these poems create strange striking versions of such love made in rather than through the devices structures and forces where love appears Tracing how poems think Kuzner argues requires an intimate form of reading close even too close attention to and thinking with the text Showing how poetry thinks of love otherwise than other fields the book reveals how poetry and philosophy can nevertheless enter into a relation that is itself like love *An Anthology of the Cambridge Platonists* Douglas Hedley, Christian Hengstmann, 2023-09-08 Notwithstanding their neglect in many histories of ideas in the West the Cambridge Platonists constitute the most significant and influential group of thinkers in the Platonic tradition between the Florentine Renaissance and the Romantic Age This anthology offers readers a unique thematically structured compendium of their key texts along with an extensive introduction and a detailed account of their legacy The volume draws upon a resurgence of interest in thinkers such as Benjamin Whichcote 1609 1683 Ralph Cudworth 1618 1688 Henry More 1614 1687 John Smith 1618 1652 and Anne Conway 1631 1679 and includes hitherto neglected extracts and some works of less familiar authors within the group like George Rust 1627 1670 Joseph Glanvill 1636 1680 and John Norris 1657 1712 It also highlights the Cambridge Platonists' important role in the history of philosophy and theology influencing luminaries such as Shaftesbury Berkeley Leibniz Joseph de Maistre S T Coleridge and W R Emerson *An Anthology of the Cambridge Platonists* is an indispensable guide to the serious study of a pivotal group of Western metaphysicians and is of great value for both students and scholars of philosophy literature history and theology Key Features The only systematic anthology to the Cambridge Platonists available facilitating quick comprehension of key themes and ideas Uses new translations of the Latin works vastly improving upon faulty and misleading earlier translations Offers a wide range of new perspective on the Cambridge Platonists showing the extent of their influence in early modern philosophy and beyond *Fire of Love* Jean-Marie de la Trinite, 2001-06 *Fire of Love* is the song of songs of the soul's ascent to God and mystical transformation into God It is the universal story of human emergence into Divine Consciousness seen through the eyes of Curtis Lowe a contemporary mystic who happens to be gay *The Divine Comedy of Dante Alighieri, and the New Life; Ed. with Introduction and Revised and Additional Notes by L. Oscar Kuhns* Dante Alighieri, 1925 ***Teresa, My Love*** Julia Kristeva, 2014-11-25 Mixing fiction history psychoanalysis and personal fantasy *Teresa My Love* turns a past world into a

modern marvel following Sylvia Leclercq a French psychoanalyst academic and incurable insomniac as she falls for the sixteenth century Saint Teresa of Avila and becomes consumed with charting her life Traveling to Spain Leclercq Julia Kristeva s probing alter ego visits the sites and embodiments of the famous mystic and awakens to her own desire for faith connection and rebellion One of Kristeva s most passionate and transporting works Teresa My Love interchanges biography autobiography analysis dramatic dialogue musical scores and images of paintings and sculpture to engage the reader in Leclercq s and Kristeva s journey Born in 1515 Teresa of Avila outwitted the Spanish Inquisition and was a key reformer of the Carmelite Order Her experience of ecstasy which she intimately described in her writings released her from her body and led to a complete realization of her consciousness a state Kristeva explores in relation to present day political failures religious fundamentalism and cultural malaise Incorporating notes from her own psychoanalytic practice as well as literary and philosophical references Kristeva builds a fascinating dual diagnosis of contemporary society and the individual psyche while sharing unprecedented insights into her own character
