Handbook of Research on Maximizing Cognitive Learning through Knowledge Visualization Ursyn, Anna,2015-02-28 The representation of abstract data and ideas can be a difficult and tedious task to handle when learning new concepts however the advances of

emerging technology have allowed for new methods of representing such conceptual data The Handbook of Research on Maximizing Cognitive Learning through Knowledge Visualization focuses on the use of visualization technologies to assist in the process of better comprehending scientific concepts data and applications Highlighting the utilization of visual power and the roles of sensory perceptions computer graphics animation and digital storytelling this book is an essential reference source for instructors engineers programmers and software developers interested in the exchange of information through the visual depiction of data *Cambridge IGCSE® Computer Science Programming Book* Richard Morgan,2015-08-06 This resource is written to follow the updated Cambridge IGCSE Computer Science syllabus 0478 with examination from June and November 2016 *ASP.NET MVC 4 Recipes* John Ciliberti,2013-04-01 ASP NET MVC 4 Recipes is a practical guide for developers creating modern web applications cutting through the complexities of ASP NET jQuery Knockout js and HTML 5 to provide straightforward solutions to common web development problems using proven methods based on best practices The problem solution approach gets you in out and back to work quickly while deepening your understanding of the underlying platform and how to develop with it Author John Ciliberti guides you through the framework and development tools presenting typical challenges along with code solutions and clear concise explanations to accelerate application development Inside you will find recipes dealing with streamlined syntax full control over HTML a simple API for creating RESTful web services writing support for test driven development and more Solve problems immediately by pasting in code from the recipes or put multiple recipe solutions together to overcome challenging development obstacles Dive head first into ASP NET MVC web development with ASP NET MVC 4 Recipes **Pro LINQ** Joseph Rattz,Adam Freeman,2010-12-28 LINQ is the part of the NET Framework that provides a generic approach to querying data from different data sources It has quickly become the next must have skill for NET developers Pro LINQ Language Integrated Query in C 2010 is all about code Literally this book starts with code and ends with code Most books show the simplest examples of how to use a method but they so rarely show how to use the more complex prototypes This book is different Demonstrating the overwhelming majority of LINQ operators and prototypes it is a veritable treasury of LINQ examples Rather than obscure the relevant LINQ principles in code examples by focusing on a demonstration application you have no interest in writing this book cuts right to the chase of each LINQ operator method or class However where complexity is necessary to truly demonstrate an issue the examples are right there in the thick of it For example code samples demonstrating how to handle concurrency conflicts actually create concurrency conflicts so you can step through the code and see them unfold Face it most technical books while informative are dull LINQ need not be dull Written with a sense of humor this book will attempt to entertain you on your journey through the wonderland of LINQ and C 2010 *Beginning DotNetNuke Skinning and Design* Andrew Hay,Shaun Walker,2011-04-06 DotNetNuke is an open source framework built on top of the ASP Net platform While this system offers an impressive set of out of the box features for public and private sites it also includes a compelling story for

folks who want to present a unique look and feel to visitors The skinning engine inside of DotNetNuke has strengthened over the course of several years and hundreds of thousands of registered users The success of its skin and module developer community is another key indicator of the depth and breadth of this technology The Core Team responsible for the DotNetNuke brand has gone to great lengths to enable a predictable and positive experience for both the visitors of the site and the developers who build them Note CD ROM DVD and other supplementary materials are not included as part of eBook file
