Quilting Lessons from a Parallel Universe

LISA BOYER

The 9 Principles of Dorky Quiltmaking:

- 1 Pretty fabric is not acceptable. Go right back to the quilt shop and exchange it for something you feel sorry for.
- 2 Realize that patterns and templates are only someone's opinion and should be loosely translated. Personally, I've never thought much of a person who could only make a triangle with three sides.
- 3 When choosing a color plan for your quilt, keep in mind that the colors will fade after a hundred years or so. This being the case, you will need to start with really bright colors.
- 4 You should plan on cutting off about half your triangle or star points. Any more than that is showing off.
