Visual Thinking Strategies For Individuals With:

Visual Thinking Strategies for Individuals with Autism Spectrum Disorders Ellyn Lucas Arwood, Carole Kaulitz, Mabel M. Brown, 2009 Visuals of all kinds photographs checklists line drawings cartoons flowcharts stick figures etc are commonly used as supports for individuals on the autism spectrum who tend to think and learn visually However not all visuals are created equal and therefore visuals don't all work equally well This companion to Learning With a Visual Brain in an Auditory World helps the reader understand how to match the developmental levels of pictures and visuals to the developmental level of the person looking at the visual In this way appropriate visuals provide the language development for children with autism spectrum disorders Drawing from their experience with children and youth for decades the authors also show how effective communication can help reduce the confusion and anxiety that often lead to behavioral outbursts Google Books Visual Thinking Strategies Philip Yenawine, 2013-10-01 2014 Outstanding Academic Title Choice What's going on in this picture With this one question and a carefully chosen work of art teachers can start their students down a path toward deeper learning and other skills now encouraged by the Common Core State Standards The Visual Thinking Strategies VTS teaching method has been successfully implemented in schools districts and cultural institutions nationwide including bilingual schools in California West Orange Public Schools in New Jersey and the San Francisco Museum of Modern Art It provides for open ended yet highly structured discussions of visual art and significantly increases students critical thinking language and literacy skills along the way Philip Yenawine former education director of New York's Museum of Modern Art and cocreator of the VTS curriculum writes engagingly about his years of experience with elementary school students in the classroom He reveals how VTS was developed and demonstrates how teachers are using art as well as poems primary documents and other visual artifacts to increase a variety of skills including writing listening and speaking across a range of subjects The book shows how VTS can be easily and effectively integrated into elementary classroom lessons in just ten hours of a school year to create learner centered environments where students at all levels are involved in rich absorbing discussions Visual Support for Children with Autism Spectrum Disorders Vera Bernard-Opitz, Anne Häussler, 2011 Combining their years of experience working with individuals on the autism spectrum the authors bring practical ideas and teaching methods for offering visual supports to students with autism spectrum disorders **Practical Solutions for Stabilizing Students with Classic Autism to be Ready to Learn** Judy Endow, 2010 This title recognizes the importance of offering stabilization strategies that afford students a better regulated body often enabling students with classic autism to increase their time in school most of them working up to full day participation **Meeting CEC's Standards for Preparing Highly Qualified Educators in Autism Spectrum Disorders**, *Your First Source for Practical Solutions for ASD*, Connecting Visual Literacy to Theory Ricardo Lopez-Leon, Dana Statton Thompson, 2024-07-12 This volume seeks to close the gap between education systems across the world that remain systematically devoted to understanding our world

through text rather than images Through an exploration of the contributions of well and lesser known visual thinkers from across disciplines and geographies the contributors offer contemporary appraisals and modern re conceptualizations of the subject The book illuminates how experts from various disciplines ranging from art communication education and philosophy laid the foundations for what we know today as visual literacy These foundations and innovative ways of thinking and understanding images have been disruptive but until now have been relatively understudied As such the chapters examine the context of individual thinkers expanding upon famous theories and providing new insight into why these visual and cognitive processes are imperative to learning and education and to disciplines spanning art history museum studies philosophy photography and more The authors all members of the International Visual Literacy Association IVLA are committed to advancing the study of visual literacy by raising new questions and proposing new routes of inquiry A unique and timely exploration of the way we derive meaning from what we see and how we interact with our visual environment it will appeal to researchers scholars and educators from a range of interdisciplinary backgrounds across art art education art history design information science photography and visual communication

Evidence-Based Education in the Classroom
Jennifer Friberg, Colleen Visconti, Sarah Ginsberg, 2024-06-01 Evidence Based Education in the Classroom Examples From Clinical Disciplines shows educators how to use evidence to inform teaching practices and improve educational outcomes for students in clinically based fields of study Editors and speech language pathologists Drs Jennifer C Friberg Colleen F Visconti and Sarah M Ginsberg collaborated with a team of more than 65 expert contributors to share examples of how they have used evidence to inform their course design and delivery Each chapter is set up as a case study that includes A description of the teaching learning context focused on in the chapter A brief review of original data or extant literature being applied A description of how evidence was applied in the teaching learning context Additional ideas for how evidence could be applied in other teaching learning contexts across clinical disciplines Additional resources related to the pedagogy described in the case study e g journal articles books blogs websites Educators in the fields of speech language pathology audiology nursing social work sports medicine medicine dietetics dental assisting physician assisting radiology technology psychology and kinesiology already familiar with evidence based practice will find this resource helpful in implementing evidence informed approaches to their teaching While the content in clinical programs is quite different there are many similarities in how to teach students across such programs Evidence Based Education in the Classroom Examples From Clinical Disciplines highlights these similarities and represents a masterclass in how to practice evidence based education

Art Education as a Radical Act Sara Torres-Vega, Wendy Woon, 2024-05-20 This comprehensive volume highlights and centers untold histories of education at the Museum of Modern Art MoMA from 1937 to 2020 using the critical voices of artists scholars designers and educators Exploring these histories as transformative and paradigm shifting in museum education it elevates MoMA educators as vocal advocates for harnessing the educational power that museums inherently possess Divided into three

interlinked parts the first sheds light on the early educational endeavors of the museum while analyzing the context of art education in the United States The second part focuses on the tenures of Victor D Amico and Betty Blayton utilizing the MoMA archives as a primary resource It includes essays by Ellen Winner Luis Camnitzer Susan E Cahan Michelle Millar Fisher HECTOR Jae Shin Damon Rich Gregory Sholette Carol Duncan Moreen Maser Nana Adusei Poku Carmen M rsch Rika Burnham Donna M Jones and Jos Ortiz The third part presents the perspectives of William Burback Philip Yenawine Patterson Sims Deborah F Schwartz and Wendy Woon as former MoMA Directors of Education in their own words and considers the forces that shaped their work This timely and unique exploration ultimately aims to trace and understand the fundamental and evolving concerns of a seemingly underexamined profession constantly striving to maintain relevance in an environment marked by institutional social and political uncertainty Exploring the radical acts undertaken to keep the museum true to its original promise it delineates the paradox whereby education is both central and invisible to the identity of MoMA and museums more broadly and re centers the conception of the museum as an educational institution It is designed for scholars researchers and post graduate students interested in arts education visual literacy museum studies and communication studies

Reading Picture Books with Children Megan Dowd Lambert, 2015-11-03 A new interactive approach to storytime The Whole Book Approach was developed in conjunction with the Eric Carle Museum of Picture Book Art and expert author Megan Dowd Lambert s graduate work in children s literature at Simmons College offering a practical guide for reshaping storytime and getting kids to think with their eyes Traditional storytime often offers a passive experience for kids but the Whole Book approach asks the youngest of readers to ponder all aspects of a picture book and to use their critical thinking skills Using classic examples Megan asks kids to think about why the trim size of Ludwig Bemelman s Madeline is so generous or why the typeset in David Wiesner s Caldecott winner The Three Pigs appears to twist around the page or why books like Chris Van Allsburg s The Polar Express and Eric Carle s The Very Hungry Caterpillar are printed landscape instead of portrait The dynamic discussions that result from this shared reading style range from the profound to the hilarious and will inspire adults to make children s responses to text art and design an essential part of storytime
