blurring of gender boundaries *Radical Social Change in the United States* Joanna Swanger, 2016-11-09 This book tackles the question of why the United States is so resistant to radical change towards economic justice and peace Taking full stock of the despair that launched the popular support for Bernie Sanders and Donald Trump Swanger historicizes the political paralysis of post 1974 United States that deepened already severe economic inequalities asking how the terrain for social movements in the early twenty first century US differs from that of the 1960s This terrain is marked by the entrenchment of neoliberalism anti intellectualism and difficulties paradoxically posed by the ease of social media Activists now must contend with a paralyzing post factual moment Alain Badiou's thought informs this book on breaking through contemporary political paralysis

From Sin to Amazing Grace Patrick S. Cheng, 2012-03-01 Throughout the history of Christianity lesbian gay bisexual and transgender LGBT or queer people have been condemned as unrepentant sinners who are in dire need of God's saving grace As a result of this condemnation LGBT people have been subjected to great spiritual emotional and physical abuse and violence This issue takes on a particular urgency in light of the ongoing harassment and bullying of LGBT young people by their classmates Cheng argues that people need to be liberated from the traditional legal model of thinking about sin and grace as a violation of divine and natural laws in which grace is understood as the strength to refrain from violating such laws Rather Cheng proposes a Christological model based upon the theologies of Irenaeus Bonaventure and Barth in which sin and grace are defined in terms of what God has done for us in Jesus Christ This book serves as a useful resource for all people who struggle to make sense of the traditional Christian doctrines of sin and grace in the context of the 21st century
