Rapid Application Development (RAD) Solution for Personalization of Print, Web, and E-mail Content

Visual CompuSet Professional Edition™ (VC Pro) offers a Rapid Application Development (RAD) environment to design customized, full color data-intensive documents. From a visual interface for document design, a single source application may be deployed in both print and electronic formats to create dynamic, on-demand, personalized content. Using either a design layout view or object-oriented, tree-directed model, users can apply business rules to document elements to create variable, high quality content without writing code.
