Supreme Court Justices Unrobed:

Supreme Court Justices Unrobed Alfred Destro, 2014-10-28 How can we the people be expected to read and understand the meaning of the text of the U S Constitution when very experienced and intelligent Supreme Court justices cannot reach an agreement on the meaning of the text of the U S Constitution most of the time Approximately 20% of the court's decisions are 5 to 4 decisions It is time to amend the Constitution so the meaning of text is clearly understood by we the people The five majority conservative justices Roberts Scalia Kennedy Thomas and Alito have abused their power and perverted the Constitution by making unconstitutional decisions It is time to strip the Supreme Court of its POWER OF JUDICIAL REVIEW that give 5 unelected justices the POWER to overrule acts of the President and legislation passed by 535 members of Congress Sir John Acton Power tends to corrupt and absolute power corrupts absolutely Disrobed Mark W. Smith, 2006-06-13 ATTENTION CONSERVATIVES Forget everything you think you know about the courts and arm yourselves with this brand new urgently needed battle plan to defeat the Left's legal assault on America How to Bring the Reagan Revolution to America's Courts FINALLY With the Harriet Miers fiasco a distant memory and John Roberts and Samuel Alito sitting on the Supreme Court conservatives can finally stop worrying about the courts right Wrong Dead wrong America's courts legal culture and law schools remain solidly in the Left's camp Decades of liberal legal precedents fill volumes of law tomes Absent a sweeping change precisely what bestselling author Mark W Smith calls for in Disrobed liberals will ruthlessly exploit their dominant position in the law to continue advancing their radical agenda as they have for the past seventy years Smith a nationally recognized attorney lays out an aggressive new battle plan to thwart the liberal assault on America by turning the courts into allies of the conservative movement Be warned Disrobed is not for the fainthearted Smith implores conservatives Toss out practically everything you think you know about courts judges and American law because it's naive anachronistic and self defeating Fearlessly challenging the conventional conservative wisdom Disrobed reveals Why conservatives must immediately embrace not decry judicial activism A bold new model for finding strong conservative judges behold the Judicial Reagan Why litmus tests so often vilified represent the only way to pick reliable conservative judges How to get sitting judges to evolve finally to the right How the Right can sue more to advance the conservative agenda on guns taxes immigration the right to life you name it How conservatives can turn liberals favorite court rulings against them The hard truth that who wins in the courts often depends more on politics and ideology than on the rule of law Smith reminds us that courts judges and lawyers need not be enemies of the Right and can even serve as valuable allies in the war against liberalism But as his groundbreaking book shows conservatives must force this change by taking swift action Disrobed issues a call to arms to all conservatives revealing that the courts are far too important to be left to the devices of academics lawyers and politicians Conservatives Smith writes must accept and adapt our strategies to the reality of the modern law even when the truth is uncomfortable Otherwise the conservative political agenda and the American way of life will keep

Marshall,2022-04-29 The United States Supreme Court is commonly thought to be an institution far removed from American public opinion Yet nearly two thirds of modern Supreme Court decisions reflect popular attitudes Comparing over 500 Supreme Court decisions with timely nationwide poll questions since the mid 1930s Thomas R Marshall shows that most Supreme Court decisions agree with poll majorities or pluralities across time and across issues and often represent Americans views to the same degree as federal policymakers This book looks beyond the litigants economic interests social movements organized interest groups or units of governments typically involved and instead examines how well the Court or the justices represent Americans views Using nationwide public opinion broken down by key subgroups race gender education and party affiliation better describes exactly whom Supreme Court decisions and the justices individual votes best represent His book will be of interest to scholars in political science legal studies history and sociology *Pack the Court!* Stephen M. Feldman,2021-08-13 Challenges the argument that court packing will politicize the Court and undermine its institutional legitimacy arguing that the law politics dichotomy is a myth because politics always has and always will influence Supreme Court decision making *European Labour Courts* European Labour Court Judges. Constitutional Courts, Media and Public Opinion Angioletta Sperti, 2023-11-16 This book explores how constitutional courts have transformed communication and overcome their reluctance to engage in direct dialogue with citizens How has the information revolution affected the relationship of constitutional courts with the public and the media The book looks in detail at the communication strategies of the US Supreme Court the Supreme Court of Canada and in Europe the German Federal Constitutional Tribunal the French Conseil Constitutionnel and the Italian Constitutional Court arguing that when it comes to the relationship between courts and the media different jurisdictions share many similarities It focuses on the consequences of the communication revolution of courts both in terms of their relationship with public opinion and of the legitimacy of judicial

review of legislation Some constitutional courts have attracted criticism by engaging in proactive communication and therefore arguably yielding to the temptation of public support The book argues that objections to the developing institutional communications employed by courts come from a preconceived notion of public opinion It considers the burden the communication revolution has placed on constitutional courts to achieve a balance between transparency and seclusion proximity and distance from public opinion It puts forward important arguments for how this balance can be achieved The book will interest scholars in constitutional law and public comparative law sociologists historians political scientists and scholars of media law and communication studies
