Newton,2021-02-15 World Oceans A Reference Handbook offers an in depth discussion of the world s oceans It discusses the marine life that is dependent on the sea as well as the problems threatening the health of the ocean and its wildlife World Oceans A Reference Handbook opens with an overview of the history of human knowledge and understanding of the oceans and cryosphere along with related scientific technological social political and other factors The second chapter presents and discusses about a dozen major problems facing the Earth s oceans today along with possible solutions The third chapter provides interested individuals with an opportunity to express their thoughts and ideas on today s ocean issues and remaining chapters provide additional resources such as a bibliography a chronology and a glossary to assist the reader in her or his further study of the issue Where most books for young adults learning about world oceans take a purely expository treatment this book provides readers with additional information as well as resources allowing them to learn more and inform further study of the subject

Diving Up the Human Past Bruno E. J. S. Werz,1999 In the present work an effort is made to combine the traditionally separate fields of maritime historical and archaeological studies The research specialisation of maritime archaeology is still rather underdeveloped and so few efforts have been undertaken to explore more general theoretical issues pertaining to it To rectify this deficiency this book indicates and explores some of these issues Different types of archaeological sites and artefactual material contained therein can be used to study and explain various aspects of people s past relations to the sea but can only partly reflect people s past behaviour actions motivations achievements and sentiments For this reason it is essential to study other non material sources in conjunction The case studies examined in this volume show that historical texts form the most important and diverse sources of this nature and should be used wherever possible to reveal and explain the complexity of past human existence *BAR International Series* ,1978 **Popular Mechanics** ,2000-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle **Gard news** ,2002 Congressional Record United States.
