Sunday School Manual Rccg 2013:

Spirit and Power Donald E. Miller, Kimon H. Sargeant, Richard Flory, 2013-08-15 An exploration of the global growth and social and political impact of Pentecostalism **Nigerian Pentecostalism and Development** Richard Burgess, 2020-04-06 This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region

Christianity and Controversies over Homosexuality in Contemporary Africa Ezra Chitando, Adriaan van Klinken, 2016-05-12 Issues of homosexuality are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them Complementing the companion volume Public Religion and the Politics of Homosexuality in Africa this book investigates Christian politics and discourses on homosexuality in sub Saharan Africa The contributors present case studies from various African countries from Nigeria to South Africa and from Cameroon to Uganda focusing on Pentecostal Catholic and mainline Protestant churches They critically examine popular Christian theologies that perpetuate homophobia and discrimination but they also discuss contestations of such discourses and emerging alternative Christian perspectives that contribute to the recognition of sexual diversity social justice and human rights in contemporary Africa **Global Religious Movements Across Borders** Stephen M. Cherry, Helen Rose Ebaugh, 2016-04-22 From global missionizing among proselytic faiths to mass migration through religious diasporas religion

has traveled from one side of the world and back again It continues to play a prominent role in shaping world politics and has been a vital force in the continued emergence spread and creation of a transnational civil society Exploring how religious roots are shaping organizations that seek to aid people across political and geographic boundaries service movements this book focuses on how religious movements establish structures to assist people with basic human needs such as food clothing shelter education and health Examining a multitude of faith traditions with origins in different parts of the world seven contributing chapters with an introduction and conclusions by the senior author offer a unique discussion of the intersections between religious transnationalism and social movements

Les Églises d'initiative africaine Hannes Wiher,2019-12-31

La littérature sur le thème des églises d'initiative africaine est très abondante en anglais mais ce thème n'est pas encore un sujet de réflexion très abordé et approfondi dans le monde francophone Il suscite souvent des réactions stéréotypées et négatives qui contrastent

avec l'appréciation positive des membres et des promoteurs des glises d'initiative africaine. Comment faut-il donc voir ce mouvement d'envergure croissante ? Cet ouvrage donne la parole la fois aux membres et missiologues issus des glises d'initiative africaine et aux voix extérieures pour présenter ce phénomène en faisant une description puis une valuation de la contextualisation faite par ces glises et mouvements. Ce deuxième texte en français sur les glises d'initiative africaine rédigé dans une perspective vangelique est le fruit d'un travail collectif des doctorants en missiologie de la Faculté de théologie vangelique de Bangui au Cameroun, largi quelques missiologues du Réseau vangelique de missiologues pour la francophonie. Il intéressera tous ceux qui désirent mieux connaître les glises d'initiative africaine.
